Mr Forest C Allen
Lawrence, Kans.

Dear Friend Phog:

Please accept my deepest appreciation for your endeavors on behalf of my son, Bill. I do appreciate all you have done and I am very happy over the progress you have reported in such a short time. I hope you get half as much satisfaction out of the help given as I do from the report you have made, because if you have, you are well pleased, and we are both happier.

This is only a small expression of my gratitude but I do want you to know I sincerely appreciate your efforts.

With thanks and all best personal wishes, I am,

yours very sincerely

"Happy" Martindell

P.S. I hope to see you in person Saturday.

C.M.

I

September 8, 1941.

Mrs. Leonard Maison,
Route 2,
Lyons, Kansas.

Dear Mrs. Maison:

I regret that I was unable to answer your letter any sooner. I have been out of town much of late, and since Thursday I have been definitely tied up so that I have not been to the office to answer any correspondence. Hence this late reply to your good letter.

The matriculation fee, which each student pays but once, is \$10.00 for residents of Kansas. The incidental fee is \$25.00 each semester for residents of Kansas, and the activity fee is \$7.50 the first semester and \$4.50 the second semester. There is also the health fee of \$5.00 each semester.

I told Donald that we would give him work, two hours a day at 35¢ an hour, which would amount to 70¢ a day, and the total for the month would be about \$18 or \$20. Sometimes it will run a little under and sometimes a little over, according to the hours he puts in. He can work Saturday morning if he so desires.

The faculty will not permit more than two hours work a day for a student unless they cut his 15 hours per semester down to 12 hours per semester. This would be a loss of hours and it would run the total cost of his schooling to more than if he worked two hours a day and took a full academic load. I told Donald if he preferred K.U. that we would give him a job and he can count on it.

The reason that the fees are lower here is that for every student the taxpayers pay \$242.00 besides what the student pays. Of course the fees here are the same as they are at Kansas State and the expenses are not one whit more. I have been told that some of the coaches have been telling the boys that I would not want to use Class B boys, I only take the Class A boys. Nothing is further from the truth. Bruce Voran from Pretty Prairie played on one of the best teams that we had and he was one of the best players we had. We have Otto Schnellbacher from Sublette who is here now prepared to enroll as soon as school opens. We

have had more boys from small schools than we have had from large high schools.

So you can assure Donald that we would be glad to have him and we will give him work as we promised him. The Co-op House effects a definite saving and we will welcome him here at the University. We have a fine school of Physical Education and I know that he will be pleased to be here. I assure you we will be pleased to have Donald as he has been very highly recommended by his teachers and coaches.

With all good wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

Mr. Allen.

Lyons Kans

Sept. 3-4!

Dear Sir -

I am writing you in regard to Donald Dean attending H. U. this year. He's in California & will be back by 8th Sept. if all goes well.

We wanted me to write you, so we would have a definite answer here when he comes through here, about a job to help him through school. - He prefers H. U. But he will have to have work enough to help get him through.

He can get as much work
as he will need at Manhattan
State, But if he can make
it he still would rather
go to K. U. will you ans
right back so he will
know, just what he can
do as soon as they get
back to Lyons. - He got to
work for an oil company
most of the summer, but
being only 18 yrs old they
couldnt pay as much or
work him like a man.

= 3 =

We want "Physical Ed." as
He wants to Coach as his
lifes work so far. - Could
you get any used books
we could buy? He has
several friends in the Cop.
House there. For this course
just what will his Fees &
Books for 1st sem. be?
ans as definate as possible.

Yours Resp.

Mrs. Leonard Maison

RP2

August 31, 1942.

Mrs. Joy Pratt Markham,
Hilltop Camps,
Fayetteville, Arkansas.

Dear Mrs. Markham:

In reply to your letter of the 27th instant, we do not have a member of our staff who is strictly an "instructor of equitation". Our department does supervise the teaching of equitation, but that is only a small part of the work of one teacher.

The owner of the horses actually does much of the teaching of horsemanship. One of our faculty members is present at each class meeting to check the roll and assist in the teaching whenever possible. We feel that if equitation is offered for University credit that the course should be supervised by a member of the University faculty. However, this faculty member does not give full time to this work. It is only a part of his teaching load.

