Dear Phog:

At a banquet last week in Concordia, I had the pleasure of meeting Dr. M. D. McComas of Courtland, Kansas. He had brought two fine boys to the banquet and their names were Harold Pounds and Robert Stokes.

Dr. McComas asked me to remind you that these boys are coming along fine and that they're anxious to attend Kansas University if it is possible. I hope you will deem it feasible to write the doctor.

Sincerely yours,

Bill
