Mr. C. E. McBride,
The Kansas City Star,
Kansas City, Mo.

Dear Mac:

I am sending you a carbon copy of a letter that I have written to Reaves Peters. This is confidential and I would not want you to use it in any way - it is just for your own information.

Sec Taylor saw the game and I am sending you a copy of the letter that I have written Sec. The only people to whom I have sent copies are you and Sec, and of course to George Veenker and Louie Menze.

It is a pretty tough spot in which to win a ball game. As you know, all of the fellows around that area are stating that it cost too much to bring the boys to Kansas City, but Louie, who happened to live in Kansas City, always has officials here in Lawrence that he has had very close contact with - previously Parke Carroll, Reaves Peters, Eddie Hogue, and those boys, while we take fellows many of whom are "homers", and certainly all of them never get out of that territory. We are getting pretty much fed up on that Iowa State provincial attitude, and certainly for the future we want officials that work at Lawrence and other places once in a while, as well as at Ames.

I missed your sport column last night and hope that you are not ill. Take good care of yourself, mister.

Sincerely yours,
