Mr. Frank J. Mertz,
Tilden High School,
Tilden, Nebraska.

Dear Mr. Mertz:

I have received an inquiry from the Bankers Life Insurance Company of Lincoln, Nebraska, asking about a knee injury that I treated for you in November, 1938.

Inasmuch as I make no charge for such services and keep no record of my treatments, I have no recollection of treating your knee. It is possible, of course, that I might have treated you at a coaching school.

I wonder if you would be kind enough to tell me a little about it, so that I may answer this inquiry from the insurance company in your behalf.

Very sincerely yours,
