

because Adolph Rupp is not well physically. I'll bet you a pretty penny that the niggardly action of the N.C.A.A. is ringing a death knell for future tournaments.

At the time the boys were in Kansas City they were allowed but \$5.00 per day for their expenses, and that included taxicabs, hotel, shows, meals, and what have you. It is a lot different when the boys go to the Rose Bowl or Sugar Bowl game where there is entertainment and places to be entertained.

But I will stay out of that. I just wanted you to get this angle. I think it is a hot one.

When you have finished with the enclosed tear sheets return them at your convenience for my files.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
