Dr. Earle G. Brown
Commissioner
Department of Health
Bar Building
Mineola, New York

Dear Dr. Brown:

I was just cleaning my desk and staying here during Easter vacation to catch up on my correspondence when I ran across your good letter written January 3, telling me of your very unhappy experience in putting Mrs. Brown away. There is nothing that any of us can do, but I want you to know that we understand and sympathize.

I am sure that under the conditions your philosophy is equal, indeed, to the situation. When a person has to suffer so extremely and is racked with pain, I am sure it is a pleasant thing when they do not have to suffer longer.

I would enjoy a visit with you but I do not know when that time will come. I did enjoy meeting Mr. Barron but under the conditions the meeting was saddened by the message that he bore.

Yes, Bob is registered at the University of Pennsylvania. Dean Pepper accepted him when he had his conference in Philadelphia prior to the Temple game, and we are all very happy about it. Mrs. Allen and I were gladdened further last week when it was announced that Bob had made Phi Beta Kappa. I believe that Bob is destined to continue his fine work.

Thank you so much for a copy of your good letter that was written to the Sigma Nu boys back at Penn. It does meet with my approval and I thank you very much for your kindness. I will not, of course, say anything to Bob about the matter.

With deep appreciation and kindest personal regards, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
