Dear Mr. Mons,

We were delighted to learn of your safe arrival in Chicago after your business trip to Atchison. I trust also that Mrs. Mons had a pleasant journey home.

I wanted you to know that we were delighted with the Mons's coming to Lawrence and I am sure the good wishes are exceptional in our case because Mrs. Allen and I both expressed the same thought that you people made us feel so very much at home in entertaining you. In fact, the entire Mons household pleased us most genuinely. Harriett, Elwood, and Jack were great people—so natural and so sincere. You and I just seem to have the same ideas and principals concerning things. Our philosophies of living and the thoughts we have regarding recreation and pleasure, as well as our principals of physical fitness, are coincidental.

We will let the women do their corresponding and we will do ours in our own masculine way. With every good wish I am

Sincerely yours,

Director of Physical Education and Recreation
