Mr. Newton Nagaha,
414 W. Liberty,
Charles Town, W. Va.

Dear Newton:

I enjoyed your good letter of March 13. I would have acknowledged the same sooner but I have been out of town on speaking engagements for the past week or so. We were all glad to hear from you, and we were glad to know that you did so well with your basketball. Congratulations to you and your team! You certainly should be proud of your achievement.

I am glad that you liked Eunice's Basketball Bible that we autographed and sent her after we visited you in Morgantown. Doubtless you got some suggestions there that helped you in your later play. I am sending you a pamphlet of the McGraw-Hill Book Company, of New York, publishers of my new book, "Better Basketball". This book sells for \$4.00. The author gets but 10% on each book, which would be 40%, but if you and your coach want a book a piece I think that I can perhaps get them for you for \$3.00 a piece, which is the wholesale price.

That may sound like a lot of money to you, but if you should want them if you will send me \$6.00 I will get two books for you and autograph them and send them to you.

Lots of good luck to you, Newton. Give our regards to your good family, and please accept my heartiest congratulations for your fine play.

With every good wish, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Charlie:

Mr. Elwyn Dees, our trainer here at the University of Kansas, is definitely looking for a filling station, the like of one at 15th and Massachusetts Street or at 9th and Vermont Street here in Lawrence. Dees has some money and he could certainly do a fine job for you. He is very energetic, and has a host of friends.

I was wondering if you had a station with a good gallonage that would be open. You understand, of course, that Dees is looking for a better job here. If he does not get it, he is going into business.

Please keep this confidential, Charlie. Drop me a line, or if you happen to be going through Lawrence stop to see me. Or, if one of your men covering the Lawrence territory will call on me I will be glad to go over the details with him.

With best wishes, I am

Dear Dick:

I want to congratulate you on the very splendid showing you have made this year in your high school basketball participation. From time to time you have been prominently mentioned and I want you to know that we are counting on having the Miller brothers of Chanute on some of our Kansas varsity teams in the very near future.

I am sorry that I did not get an opportunity to visit with your family longer after the Missouri game. It seemed as if there was so much excitement that it was difficult to get around to see all of our friends.

I am expecting to go to Parsons on the 21st and to Neodesha on the 24th, and I will try to stop and say hello to you and your folks, even if for just a moment.

With continued good wishes to all of you, I am

Dear Mr. Allen:-

On March 24th the Downtown Y.M.C.A. will have a 'Sports Night'. At this event we will give recognition to various athletic groups affiliated with the Y.M.C.A. One of the main groups would be our young men's Basketball League. The winner of this league is being sent to Columbia for the State Y.M.C.A. tournament.

We are very anxious to have someone who is an authority on basketball speak at this meeting. Would it be possible for you to come down to St. Louis for this particular event, and if so, under what conditions could you make the trip? Would you be so kind to give me an immediate answer.

Dear Fritz:

I have failed to acknowledge your good letter of the 2nd instant regarding your team. I want to tell you that any team you captain I will be happy to play sub on that team. But Fritz, you and I have budget committee meetings, and until we get those off our chests I am afraid there won't be much work done.

A lot of the fellows think after basketball season is over I have time to loaf, but really that is just when I start in to work more than ever. This Department of Physical Education needs a lot of TNT. I am going to be out of town most of April, being in Minneapolis, Chicago, and Atlanta for district and national meetings, but Fritz, if you want any cooperation from me I assure you I will give everything I have to put the old man across.

I am glad to see you lining up Bing Smith. He lives just across the street from me, and he needs some golf exercise.

I am not saying a thing about the letter. In fact, I hadn't done anything about it until just now, but again I say you can count on my cooperation.

Dear Committee Member:

The Country Club is planning to put on a membership campaign this Spring. A committee has been appointed with "Doc" Lindenberger as chairman to make plans for this campaign. It was decided to divide the campaign workers into two teams. The campaign will end some time in the latter part of April, and that team which has procured the greater number of members will be banqueted at the expense of the losing team at a large club meeting.

