College Park, Md.

Dear President Byrd:

Chancellor E. H. Lindley has shown me your letter of April 4th in which you request materials pertinent to our program in Physical Education.

I am glad to enclose herewith some printed folders which our department has had published that will give you some idea of our program here. There is, of course, no charge for them.

If we can assist you further, it will be a pleasure to hear from you.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
