June 24, 1945

Mr. Forrest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Doc:

Your good letter of June 9, just came in. It makes me feel funny for you to say things as outlined in your third paragraph. Even though I am getting close to 40, Doc, I still look at you in the same light as I did when we were playing basketball at the University. I hope I never get any older than that, because really I don't feel much different than I did then. I can still get up and play a fairly fast game of hand ball and do most of the things that I want to.

Yes, Doc, the impression that you made with a lot of young men still lingers. You look at them as men grown, raising a family. My boy goes into high school next year - but they still look at you as their coach. It will be a real pleasure to spend Friday the 29th with you. Let me know whether Mrs. Allen will come down. Let me know when you will be here and what time you would like to go out. I want to make some arrangements so that everything goes off in ship-shape.

Kindest regards

BY

Mac

June 23, 1945.

Mr. Clarence McGuire,
Hoover Brothers, Inc.,
922 Oak Street,
Kansas City 6, Missouri.

Dear Mac:

I am sorry for my delay in answering your good letter, but I contacted Bob and he will not be able to get away until about noon or a little after. Mrs. Allen has our grandchild seven months old with her, so I am afraid that she will not come down. So it will just be Bob and me.

It is swell of you, Mac, and I know that we are going to have a wonderful visit with you. Just the three men -- one an old man and two young men, and both of them my former star players. That will be enough.

I will follow up on the time of arrival a little later, by phone perhaps. Bob is coming down over Sunday. Last week he wasn't sure as to the exact time he could get away. He is interning, of course, until July 1, so he is a hard-working man.

Thanks a million, Mac, and I will be longing to see you.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dr. Forrest C. Allen
Governor-elect, District #123
Rotary International
Lawrence, Kansas

Dear "Phog":

Your splendid letter of congratulations was very gratifying to me, and I want you to know how deeply I do appreciate your interest. Your friendship has been one of the bright spots in my life in Kansas, and I know how sincerely you mean everything you say; which, of course, adds to the value of your felicitations.

I have been very happy in my two years at Topeka, and I think I can say it has been a period of great value. I have had a most loyal and cooperative staff, and have received from the state officials the finest kind of support. However, there is considerable satisfaction in being able to return to Emporia to head up that fine educational institution. I shall give it my very best to continue the great tradition that has been built there. I am happy, of course, that in this new position I will have many opportunities for contact with you, and I do not think it is necessary for me to repeat again, but for the sake of emphasis I shall, that I am at your service in Rotary in any capacity in which I can serve.

Jean has been very busy at K. U. and I may say she is very happy there. She is making a good record so far as I can learn, and fine contacts, and I shall tell her again that she must stop in and see you.

Looking forward to a good visit with you in the near future, I am with kind personal regards

Cordially yours,

David L. MacFarlane
Chairman

DLM:lrr

June 6, 1945.

Mr. Clarence McGuire,
Hoover Brothers, Inc.,
922 Oak Street,
Kansas City 6, Mo.

My dear Mac:

It was swell of you to write as you did in your letter of May 16. We mailed you a Rebounds last night and I imagine if you have had thirty or forty hours you have been able to peruse it. Brother, I work on the theory that I am going to tire them out and they will sleep well after reading the document.

Your kind invitation regarding the golf mallets appeals to me especially. Bobby Allen is interning at Bell Memorial Hospitals. He graduated from Penn Medical School last October, and he has been pestering the life out of me to come in and play him a game of golf. Since I have some Scotch ancestry, you can appreciate that I have thought of somehow chiseling him in with me when we come up. What do you say, young fellow?

It will be a great delight to me, but I do not know when he will be free nor when you will be free, but as soon as I hear from him I will let you know and see it if coincides with your schedule. It cannot be next week because I leave for Chicago to attend the International Convention of Rotary. I happen to be Governor of this District #123, which possesses thirty clubs and I must visit those after July 1st. And I am supposed to do a good job, - so it will have to be before July 1st. And another thing, Bob is going into active service on July 1.

You will be hearing from me as soon as I get the information.

Again thanking you for your good letter, and with kindest personal regards, I am

Sincerely, Your Coach,

Director of Physical Education,
Varsity Basketball Coach.

May 16, 1945

Mr. Forrest C. Allen
University of Kansas
Lawrence, Kansas

Dear Doc:

I want to take a minute to thank you for the Jayhawk Rebounds which you so kindly sent me under cover of your letter of May 14. You can bet your bottom dollar, ~~Proby~~ that anything you write will not clutter up my waste basket. It doesn't seem possible, but I am almost 40 years old and I still get a "big kick" out of what you have to say. If I ever get too busy, Doc, to sit up and listen to what you have to say or to do most anything that you should ask then I hope somebody examines my head.

Your biggest compensation, Doc, I am sure, must be the example which has been the inspiration for many of us to do a job as the years roll by. Won't you come down sometime and spend the day at golf with me? I would take off a whole day and play with you fellows until you can't stand up. If your wife doesn't want you to go flying, that is all right, we won't fly. You name the time and the date, I will be there with my golf mallets and we will go out to my club and spend the day having some real fun.