Our riding ring is approximately 70 yards long by 40 yards wide.

If you have further questions I shall be happy to hear from you.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

HILLTOP CAMPS

The Ozark Mountain Camps for Boys and Girls

THE HILL WEST, FAYETTEVILLE, ARKANSAS

August 27, 1942

Dear Mr. Allen

Thank you for your letter of August 24 and the information given me.

The fee which your students pay is the same that I have charged the students here, and I have had the horses delivered to them on the campus. From there they ride out on the country roads, for the University so far has not provided a riding ring for them.

At first the students rode alone, then I sent a man with them. During the past two years the classes have grown to such an extent and there have been so many utter beginners that I have had to give a large amount of my time to them. They want instruction in horsemanship and I should like to give it to them, but it does not seem possible for me to do it without pay any longer. For the past two years I have been teaching about 30 hours each week.

In your letter of July 20 you wrote, "Our department of Physical Education supervises the teaching of equitation". I presume from that that there is an instructor of equitation who receives a salary. This is what I am trying to arrive at. Our department of physical education here, from being ignorant of the fact that equitation was taught anywhere, now elects to believe that it must be taught without pay. They are willing for me to go on teaching the classes as I have done, and for the students to receive credit for the work. In all the schools from which I have so far heard in regard to the status of the horseback instructors, all are regular members of the faculty, some giving full time to the horseback classes, some dividing their time with other work.

I shall appreciate it if you will write me just once more making this part of your arrangements clear to me. Will you also give me the dimensions of your riding ring?

70 x 40 yds.

Very sincerely yours for victory

DEPARTMENT OF PHYSICAL EDUCATION
FOR MEN

Dear Dad:

Glad to hear the news of the family. My Bab is in Washington, D.C. - has been there six months working for Agt. Max. Ad. on lend lease grain items. He finished his masters. Has married an Ag. Ames girl. she is also working in Washington. research on malaria, control. Carver & Dept. of Mental College at Iowa City this fall. Mattie & I will try to hold the farm.

Harry Parkers address is, Oakland. You can get it out of a Kansas City Dir. Kays' wife is living but as far as I know had sudden they did

had a boy, but I believe
he lived only about six
months. Ray's sister is
Mrs. H. W. Magee, 708 N.
Jefferson, Garrettsville, Mo. I
do not know the mother's
name.

Tessie
Louie

August 25, 1942.

Mr. Lewis Musick,
1907 Harriman,
Redondo Beach, California.

Dear Lewis:

I have talked to Dr. Lawrence Woodruff, the Registrar, and military coordinator here at the University, about you and Armand, and he says that you both are eligible to enlist in the Navy when you come to school. Your grades are such that this is possible.

Of course, we could send you blanks to fill out now so that you could enlist in the Navy reserve, but you would have to pay your fees, and I imagine you would rather wait until you come. If either one of you were close to the draft this would be the thing to do.

Give Armand my kindest regards, and tell him that I hope he will decide to return to the University along with you. It has been raining here and everything is green and lovely. All we need now is to have two Redondo youths decorate our campus with their personality and their presence.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH

HOMES IN THE CALIFORNIA FOOTHILLS

Dear Doc,

I received your letter about enlisting. The reason I waited so long is that I let Armand read the letter. He still hasn't given me a definite answer as to whether he is going back to school or not yet. I would like you to go ahead and try to get me \$ in (over)

the navy reserve (Armand
would like to be in it also). If
I am unable to join the navy
see about the army reserve.
Thanking you in advance
for all of your help.

Sincerely yours
Lewis
Musick

P.S. I expect to get to
Lawrence around the 5th
of September. I hope Armand
goes with me. See you
then.

August 10, 1942.

Mr. Lewis Musick,
1907 Harriman,
Redondo Beach, California.

Dear Lewis:

Thank you very much for the money order for \$37.50 which liquidates entirely the loan that I made you last fall. I thank you very much for this and I assure you that I appreciate your remittance and your promptness.

You tell Armand that we are working on a physical education set up here and if you boys are capable leaders in handling a group we can give you work at 50¢ an hour doing that rather than working in the towel room at 35¢. At any rate, I assure you that we would be glad to help both you and Armand out to the best of our ability and to the best of your ability. You can count on this work if you can make your schedule coincide.

