Mr. Thornton J. Manry, Commander,
Sanford Brown, Jr. Post, No. 124,
1016 Walnut Street,
Kansas City, Mo.

Dear Commander Manry:

It was a delight to have a fine visit with your Legionnaires and your Auxiliary, as well as to hear the fine testimonial of the Missouri Girls State. Both Miss Padgett and the other young lady whose name has slipped my mind, I believe Miss Hodge, were a credit to the young womanhood of Kansas City.

Both Dr. Peete and I enjoyed every moment of the time. I congratulate you and your Legionnaires on the fine turn out.

With all good wishes for your continued success and happiness, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