Kindest personal regards

June 6, 1945.

Mr. J. O. McKenzie,
403 No. Main,
Henderson, Texas.

Dear Coach McKenzie:

I am sorry that I have let your letter lie on my desk unanswered, but your letter was sent to the Oklahoma A. & M. Trainer at Stillwater, Oklahoma, and they later sent it on to me.

It is very difficult for me to diagnose a case without ever having seen it. You can appreciate that. There are so many knees that are incorrectly diagnosed that it is difficult to work on the premise that the boy has something loose in his knee. Perhaps he has. But it would almost be necessary for me to see the boy, and for that the expense is prohibitive.

If you and the boy with a bad knee and the boy with the bad leg could drive up here and let me examine them I think I could tell you more about it. Most of the braces that are built for injuries have to be built especially for that particular injury. I have always made our own braces when I was coaching and when I was training these boys to be trainers.

Again, I am sorry that I cannot tell you more at this distance.

I remember you with pleasure. It was good to hear from you.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dr. Forest C. Allen,
University of Kansas

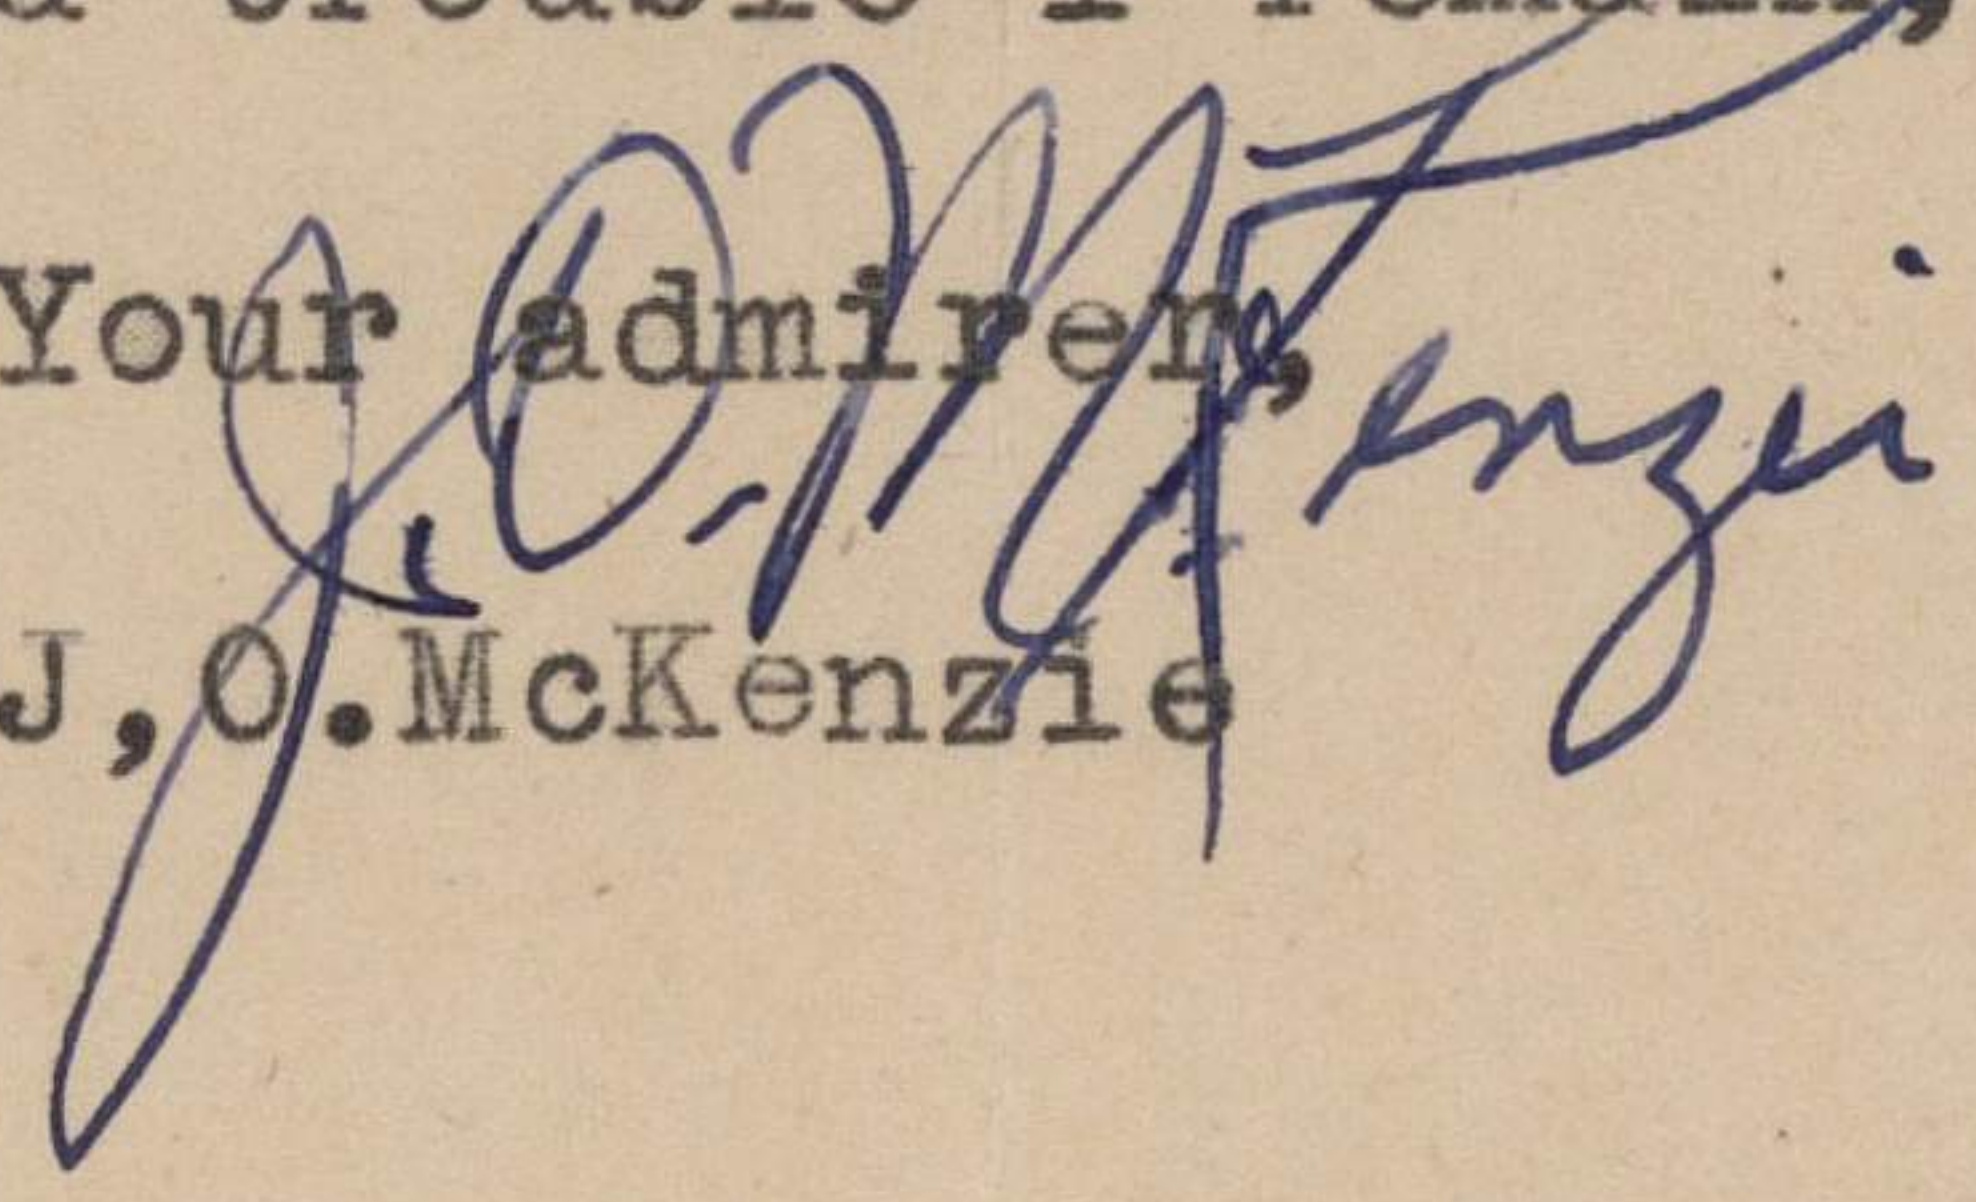

Dear Sir,

I consider myself as one of the lucky fellows that was priviledged to hear you several years ago at the coaching school in Huntsville, Texas. You left the impression that you would hesitate to have a boy's knee operated on. We have a boy here that has something loose in his knee and the Dr. has prescribed an operation. I know that you will hesitate to get out on that limb, but I would appreciate some advise.

We have another boy with a thigh muscle that was bruised something terrible last season and had lots of trouble with the thing. Do you know of a wethod of protection for this leg? I would not spare expense or trouble to get him the best protection. I thought maybe that you might know of some thing right off the line for him. The muscle is hurt about eight inches from the groins.

I have been following you ever since you were in Huntsvile and will continue to have much interest in your work. I have used the adjustments with plenty of success. Thanking you for your time and trouble-I remain,

Your admirer,

J. O. McKenzie

June 4, 1945.

Mr. Andy McDonald,
Southwest Missouri State Teachers College,
Springfield, Missouri.

Dear Andy:

I find that I have not answered your splendid letter of April 26. That is how stuff accumulated on my desk. But first, I feel very guilty in not including your name on our 1923 team, because you certainly made a definite contribution.

Andy, life is like that. We are so full of things to do that we have never finished, that in our hustle and bustle we forget some of the most important factors in our life. I know you will forgive me because you have lived and a fellow who has lived as long as you knows that there are a lot of loose ends that we pick up in a hurry when we should use more care in gathering those fragmentary pieces.