Now, regarding your enlistment, I do not know whether you will be interested in the Army or the Navy, but an article appeared in Friday's Lawrence Journal-World, a copy of which I am enclosing. I am sending this so that you and Armand can read it and if you have not enlisted in something here's your chance to continue in school until you graduate, or at least for two more years before being called.

You show this letter to Armand and write me and I will be glad to take up your case with the registrar, Mr. Laurence Woodruff, who is our coordinator on all military and naval affairs here at the University.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH
Enc.

1907 Harriman
Redondo Beach
California, Aug. 4, 1942

Dear Doc,

Well here is the money
you loan me. Thanks a lot
for it and all the help you
gave Armand and I. Both
of us appreciated it very
much.

Say Doc I was just
talking to Armand and we
would like you to do us
a favor. We would like to
work in the towel room in
Robinson Gym between classes.
We would like to get enough
hours in to get a fairly good
check each month.

Well I guess I'll close. See
you this fall. Sincerely,
Lewis Musick

August 24, 1942.

Mrs. Joy Pratt Markham,
Hilltop Camps,
Fayetteville, Arkansas.

Dear Mrs. Markham:

I am happy to reply to your letter of August 15th in which you ask questions about the horses used for our classes in equitation.

These horses are owned by an individual not connected with the University and are kept at his own stable off the University campus. The students make arrangements with the owner of the horses for a rental fee which in the past has been 50¢ an hour, I believe. I do not know what his fee will be for the coming fall semester.

Last year the horses were brought to the campus so that the students could use the riding ring here. In previous years the owner of the horses furnished transportation to the students from the campus to his stables.

I trust I have given you the desired information.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

