New York City, N.Y.

Dear Mr. McGraw:

Pardon my long delay in answering your kind letter of March 29. I have been out of town much of the time, which accounts for the delay.

Your new book by Emil Lamar, "The Athletic Plant", has been received, and we are indeed grateful to you for sending it. It is done in an excellent style, and I believe it will prove a valuable book for those interested in improving their athletic facilities.

We offer a course in our department entitled "The Organization and Administration of Physical Education", which will be offered this summer, and the professor in charge suggested the possibility of using this book as one of the references in the course.

With appreciation of your thoughtfulness, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