Against my protests, Lindenberger insisted that I take charge of one of the teams against Otto Barteldes. The members of my team are the following: F. C. Allen, Richard A. Barber, W. I. Brady, Cliff Carl, Roland A. DeWatteville, Wm. R. Essick, Gene Glahn, Geo. Hedrick, J. O. Jones, John Kistler, Noble Lindstrom, G. W. Maloney, Chas. F. McCraight, F. P. O'Brien, Geo. Casebier, Wilber Reese, Earle W. Patton, W. P. Sherwood, E. L. Treece, Neal M. Wherry, Corlett J. Cotton.

The members of Otto's team are the following: A. S. Anderson, John Andrews, John Brund, Van K. Bruner, Glenn Charlton, Owen Carl, Earl A. Farris, W. G. Hutson, Jr., Penfield Jones, H. W. Keene, H. R. Lindenberger, Flick Meyer, J. M. Mott, Wayne McCoy, Harry Nevin, Gerry Penny, Ed. Penchard, Sr., Chas. Radcliffe, Guy Smith, Art Weaver, C. W. Binyon, R. F. Chapman.

Suggestions:

1. Do not tell any of our opponents anything about this letter.
2. It is important for us to work at once and at least get the prospective members committed to our team.
3. Work quietly, immediately, and surely.
4. I have already lined up Dean Crawford, and have practically sold Vernon "Bing" Smith. Moreover, there are five or six young men living at the University Club who can be sold.
5. Keep the membership of our team in mind and collaborate.
6. Send me your suggestions.
7. There are a few shares outstanding and for sale at reduced prices. It is probable that we can sell shares for from \$40 up to \$100. As soon as I find out what shares are available, I shall notify you.

Let's get out and win this contest by getting the jump by means of immediate commitments.

Faithfully yours,

Fred Moran

Dear Dr. Allen;—

I received your welcome letter the day I left part Arthur for home.

I had a very nice trip home and was rather surprised to find it snowing. Its rather unusual. However they need it badly so its welcome.

I thank you a lot Dr. Allen for what you have done for its been a terrible lot. Its just sort of useless I guess to expect to get any sort of a job now. I can easily understand the situation you are in and what many expect of me in your position. Also Dr. Allen it would be useless for anyone to expect me to go back to St. U. and work for the same wage that I was receiving when I left for I was hardly making enough to get by with. Its just worth more is all. There was a reason for me not being there now and so I'll just choose to get by some way or other away from there. I can see no use in working under adverse conditions all the time. If I have to take the rough I guess I can. I don't blame you nor Elwyn but aside from that my faith wavers. Possibly I shouldn't think that way but I just can't help it.

I'm going to stay here at home for a week or two and go on to Colorado and try and get work in

the mines out there. I'll get by some way or ather.
All the paper I've ever had of finding anything worth
while is gone.

I notice by the papers that H. U. is in
the thick of the fight for the Championship. I certainly
hope the boys come thru. Give them all my
regards.

Thanking you for your efforts, I remain

Dear Phog:

