

our Naval engineering program and it may be that some of them will be football timber.

We had no spring practice, as you probably know. It seems to me that the important thing about football next fall will be the question as to whether the competition will be even. I have observed that regardless of the caliber of the teams competing there is a great deal of interest if the teams are evenly matched. But if one team should be head and shoulders above the others, then the interest lags.

I have enjoyed reading your column for a number of years. You were very kind to me in your column on several occasions when I was coaching at the Junction City High School.

I trust that this information will be of some help to you, and if you would like any additional material I will be very glad to try to supply it.

Very sincerely yours,

Henry Shenk,  
Football Coach.
