

met was ahead of you - in my desire to see this dream  
come true.

You spoke of Dick. He is drinking <sup>entirely too</sup>  
much. Liquor is expensive and certainly it does  
a poor boy more harm than it does to some high-  
-hat, arrogant chap who knows not where or how  
the money is earned, for such excesses.

You spoke of the loss of Dick, <sup>Harp,</sup> Dan and Bruce  
concerning our possible weakened defense. I know  
and appreciate their many talents and praise  
their exceptional abilities. Yet we lost the  
Championship the year before and you <sup>perhaps</sup>  
saw Dick during his junior year play <sup>perhaps</sup> the  
sourdest basket ball imaginable. The fault was  
not physical - it was mental. Since I have  
the job of coaching the team why not leave  
that entirely up to me realizing that for  
~~the 22 years~~ I have been faced with such

such similar problems ~~in almost each of these 22 years.~~  
What I desire is your loyalty to the extent  
that you must feel and realize that I must  
know my business well enough to reshape the  
offense and defense to meet this ~~most~~ exceptional situation.
