Department of Physical Education

Dear Dr. Allen:

I was very pleased to receive your letter and a copy of the basketball schedule for Kansas for the year 1940-41.

Most of my summer has been spent on the farm doing physical labor, which should stimulate my mental ability this coming winter.

I am rather anxious for school to begin again because I believe I can do bigger and better things this year.

I wish to thank you again for the many things you have done for me. I am especially indebted to you for, without the employment you have given me, it would be impossible for me to attend school this year.

Sincerely yours,

Bob Meredith
