

Friday 8/18.

Dear "Judge" . Guilty of taking my time getting home but arrived safely Tuesday night via St. Louis, Memphis, Jackson, Miss. Gulfport, Mobile, Tallahassee, and home. We stopped at Pleasant Hill, Mo on our way for a day and Louis had secured a position there so he will be back in your neighborhood next year. Will report there the 28th of August. We went back to KC that night and left Friday morning for St. Louis. We encountered two heavy rains entering St. Louis and leaving the next morning. They were as heavy as I have ever seen ~~ever~~ down here. Visibility so poor, had to draw up on shoulder and wait for the worst to get over. Fine trip and so cool. We all send love.