A young man came into the office this morning - Emil Heuer - who was a Physical Education major before the war. He was one of the "Hell on Wheels" boys, and has two machine gun wounds in his right arm. He is down at the Springfield hospital, and I asked him to look you up. As the boys drop in here and tell me they are at Springfield hospital I tell them to look up Andy McDonald, one of our splendid athletes of the early twenties. I know you can do a swell job with boosting their morale.

I should have had you on the Jayhawk Rebounds mailing list long ago, but among other things I have failed in doing that. I am sending you the last two issues and am putting you on the mailing list for the future ones.

Give my kindest regards to your lovely wife and your fine family.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH

SOUTHWEST MISSOURI
STATE TEACHERS COLLEGE
SPRINGFIELD

ROY ELLIS, PRESIDENT

April 26, 1945

Dr. Forest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Doc:

I was quite pleased to get the note from your desk and the alumni letter concerning the stadium bonds. You folks certainly worked up your letter in nice shape, and I trust you had a very good response. I am frank to say to you personally, I think you did a marvelous job from the beginning of your stadium drive through all the years which you had all that responsibility. In fact I don't know of a one man achievement plus the help you may have had that is more outstanding, and again I say that was really something in those years that you battled for it.

I have certainly missed not having teams the last two years, but feel that I have been in what is a real war effort working first with the Air Corps and now with the Reconditioning Battalion at our college in connection with O'Reilly General Hospital. If ever a group needed any help that one can give them, these wounded soldiers do. It is wonderful the results that are gotten in some of these cases. As you can readily understand with the surgical cases now in particular each becomes an individual case to handle.