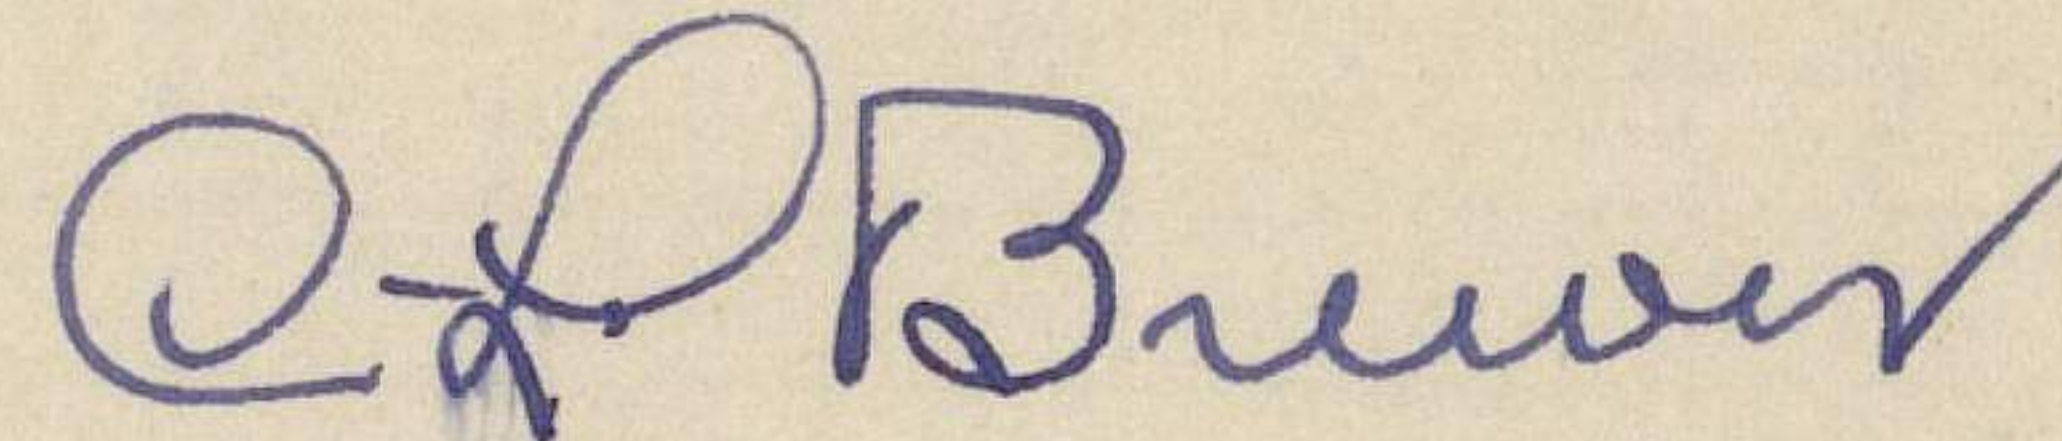

Some of the friends and old boys of Henry Schulte are giving a dinner for him at the Daniel Boone Tavern, Columbia, Saturday, March 5.

We invite you to be with us as our guest and do hope you will make every effort to come. It is just twenty-five years ago that Schulte came to the University of Missouri as coach. He remained with us for nearly a decade, then moved on to Nebraska. Twenty-five years of service, of the character given by Schulte, deserves recognition. We all love him and I am sure will welcome the opportunity to honor him at this dinner.

As the Conference Indoor Meet is the evening of the 5th, the "Schulte" dinner will be from 5 to 7 p.m.

Please come if you can and write me.

Dear Mr. Magnuson:

It was good of you to drop by and say hello, and especially to wish us a cool summer. That is exactly what we are having here. I am afraid, however, when you dropped by it was rather warm, but this has been one of the most pleasant summers that we have experience here in our 19 years' stay.

I distinctly remember that from 1919 to 1927 we had seven lovely summers in succession. I am hoping that by the law of compensation we will now have several cool summers to amend for the hot ones that we have experienced in the past several years.

Mrs. Allen and our two daughters drove to New York. They seem to be enjoying it there. They got there just in time to experience the thrill of seeing that young man step off the 17th story window. I would have to be a lot crazier than he was to try to tread air. Poor fellow, he certainly must have been unbalanced.

Mr. W. W. Waring, Principal,

Dear Mr. Waring:

Professor H. E. Chandler, chairman of our teacher placement bureau, has just informed me that Miss Loize Montgomery has accepted a position at the University of Nebraska as assistant there, and that there is a position open in the Salina schools for a physical education teacher. I congratulate you on having in your employ women of the type that universities look to for available material.

We have a very excellent young woman here, Miss Irene Moll, who, I believe, was considered along with Miss Ruth Baker for a position in the Salina schools. I wrote Mr. Chandler earlier in the spring a strong recommendation for Miss Moll. She is a Lawrence girl, a young woman of fine character. She has a very stable and excellent personality. I would be pleased if you would give Miss Moll your deep and careful consideration when you select a successor for Miss Montgomery.

Miss Moll has been trained by two of the outstanding leaders in physical education, Miss Ruth Hoover and Miss Elizabeth Dunkel. It is our belief that they are tops in their respective departments.

