Dr. F.C. Allen,
Varsity Basketball Coach,
University of Kansas,
Lawrence, Kansas.

Dear Phog:

Your telegram received yesterday and the order immediately put in work, and if there is a possible chance, we will get the stockings out to you by the specified time.

At this time of the year you appreciate the fact that the factory is head over heels in work trying to get out basketball uniforms for those teams that were not in position to order until the end of the football season.

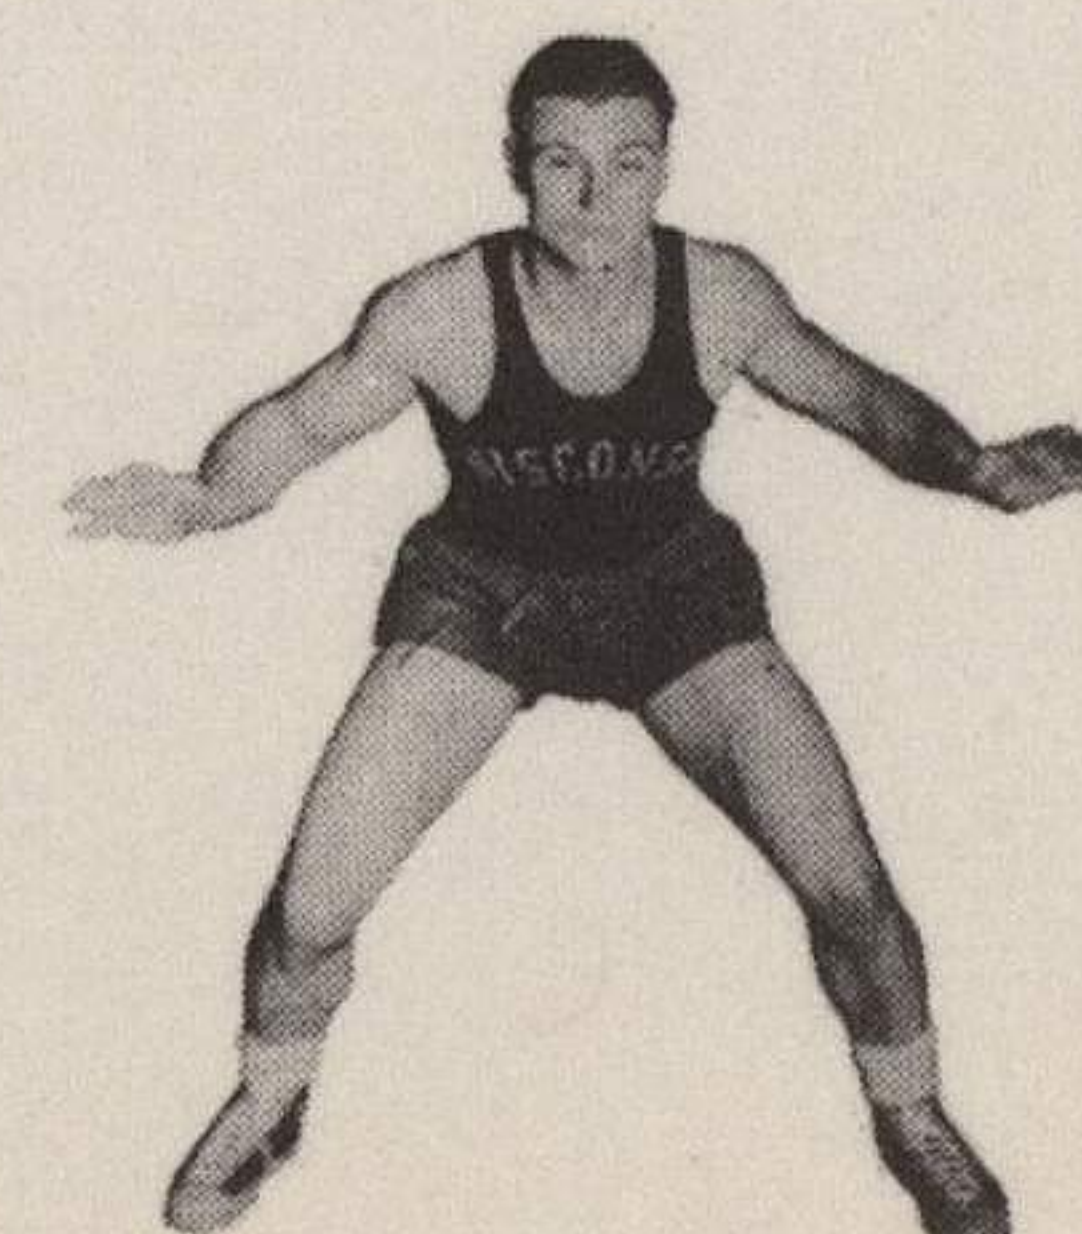

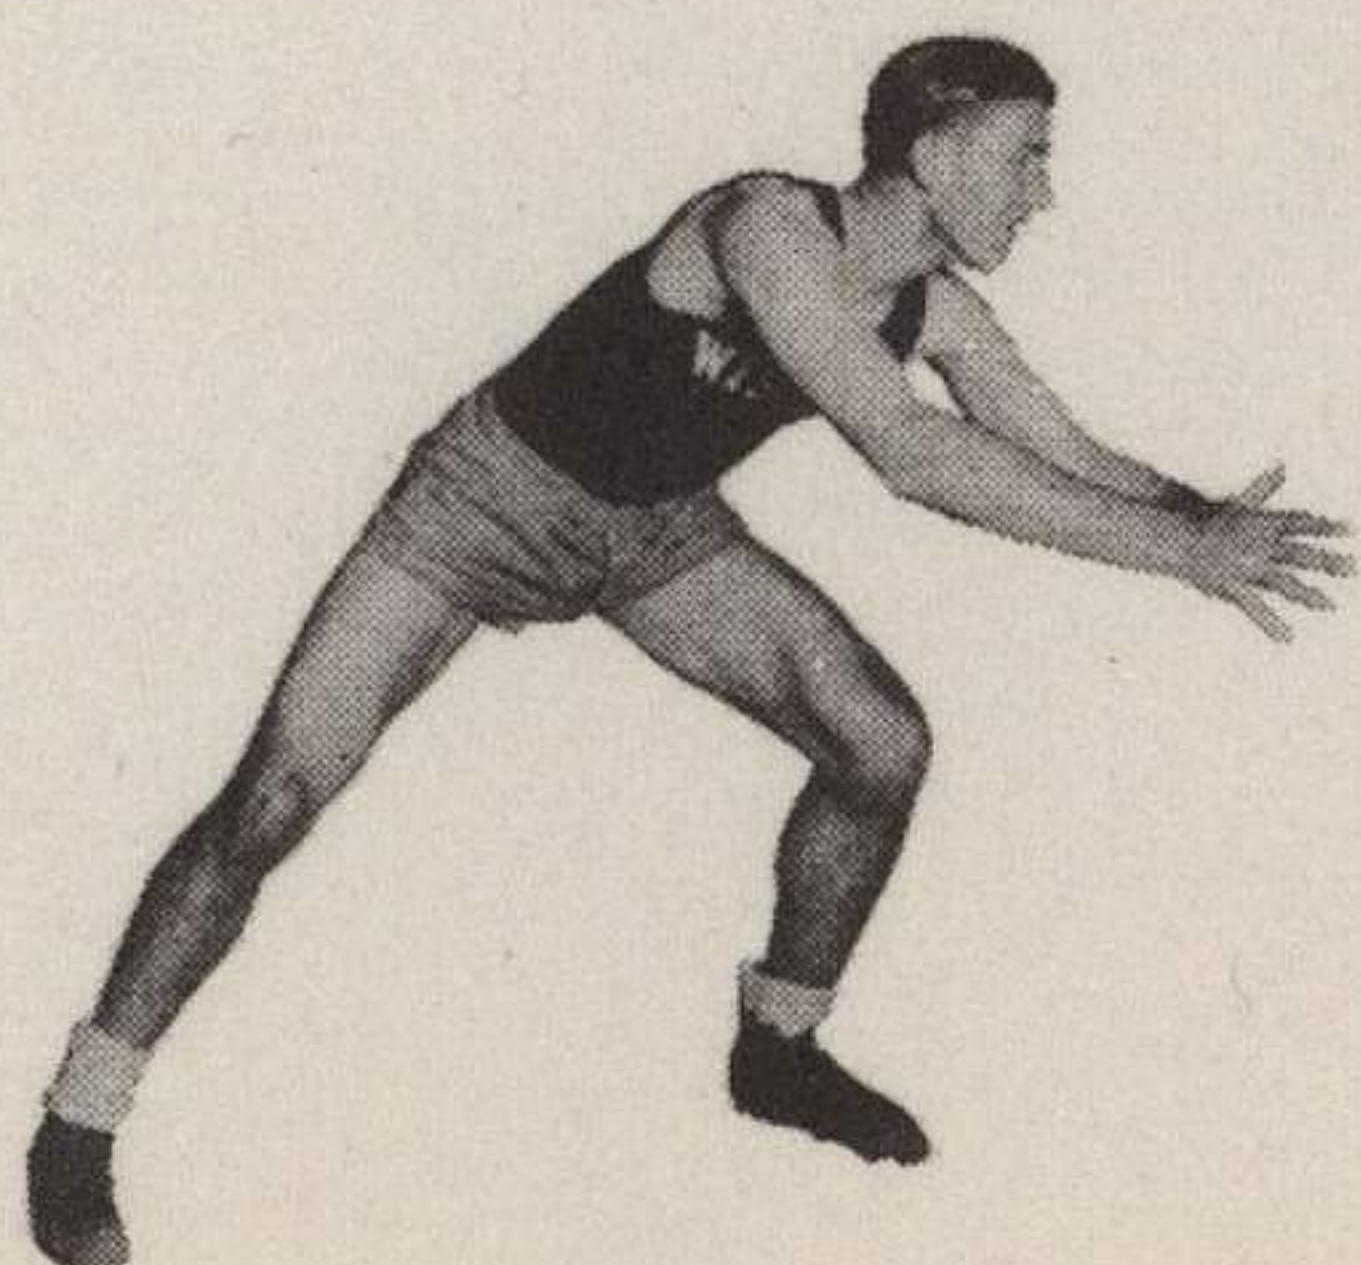

We understand fully your instructions and you can depend upon us to make the hose exactly according to your specifications. If it is humanely possible, we will make shipment so you will have the hose in your possession by Saturday.

I am Again thanking you for this business,

Sincerely yours,

Harry C. Mudd