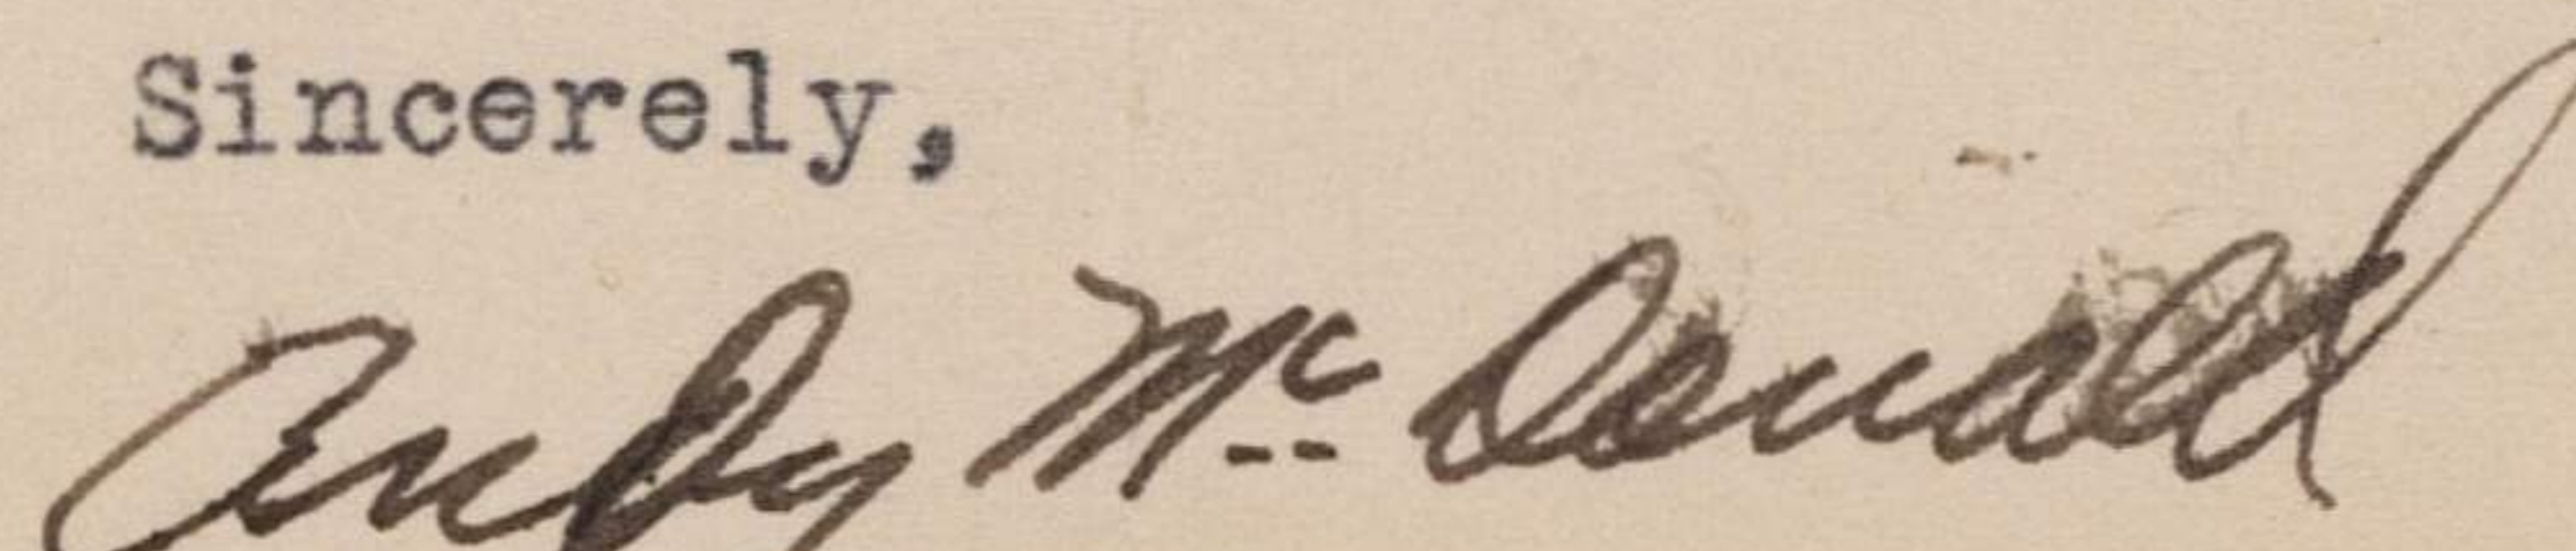

I had hoped I might get to see your team play last year or drop through Lawrence, but I haven't had a day off since last July.

While completing my work last spring at Louisiana State for my Masters Degree, I ran on to an ASTP sergeant who used to be at Lawrence, and he showed me a copy of the Jayhawk Rebounds which I was very much interested in seeing. You certainly are doing splendid contact work there which is very much appreciated, I know. I happened to see a number put out last spring. I guess I will forgive you for unintentionally omitting my name in your 1923 team. It's probably easy for you to understand how I might notice it, but I assure you that I meant unintentional as stated above.

I wish I had a good copy of my thesis to send you, but all I have are fourth and fifth typed copies. The copies that were bound are available through the library service at Louisiana State. I think that you would be pleased to know that the jury of forty-four coaches who responded gave you full credit for what you have done, and I personally did my best to bring out what I thought was your most pertinent contribution to different playing techniques of the game from your letter and from your two books on basketball.

Well, Doc, time slips by faster than we want it to, and I did want you to know I really appreciated your thinking of me and sending that letter and particularly your personal note. With best regards to yourself and family.

Sincerely,

Andy McDonald

Dear "Phog":

I received the "Jayhawk Rebound" Number 15 and read it with much interest. It is a wonderful thing for you to do.

I did enjoy so much my visit with you in Denver on the occasion of the Basketball Tournament, and I hope that you will not wait too long to come again.

Yours very truly,

A handwritten signature in cursive script, appearing to read "Clifton".

May 14, 1945.

Mr. Clarence McGuire,
Hoover Brothers,
922 Oak Street,
Kansas City 6, Mo.

Dear Clarence:

I did not realize until Fred Ellsworth mentioned it that we had not been sending you our Jayhawk Rebounds. You, of all fellows, would be the last that I would want to leave off my mailing list, but you know how reticent a fellow feels about his own work.

I just figured it would clutter up your wastebasket and didn't want to presume on your busy life to bother you with some stuff that old-timers wouldn't have reading time for. If I had known that you wanted them I certainly would have put you on the list.

These are the only extra copies that we have of the back numbers, but we will see that you get them from now on.

It certainly was nice to see you in Kansas City at the Electrical Engineers luncheon. Darn nice of you to come over because I know how busy you are.

