

August 14, 1941.

Mr. N. D. Morgan, Superintendent,  
Campbell County High School,  
Gillette, Wyoming.

Dear Superintendent Morgan:

Pardon the slight delay in answering your communication of the 30th ultimo.

I have known Mr. James E. Hammers as a student and as a member of the varsity football team here, and I remember him very well. Mr. Hammers was a hard-working and persevering chap who won the plaudits of his many friends by the sacrifices and the effort put forth.

It is my opinion that he is an excellent teacher and would make a fine coach. To my knowledge he had no bad habits such as narcotics or alcoholics. I am happy to testify to Mr. Hammers ability and character.

Sincerely yours,
