Dear Doctor Allen:

Thanks for your explanation of the N.C.A.A. financial setup. I wasn't attempting to justify the "grab" on the basketball playoff--- I didn't have enough information to know the N.C.A.A. needs.

I am in complete agreement with you that the "take" is too great for a single event and believe I understand why--- from your explanation of the Olympics deal.

I've certainly enjoyed our correspondence on this and have profited greatly from it. I believe we agree all down the line. Thanks again for your interest in my wonderings.

Yours very truly,

Hal Middlesworth