DIRECTOR
TELEPHONE: 373J FAYETTEVILLE

HILLTOP CAMPS

The Ozark Mountain Camps for Boys and Girls

THE HILL WEST, FAYETTEVILLE, ARKANSAS

August 15, 1942

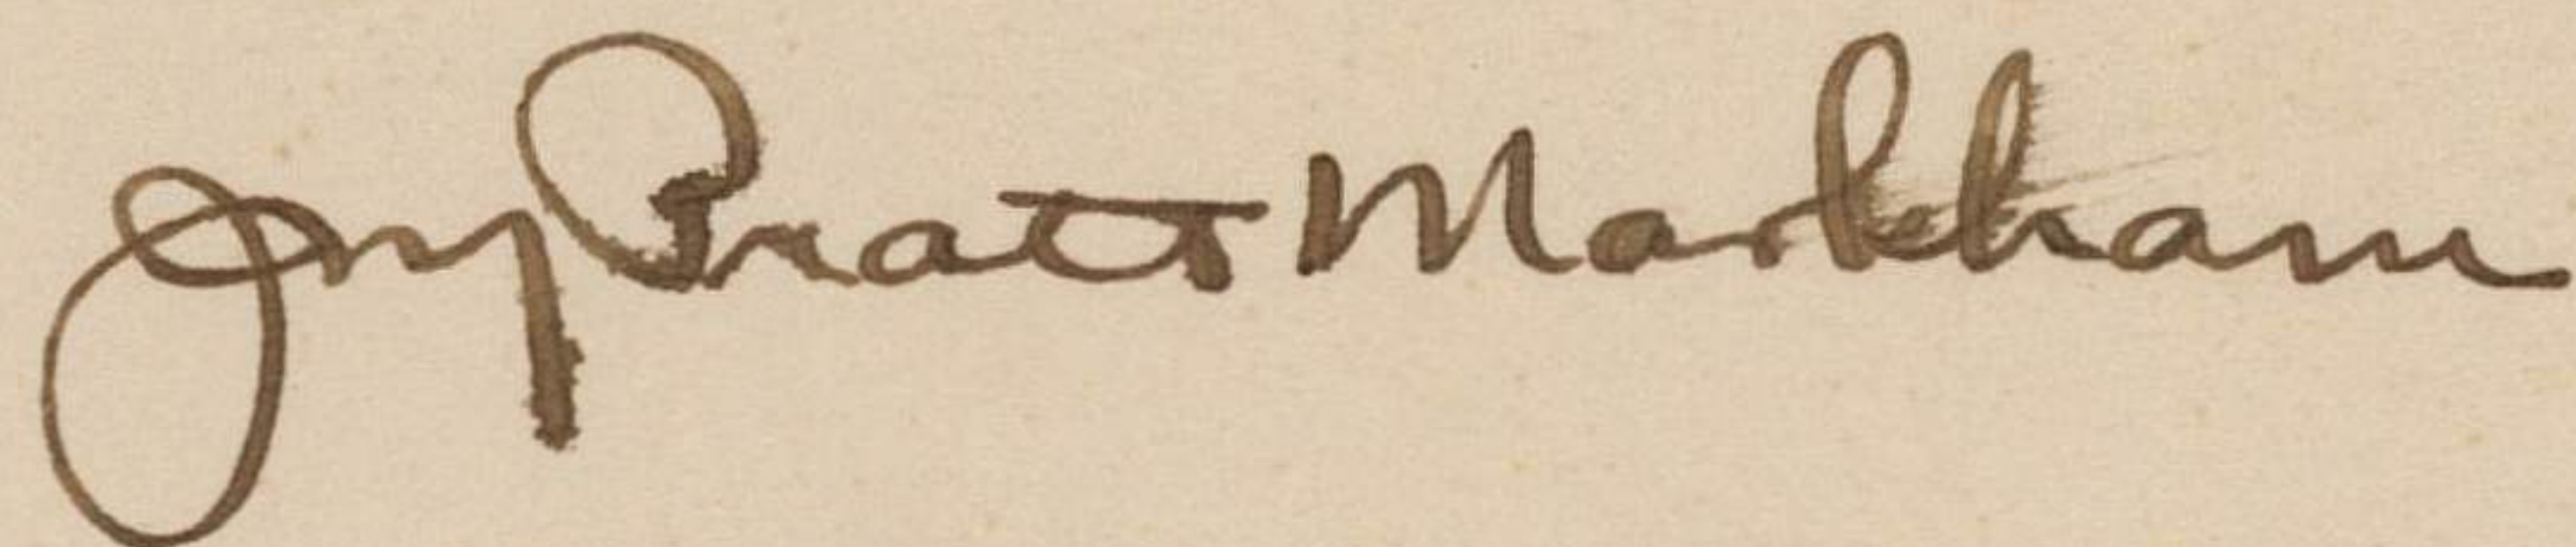

Dear Mr. Allen

Thank you for your letter of July 20 and for the catalog received soon after.

Will you please write me what arrangements are made for the horses, whether a fee is paid for the use of them by the students, and if so, how much this is? Are the horses brought to the campus for the use of the students, or are the students taken to the stables? Or are the stables on the campus? In a number of instances I have found that the latter is true. In some cases the horses are owned by the college or university; in others, the owner of the horses is given stables and pasturage for them on the campus.

Will you please write me what is the salary paid the instructor of the classes in horsemanship, and what is the average number of both men and women students taking the work each semester?

Very sincerely yours for victory

Joy Pratt Markham

July 20, 1942.

Mrs. Joy Pratt Markham,
Hilltop Camps,
Fayetteville, Arkansas.

Dear Mrs. Markham:

I am in receipt of your letter of July 11, and am asking that a copy of the University catalog be sent to you. On page 152 of the Announcement of Courses you will find a description of the courses in Equitation which are offered at the University.

Our department of Physical Education supervises the teaching of equitation, but of course we have nothing to do with the horses. The owner of the horses works under our faculty supervisor.

