Dr. F. C. Allen  
Lawrence, Kansas

Dear Doctor:

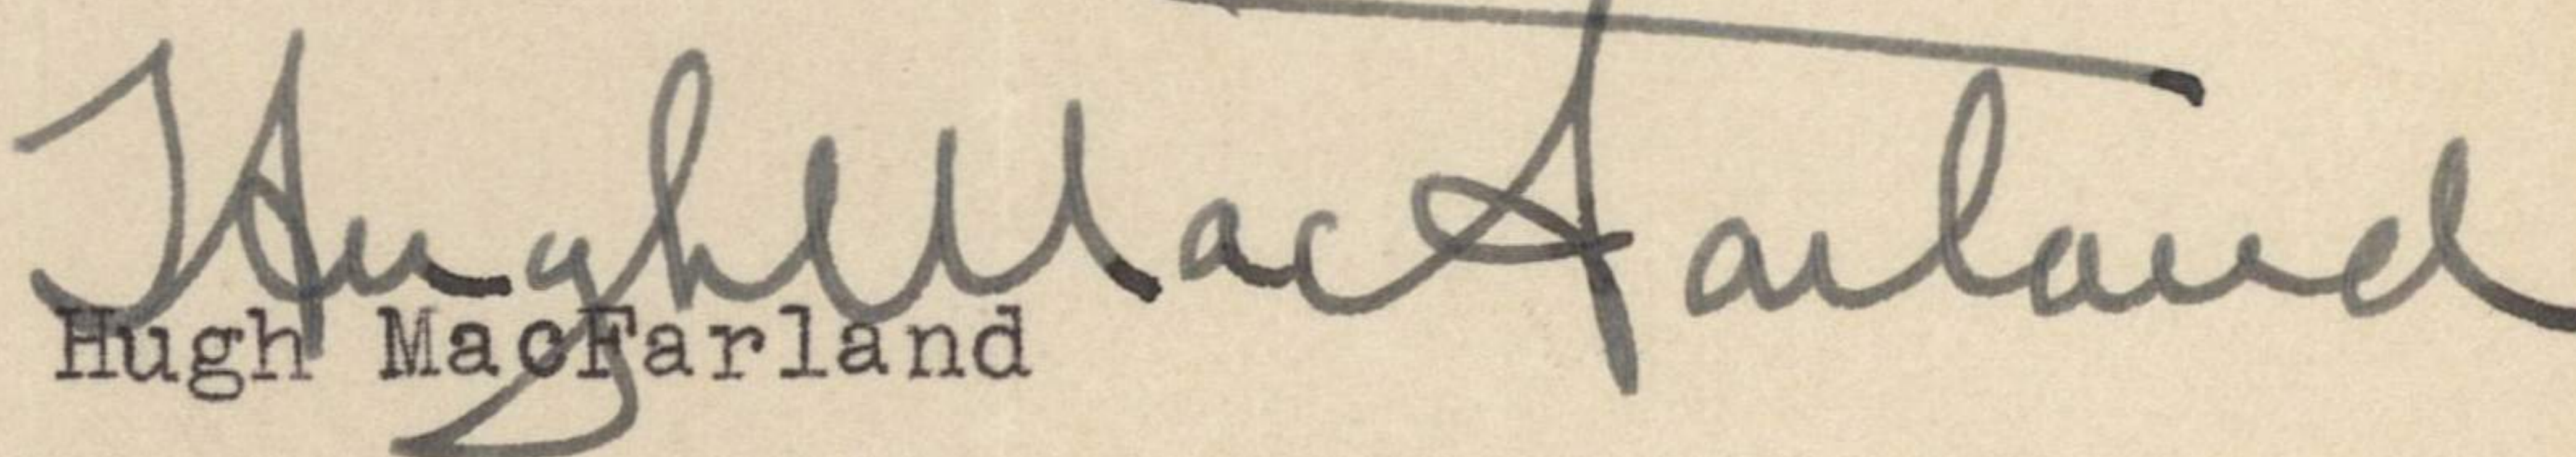

A week ago I went to Purdue to spend the week-end with Frank. He especially asked about you and asked me if I would write to you for him.

He says he is very busy and from the looks of things, he is. Purdue impressed me as being a very fine school and Frank is getting along very well, much better I think than he would have at Kansas University, for which suggestion I thank you very much.

I know if you are near Purdue at any time Frank would be delighted to see you.

With kindest personal regards, I am,

Yours very sincerely,

  
Hugh MacFarland
