BETTER BASKETBALL

Dear Dr. Allen:

I have delayed reply to your letter of November 8th because I wanted to wait until I could tell you definitely whether or not your explanation of the bandages in depicteding Figures 145 to 148 were sufficiently clear to us to enable us to retouch these illustrations properly.

I am very happy indeed to be able to report that we have finally worked this out, but we were unable to do so until we solicited the assistance of Mr. Bowman. With his familiarity with the bandages and the aid of your letter, we were able to work it out.

At first your explanation did not register with us due entirely to our unfamiliarity with the type of bandages, but going back over your letter now I can see that your explanation should have been entirely clear to us, and I cannot understand how it is that we were not able to grasp the idea from the first. We have it ready now however, and after all it is the result that counts.

I am going ahead with the retouching of the photographs, and as soon as I have proofs of the new cuts I shall send you a set for your files.

Very truly yours,

W. J. Gartner
