

January 11, 1938.

Mr. Waldo Bowman,  
268 Ridge Road,  
Douglaston, Long Island, N.Y.

Dear Waldo:

Thank you for the Christmas card to the Allens from the Downans. I appreciated your nice note on the back of your Christmas message regarding "Better Basketball". The printing and the binding, as well as the general get-up, are fine, and Mrs. Allen and I are certainly happy about it.

I want to thank you for all the hours that you spent on the production. It was great of you to do what you did.

Won't you let me know when you are out of liniment, as I will want to send you another bottle. I still use it, and I think it is fine. Be sure to inform me when your supply is depleted.

We got knocked off by Oklahoma last Friday night, which was no great surprise to me.

I trust that the Bowmans are well. Write me how splendidly John locked in the Garden. It must have been a great thrill for you to see western teams knock those cocky easterners into the East River, or the Hudson - which was it, or was it a river?

The Allens love to the Bowmans.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