With all good wishes for your continued success, I am

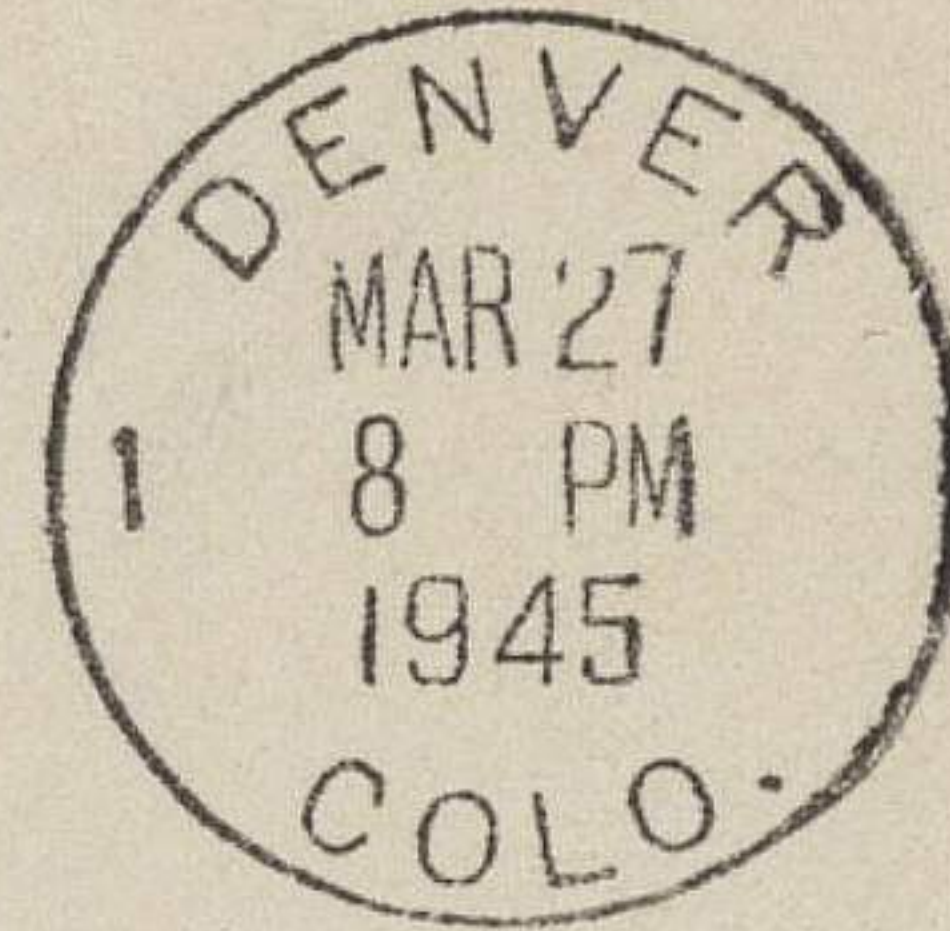

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

MISS XENIA STANLEY

Xenia, daughter of Tom Stanley, is nineteen and a sophomore at the University of Colorado in Boulder. A native of Denver, talented Miss Stanley graduated from East High School in 1943 and promptly enrolled at Boulder where she is a member of Delta Gamma Sorority as well as Spur, woman's service organization at the University. Xenia has also earned membership in Hesperia, campus scholastic organization. She is fond of tennis, and enjoys riding, dancing and skating. Her one brother Kent is a student at East High School. The Stanleys live at 145 Eudora while Tom has his accountant business in the University Building.

Kiwanis Notes

Received: Letter from Supt. Helen Smeeton of the Booth Memorial Hospital (Salvation Army) expressing thanks for the \$500 gift from the Kiwanis Foundation—they'll use the money to buy a much needed incubator; letter of appreciation from **Lt. Martin C. Jones**, Bill Jones's son, for the billfold—he's now stationed in Pennsylvania; a grand note from **Lt. Edwin L. Dolan Jr.**, Larry's boy, now in Teheran, Iran, which he reports is much like Denver—"Teheran is about five thousand feet above sea-level with a backdrop of 14,000 foot mountains." "There the similarity ceases"; Sgt. Ike Bush at Fitzsimons has helped boost Kiwanis morale a good deal the past two weeks with his kind notes in answer to members' cards—by the way, you should have seen Ike and Emily Griffith enjoying a pleasant confab last week; Bill Wafer took Emily out to meet Ike!

Kiwaninfant:

Our congratulations to Paul Hauptman and wife on the birth of a son last week, **Paul Ronald Hauptman**.

Wandering Boy Dept.: Wallace Williams visited the Las Vegas, New Mexico, club on the 14th, while Murray Graff broke bread with the Pueblo boys on the same day; Henry Niekerk received a warm welcome at the Boulder club on the 14th; we note with pleasure the return of our eastern delegation—Bob Carson, Andy McGrew, Charley Schoelzel, and Roland Rodman.

About Town: Fred Cox not only believes his religion, he practices it—last Friday he filled the pulpit by invitation at Temple Emanuel; Joe Morton was elected a director of the Colorado Restaurant Ass'n last week; most popular speaker in the club is Kelly O'Neill—he spoke to the Advertising Club last Thursday; our sympathy to John Falkenberg on the death of his mother.

Board Meeting: Carl Schwalb's terse but factual statement to the Board on the real status of the so-called vacant space at Denver General Hospital once again proves that if you want the truth, go to headquarters! The facts caused several board members to wonder about the veracity and motives of certain city politicians! The board determined at a special meeting on Friday last week—and at the regular meeting on Tuesday—to put our full effort behind the forthcoming national clothing drive.

Orchid of the Week:

To Bob Roblee for his splendid work in completing the film of No. 9 Pearl, and going to the mountains to take the sequence of Emily Griffith!

Service Notes: Tom Mainland's son Gordon, formerly a pilot with United Air Lines, is too ill to fly, but succeeded in talking the Red Cross into giving him an overseas assignment! Jack Beatty received a letter from Col. Floyd Pool who took time out from liquidating Japanazi's on Luzon to ask the club to get the facts on a medical situation involving the family of one of his boys in the Philippines. Jack got the dope and the cable carrying the information necessary to ease a certain GI's mind has been sent! **Thanks Floyd, for giving us the opportunity to serve even in this small way.**

Wuxtra! Say, Fellows, take a look at the new button box—numbers, cover and all. Brother Accola deserves our sincere and wholehearted thanks. Jimmie Brooks rates an orchid for the swell job on the canvas cover.

Editor's Note: Our thanks to Mrs. Bigelow for her thoughtfulness in calling the editor last week—we do like to

Hal Carpenter To Don Barrel—Maybe!

