Dear Coach Allen:

I'm asking something you'll probably think quite funny & useless, but still asking. I have your books, "Better Basket Ball" & "My Basket-Ball Bible" & read your story, "The dream truck down" would you do me the favor of diagramming that pass. Also when you played Nebraska in 1920 & used mostly two plays formation X & Y. Would you diagram them also?

Thank you  
George Miller