I am very glad to recommend Miss Moll without reservation or evasion.

We were gratified that you selected Miss Ruth Baker. You will find her a very reliable and worth while young woman. She is very thorough and capable, and we predict that she will go far in her chosen field.

I trust that you are having a very pleasant summer, but I know that you are having a very busy one with the new superintendent coming in. It was good to have a short visit with you last spring.

Dear Woody:

I no sooner get a letter from you than I find that there is another position open in the Salina Schools. Mr. H. E. Chandler, chairman of our teacher placement bureau, tells me that Miss Loize Montgomery has gone to the University of Nebraska as assistant there, and that there is another position for a physical education teacher in the Salina schools.

I am informed that Miss Irene Moll, one of our majors and a graduate this year, is applying for the position. Miss Moll is a Lawrence girl, and I have known her for several years. She is a very fine young woman, much the type of Miss Ruth Baker. It would be a great thing if these two young women, who have gone through their work together here at the University, could be located in the same school system. They were both in the office this morning, and they are real pals.

I would greatly appreciate it if you could say a good word for Miss Moll to the proper authorities. I am very happy to recommend her without reservation or evasion.

Dear Phog

I received your letter this morning concerning the election of Miss Ruth Baker as a physical education teacher in the Salina schools.

Your recommendation concerning Miss Baker carried a great deal of weight with us in our selection of a teacher for this position.

Dr. Lawrence S. Nelson,
The Salina Clinic,
Salina, Kansas.

Dear Doctor Phat:

Miss Irene Moll is applying for a position in the Salina school system. During the spring I wrote to Mr. H. E. Chandler, the chairman of our placement bureau for teachers, as follows:

"Miss Moll has fine qualities of character, personality, and ability to present her subject. She is attractive, cooperative, and I believe she will be very successful in her teaching."

Mr. Chandler has just informed me that Miss Loise Montgomery has resigned to go to the University of Nebraska as assistant there, and that there is another position open in the Salina schools for a physical education teacher.

Miss Moll is a Lawrence girl, and a splendid young woman. She and Miss Ruth Baker are very much of the same type in character. I am very sure that the Salina public school system would make no mistake in any way by selecting Miss Moll. She has been splendidly trained and has a fine sense of balance. She is clean, capable and courageous.

With Miss Moll and Miss Baker working in the same school system it would not only be pleasant for them but the system of work would be more homogeneous as they have both been trained by two outstanding women in physical education, Miss Ruth Hoover and Miss Elizabeth Dunkel.

I will appreciate it very much if you would use your kind offices in saying a good word to the proper authorities in behalf of Miss Moll. I will recommend her without reservation or evasion.

Mr. I. J. Meade,
Lawrence National Bank,
Lawrence, Kansas.

Dear I. J.:

Last week end I called you regarding the safe in the Athletic Office, and I did so because the Department of Physical Education is enlarging the quarters here taking over a small portion of the room formerly occupied by the Department of Athletics. Mrs. Webster and Miss Stockwell were in that office at the time I called. Mr. Gwinn Henry was out, and Mr. Earl Falkenstien had gone on a thirty-day vacation.

Mr. Love, of the Department of Buildings and Grounds, said it was necessary to move the safe from its location as he was putting in a partition which would prohibit the easy movement of the safe. I endeavored to reach Mr. Gwinn Henry, but failed, and fearing that the safe would be walled off in a position which would make it inaccessible, I called you.

I am told that when the workmen came up to move the safe Mr. Henry told them that he thought Mr. Falkenstien desired to keep the safe. Mr. Falkenstien has the combination, and none of the other people around here know the combination.

I am sorry if this has caused you any inconvenience, but I was desiring to help matters, as it is necessary to have this available space for our department. As it is, the safe is being moved into the Athletic Office. This is merely an explanation of the part that we played in the matter. We were hoping to avert any difficulty, but I fear that we did not get the job done as we desired to have it done.

I want to thank you for your kindness in loaning the Department of Athletics the safe for these many years.

Very cordially yours,

Director of Physical Education,