As the **Denver Kiwanian** goes to press it appears that Hal Carpenter might lose his trousers and be forced to take to the proverbial barrel. Hal, as chairman of Division B in the local Red Cross drive, found himself way out on a limb in his efforts to surpass George Quigley's Division A last week. As a result of trailing in last week's report, 101 percent to 64 percent, Hal lost his tie. The trousers are next on the list if Division B doesn't outstrip the "A" boys. Hal reports that his division is ahead of last year's percentage at this point, and promises to "go over the top" if he doesn't lose his longies first.

To bolster Division B's efforts, chairman Hal and co-chairman Lee Doud sent special delivery letters to all team members last Wednesday and began to recheck all prospects in order to meet the Friday deadline. (Ed. note: we will make a final report on the pants episode—and the campaign — next week!)

hear from our public. Incidentally, Claude is taking an active part in the vocational guidance organization being setup to assist returning servicemen.

21st Annual Kiwanis Daughter's Day

We have a deep suspicion that a good many fathers are going to get a real thrill out of this year's Daughter's Day Program. Miss Loahna Moore, daughter of O. Otto Moore of Denver, has been a collector of dolls since she was nine years old. Her vast collection now include dolls from almost every country in the world. In furthering her unusual hobby, Miss Moore has developed a world wide correspondence with young people on all continents. Her lecture—which held spellbound the commercially minded members of the Chamber of Commerce—is the medium by which Miss Moore displays her dolls in an unique manner which tells the story of the world. Music will be furnished by the string quintette from East High School. Advance reservations indicate that this will be the largest Daughter's Day in Denver Kiwanis history. Bring your daughters—all of them—but make your reservations before Tuesday afternoon.

A. A. U. Prexy Willard Greim Depicts Denver As Leading Sport Center With Postwar Outlook For Amateur Athletics Brightest Ever

In a thirty minute address which traced the history of the Amateur Athletic Union and the Rocky Mountain Association, President Willard Greim told Kiwanians last Wednesday that army life and emphasis on competitive sports would result in unprecedented interest in athletics in the postwar era. Greim, in addition to being president of the A. A. U., is director of recreation for Denver and head of the public school athletic program.

Some forty organizations make up the A. A. U., Greim pointed out. The national organization has only two paid officials and is dependent upon the active cooperation of its member groups to carry out the work of the Union which includes not only local and national sport events—such as the basketball tournament now in progress in Denver—but also directs American participation in the Olympic Games. The Union represents the United States on some twenty odd international sports committees.

In recognition of the timeliness of the athletic meeting last week the head table was graced by such noted sports figures as Kiwanian "Cac" Hubbard, director of athletics at Denver University, Chester Nelson, sports editor of the Rocky Mountain News, Lou Wilke of the Phillips Company—sponsors of defending champions in the basketball tourney, J. Lyman Bingham of Denver who holds the title of Assistant to the President of the A. A. U., and Bob Russell, former president of the Rocky Mountain A. A. U. Not at the head table, but with Kiwanian Alston McCarty, was the internationally known Dr. Forrest C. "Phog" Allen, Kansas basketball coach whose crusade for clean sports recently led to the cleaning up of a bad situation in New York City.

Visiting Kiwanians at the meeting were: Dave Simpson of Cheyenne, Senator Harry D. MacDonald of Colorado Springs who had with him Senator Arthur H. Laws of Denver, Dr. C. N. Gunter of Pueblo, P. L. Corbin of Boulder (guest of Charley Draper). Service guests included Corporal Lynn F. Reynolds, nephew of Harry G. Goodheart, and Captain Darrel Brady, nationally known speaker who was in Denver to address the Knife and Fork Club—Capt. Brady was Art Naylor's guest.

Dr. Bob Starks, whose antics as Kiwanian of the Day reminded "old timers" of the days when Bob wielded a mean gavel each week, gave a sterling

performance — although Al Hardy swears Bob has slowed up since the "good old days". Fred Cox gave his usual inspiring invocation (ever notice how they seem to come straight from his heart?).

Committee For Clothing Drive Set

Following a special meeting of the Board of Directors, and conferences with city officials and representatives of Lions, Rotary, and church organizations last week, President Paul Rous announced the appointment of a special committee to direct Kiwanis activities in the United National Clothing Collection set for April 1-30.

After consultation with Fred Kirgis, coordinating chairman of the War Service Committees, Rous appointed George Brandenburg to head the Kiwanis group which includes Msgr. John Mulroy, Dick Warner, Roy Hinderman, George Engel, Paul Spencer, George Rock, and Jim Parriott. Information on the organization of the drive has been received from both Kiwanis International and the New York headquarters of the drive. The national goal has been set at 150,000,000 pounds of clothing which will be cleaned and sent to war-ravaged areas throughout the world.

In addition to the three national service clubs, church organizations, civic clubs, schools, relief agencies, and various refugee organizations have coordinated their efforts to make the collection a success.

Happy Birthdays:

March 25—Russell Levein
 March 27—J. M. Appleton
 March 28—E. O. Alston
 March 29—Clarence E. Taylor
 March 31—H. J. Bleakley

April 26, 1945.

