

For February 20 Peters is satisfactory, of course, to replace Mason. It is also satisfactory for him to work the game at Missouri on March 2. ✓

I am also willing to give Lance a trial here in Lawrence if you want to use him for any of the games.

When I wrote the names of the five officials in the order of preference I naturally assumed that some of these one-two-three officials would work, but it seems as if Kansas has been hit especially hard in their selection by the withdrawal of Cochrane and Quigley and the death of Mason. I am leaning decidedly toward O'Sullivan and Carroll because they call fouls, and a lot of these other fellows just let them go. I wanted you to know why I am in favor of fellows like the two mentioned, as well as Volz and maybe Lance. Perhaps he will do better on his second assignment.

With all good wishes to you and Mattie and the kiddies, I am, as ever

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
