

Sept. 10, 1941

Mr. Harry W. Mons
Vice-president Hill-Clarke Machine Co.
649 Washington Blvd.
Chicago, Illinois

Dear Mr. Mons,

I was happy indeed to receive your two letters as of Sept. 9. I intended to write you Monday, but the stress of school opening together with so many young men coming from over the state of Kansas swamped me.

However, I did write to Mr. F. W. Lang of the Lang Arch Normalizer Co. and asked that they send you on thirty days trial one of their normalizers.

Upon receipt of your letters this morning I called Mr. William Powell, one of my good friends, of A. G. Spaulding Bros. in Kansas City. I explained to him what I desired for you. I gave him the specifications of the Bobby Jones Regulation Clubs with specifications as to weight and length. I also ordered you a dozen Krow Flight golf balls. He stated that the best way to handle this to get the wholesale price would be for him to ship the golf equipment to you in Chicago and to bill me. I could then send the invoice to you.

When these clubs arrive, if everything is not entirely satisfactory please let me know and we will make it so.

Anticipating the great pleasure that I know you will receive from your new clubs and wishing also to thank you doubly for your thoughtfulness and kindness in sending me one of those nobby Carson Piarie Scott and Co. tee shirts I am with kindness personal regards

Sincerely yours

Director of Physical Education and Recreation
Varsity Basketball Coach
