January 31, 1939

Dear Dr. Allen,

It was a pleasure to have you here in Dodge. Although I am not the official person to tell you this, I did want to add my few words of gratitude.

I heard more than a few people say how much they liked your talk in assembly. Several of the teachers said you couldn't have given a more effective one.

I was terribly sorry I couldn't stay for all of your Friday afternoon clinic - but I certainly enjoyed the parts I did hear. I hope it will be possible for you to be back with us again!!

Sincerely,

Jene Moll
