

March 10, 1942.

Mrs. Leonard Maison,  
Lyons, Kansas.

Dear Mrs. Maison:

This will acknowledge receipt of your letter this morning concerning Donaldean's withdrawal from school. This was the first I had known of it. I stopped at his rooming house today at noon and they told me that he had left for home.

A week or two ago Donaldean came in the office and told me that he needed some money to pay his board bill, and I called up Max White, of Lyons, and asked if some of Donaldean's friends in Lyons would not be willing to finance him. This was done, and the last time I talked to Donaldean he said he got the money and everything was fine. He talked to me in a very straightforward manner, and I thought everything was all right.

He has been going over to the Chi Omega house - maybe he has been spending his money on a girl.

I would be glad if you would let me know the true facts of the case. I hope he has returned home by this time, but I am awfully sorry that he found it necessary to withdraw from school.

Very sincerely yours,

FCA:AH

Director of Physical Education and Recreation,  
Varsity Basketball and Baseball Coach.
