Mr. Frank Brody,

Des Moines Register and Tribune,
Des Moines, Iowa.

Dear Frank:

Thanks for sending me the tear sheet from your sport section. I greatly appreciate this. I tacked it up on the wall for the inspection of our basketball players and it made a distinct impression. They realize that they do not carry through, but in the stress of excitement they revert to their previous reactions.

I guess our prognostications on Iowa State worked out even though Louie lost Sauer. He has a great ball club and I am glad to see him at the top.

With all good wishes, I am

Sincerely yours,
