Physical Education
University of Kansas
Lawrence, Kansas

Dear Friend:

A summarization of the reports of the twenty-four Health and Physical Fitness Institutes held in Kansas on December 5 and 12 shows a total attendance of 1,021 with approximately three hundred different high schools represented in this total attendance.

This department in particular and education in general owe each of you who attended the Lincoln Institute and later assisted in a local institute a deep debt of gratitude and appreciation.

No doubt the attendance was curtailed very much due to the unusually bad weather prevailing on the above named week ends.

Fifty copies of the course of study in Physical Fitness Through Education for the Victory Corps were received by me and were distributed among those who attended the Lincoln Institute. I am sorry we did not receive more copies. Additional copies may be secured from the Superintendent of Documents, Washington, D. C., at .25 per copy.

Again thanking you, I am

Yours truly,

Geo L McCleddy