Mr. Walter F. McGinnis,
Attorney at Law,
El Dorado, Kansas.

Dear Walt:

Thanks very much for the information regarding Ray Frisby. I saw Kirk Scott this morning and he told me about Ray coming. Kirk was our sterling basketball player from Newton last year. He is a great boy and did a great job. He is a little undersized, but he was a giant when it came to courage and fight and finesse.

Yes, sir, you can tell Ray now that he has a job for the summer and for the fall. It will pay him 50¢ an hour, and he can work as many hours as he likes. I never promise anything unless I can make good at it. So you tell Ray that I will be happy to meet him.

By the way, Kirk Scott said he was coming up this weekend, and I am planning on seeing him. He was up last week-end, but Scotty missed connections as he expected to introduce him to me then. They tell me Ray is a good student. I am dropping him a short note so that he will feel somewhat acquainted.

Yes, Walt, it doesn't seem like 24 years since you were here. I remember those old contacts and I have cherished the memories of you boys of earlier days.

I had a letter from Harold E. Long on April 9 telling me about Ray. I am glad to see you Eldorado boys on the ball.

I will be glad to see you when opportunity affords.
Thanks for your kind words.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

F. C. Allen
University of Kansas
Lawrence, Kansas

Dear Phog,

We are sending a seventeen year old high school graduate to K. U. for summer and fall, as he will not be eighteen till January. He has been an excellent high school basketball player and might do you some good. Under any condition, I wish you would try to find some kind of a job for him, as his family is not financially able to pay his entire way. He is a mighty nice boy and deserves every break possible.

His name is Ray Frisby and he lives at 200 North Star, here in El Dorado.

It does not seem like twenty-four years since you used to twist my legs and etc., but time does get away and of course we old grads do not forget and we always like to remember you for the many personal favors you did as well as the excellent job you have done coaching.

Wishing you continued success, I remain,

Sincerely yours,

Walter F. McGinnis

Dear Phog:

Was glad to get your telegram of this morning and to know that you have decided to come out to the tournament. Reservations have been made for you at the Brown Palace Hotel, starting next Sunday and continuing through Tuesday night. I wish you would call me at my home after you arrive in Denver and get settled. Jack Carberry would like very much to see you. He is confined with a broken leg at the Denver General Hospital, but is anxious to see you.

I am planning to have one or two K. U. men, with some sports editors and prominent people in athletics at a luncheon in your honor at the Athletic Club next Tuesday at 12:15 and no publicity has been given your visit here nor will be given without your permission.

Enclosed, find guest card to the Denver Athletic Club, which I hope you will be able to use. It is just four blocks from the Brown Palace Hotel.

Yours very truly,

A handwritten signature in cursive script, appearing to read "Alston M. McCarty".

Military Training Activities
University of Kansas
Lawrence, Kansas

SUBJECT: Military Training at the University of Kansas.

TO: All interested male students.

1. A complete two years course in Basic Military Training in the Officer's Reserve Corps organization is available for all male students between the ages of 17 and 23, at this University.

2. Excellent facilities are provided in the New Military Science Building. They include free text books, well lighted class rooms, spacious drill hall and indoor rifle range. Uniforms are furnished by the Government.

3. Instruction is given by the Commandant and his assistant, a Technical Sergeant.

4. Four 50 minute periods of instruction are held weekly. Two hours of classroom instruction and two hours of drill and command. The Army Orientation Course is included.

5. The University allows one and one-third hours of academic credit for each trimester. Students taking military training may meet the compulsory physical education requirements by attending classes in that subject one hour a week.

6. ROTC training is recommended for all young students who anticipate joining the Military Service of the United States.

7. Applicants may call at the Military Science Building between 8:00 AM and 5:30 PM daily or phone, Branch 51, KU.

8. Enrollment in ROTC must be completed on or before 15 March 1945.

Mr. C. E. McBride, Sports Editor,
The Kansas City Star,
Kansas City, Mo.

Dear Mac:

I noticed in your sport column where you stated that I was to speak to the Parkville boys and girls teams tonight. I am sending you a list of some of my speaking engagements starting on March 14, after the basketball season was over.

When you speak in this grapefruit and lettuce league, only they don't serve grapefruit any more, you get a little lettuce and sometimes some chicken pie. But the days of rationing have cut down the supply. However, the demand is still for an animated cartoon to appear before athletic and other clubs. Some say that when three Americans get together we will have speeches. Well, I guess that is true because I have quite a group to appear before.

I had planned to have a visit with you on March 27 at the Casey Stengel get-together, but Ernie Mehl said that you were not feeling well and could not make it. I spoke at noon to the Civil Engineering Society at the Hotel President, and had I known that you were not going to be at the dinner I would have looked you up between the noon and evening engagements. I went down to Lowe & Campbell's and we had quite a long visit with Red Brown, going over his early high school days in Kansas City.

I trust that you are feeling well again and that the grandchildren are not taking granddaddy for too many rides. And they are not the horseback kind that I am speaking of, either.

With best wishes to Grandpa and Grandma McBride and the rest of the McBride clan, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