If you have any further questions, after looking over our catalog, I shall be pleased to hear from you again.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

HILLTOP CAMPS

The Ozark Mountain Camps for Boys and Girls

THE HILL WEST, FAYETTEVILLE, ARKANSAS

July 11, 1942

Dear Sir

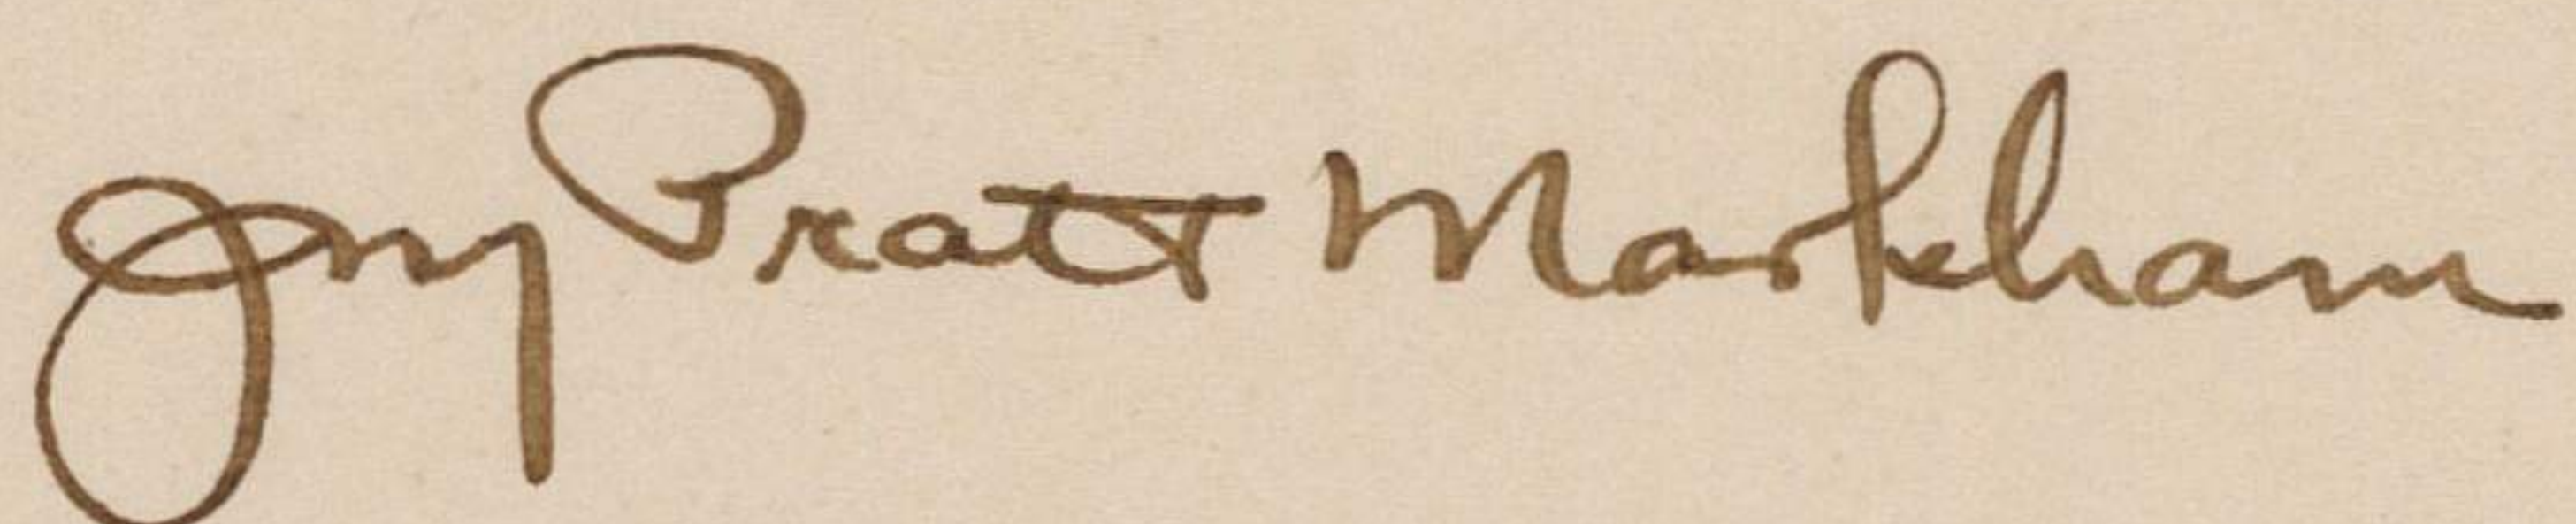

Will you kindly have the registrar of your university send me your current catalog? I do not find one in the files of the registrar of the U. of A. here. When I have looked it through I shall place it with him.

