Col. W. L. McMorris,  
Military Science,  
University of Kansas.

Dear Colonel McMorris:

That brown tie did the job!

I put it on the day after I received it from you and have been wearing it every day since. You told me to wear it and we would whip the Tigers. Well, sir, that brown and green turned that black and gold of the Missouri Tigers to a jaundice yellow.

Thanks for the contribution.

Cordially yours,
