Dear Dr. Allen,

I was wondering if you would do me a favor. I quit school because I thought it would be best although I didn't want to quit. I'm going to go to work but if you could help me get a good job I would certainly appreciate it. Do you think you could get me a job in Wichita? If I can make enough down there over my board and room to pay me, that would be OK. I could get a job here but they would not pay as much probably.

I sure hope you and the boys come through in the playoffs and the tournament. Boy theres nothing better I'd like to see than to watch K.U. play ball in the tournament or against the Great Lakes Team. I'll have to come back to get the rest of my clothes and books. And I'd like to come at a time when you were playing and bring a few of the boys here if I could. I intend to come back to school next year if It is possible. Would you find out about the Wichita job and if I'd have to join the union, if I could get out to come back to school next year.

Sincerely yours.

Don Maison