Will you also please write giving me information which may not be contained in the catalog on courses offered, if any, in horsemanship at your university? The University here is considering instituting it as a course, and has asked me to gather data on what other near schools are doing in this regard.

I find that those whose catalogs are here on file are giving prominence to it, and also have courses in horse production in their agricultural schools.

I shall be grateful to you for the help you can be to me.

Very sincerely yours for victory

Joy Pratt Markham

May 26, 1942.

Mr. Jack Matthews,
Department of Physical Education,
University of Missouri,
Columbia, Missouri.

Dear Jack:

It was indeed nice of you to write me as you did on May 23 giving me the outline of your "Missouri Toughener". I did not want to take your time or that of any of the boys because it was late after our ball game, but I did accept the courtesy of Mr. Martin, your store-room manager. He was very kind in taking time out to go over the course.

I consider your obstacle course a very fine one. I think you have incorporated all the necessary adjuncts to a splendid course. Thank you very much for writing me. Personally, I think it is fine to use it as an integral part of the intramural program, and certainly it should be used as a toughener in the required physical education program.

With kindest personal regards, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

Dr. Forrest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

I heard from our storeroom manager, Mr. Martin, of your interest in our MISSOURI TOUGHENER. I am enclosing several sketches showing the various dimensions of the obstacles. We are recommending for the high schools in our state decreasing the height of the wall to seven feet and also the height of the hurdles being lowered to two feet six inches instead of three feet six inches. We have received numerous requests from different high schools over the state concerning this toughener and a large number of high schools have constructed similar obstacle courses. Mr. Stankowski had approximately 400 men who went over the course as a part of his intramural program. Points were scored as in other intramural sports. We also used the toughener in our required physical education program and all of our freshman and sophomore men students have been over the course several times. If there is any additional information concerning the course, I will be very happy to furnish this information to you.

Sincerely yours,

Jack Matthews

UNIVERSITY OF KANSAS
Lawrence

Office of the Adviser of Women

April 17, 1942.

Professor F. C. Allen,
105 Robinson Gymnasium,
University of Kansas.

Dear Professor Allen:

Re: Athletics (1942-43)
Physical Education Program

By Friday, May 1, 1942, will you please send us a list of the dates of events that your Department is scheduling for the school year of 1942-1943. The "K Book Calendar Committee" hopes to coordinate this material so that conflicts may be avoided and a too greatly congested program prevented.

Because of the paper shortage, we are required to have the copy for the "K Book" ready for the printer not later than May 15, 1942. It may be impossible to arrange definite dates for some of the school events by that date, but we suggest that you send in a schedule of tentative dates, which may be indicated as "tentative" in the calendar of the "K Book".

This is a busy time for you, I know, and I am appreciative of your effort and cooperation in getting to us as much material as you can.

Very sincerely yours,

Elizabeth Meguar
(Miss) Elizabeth Meguar,

ECM:M

April 23, 1942.

Mr. Fred Montgomery,
Extension Division,
University of Kansas.

Dear Monty:

I think Dean Swarthout and I cooperated in your "recruiting" policy pretty well yesterday at Fort Scott. It was a good thing, because they had people from most of the other schools - Pittsburg, Kansas State, and even the Navy.

Mr. Markham was chairman of the general assembly, and they met in the auditorium. We were to be there at 10 o'clock for conferences, and we got there at 9:40. We walked into the auditorium and Mr. Markham digressed from his speech to introduce us informally, saying, "Here comes Phog Allen and Dean Swarthout". We got a big play.

I met two fine groups in conference; one group of 53 students who indicated Physical Education as their first choice, and another group of 43 students who indicated this field as their second choice. I don't know whether those whom we had in conference came to see the monkey, or were actually interested in Physical Education. Anyhow, I thought we had very profitable meetings.

We had luncheon with the entire group, which included two men from the U. S. Navy. The Navy drew the largest groups, but we ran a close second. I don't know whether it was the uniform, or the officers, but perhaps both. Mr. Gemmell of Kansas State and five of his group were there. We brought two of them back with us, and the others stayed over for other conferences.

Altogether it was a big pow-wow.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
