Mr. H. D. Morgan, Superintendent,
Campbell County High School,
Gillette, Wyoming.

Dear Mr. Morgan:

Yes, indeed, I do remember you and I am very happy to have had a letter from you this morning.

You write in regard to Sheldon Wingerd, of 1122 Ohio Street, Lawrence, Kansas. It so happens that I am well acquainted with Mr. Wingerd. He is obtaining his LLB degree this summer here at the University. I have given him work on a number of occasions and have come in close contact with him.

Mr. Wingerd is a man of exemplary character and I am happy to recommend him to you without reservation or evasion. He does not use alcoholic beverages. He has come up the hard way; that is, through struggle and sacrifice, and in my opinion he would be an exceptionally safe and valuable man to deal with young people. While finishing work for his undergraduate degree he assisted Fred Fulmer, athletic director, at Kearney State Teachers College, Kearney, Nebraska, where he gained valuable experience in administrative and coaching work. He then coached at Amherst, Nebraska, for four years, and then went to Rexford, Kansas, where he had splendid success. From Rexford he came to the University to complete his work for the law degree.

I have a son, Milton Allen, who took his degree in Business in 1936. He is back at the University studying law and he is a classmate of Mr. Wingerd. Milton and Mr. Wingerd have law assignments together and I have heard Milton speak of Sheldon Wingerd many times. Each instance that he spoke of him has been one of admiration. He has spoken of his family life and how compatible the family is. I am sure if you can attract Mr. Wingerd to your community you will get an exceptional teacher, a splendid coach and a very worthy man to deal with young people.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
