when he writes he will give me some idea of what his future plans may be. I would not think of trying to land a job ahead of him. However I think that would be impossible too for he is certainly good in that line of work. However if a vacancy should occur I would consider it for it is the kind of work I like to do.

Really Dr. Allen I feel that I would be foolish to go back to school again. I would much rather get in work of some kind and try to make good at it than to spend a few more years in school. Somehow I can't see where it would increase my earning capacity. Possibly I'm wrong and if I could be convinced of it I'd be willing to admit it.

I really think that I would like the work in the oil fields. I know the element of people there couldn't be any worse than they are here. I had worked around such an element of people before I came to N. Y. and you saw what I was like then so I believe I could hold my head pretty well among them. In fact Dr. Allen I'm too proud of my mother and friends to let them down now. If I can
