GALAMAK RAGLAN

GALAMAK Raglans are tailored IN SCOTLAND from our finest 18-20 ounce home-spun tweeds, 100% pure virgin wool. The cloth alone wholesales today in the United States for \$21. The largest clothing factory on the Pacific Coast charges \$18 just to "cut, trim and make" similar coats. In the last War, coats of this quality retailed up to \$90. Already Harris, only Scottish tweed even comparable to GALAMAK, has DOUBLED in price since 1939. Domestic woollens are up 25%. Have you protected yourself against inflated clothing prices?

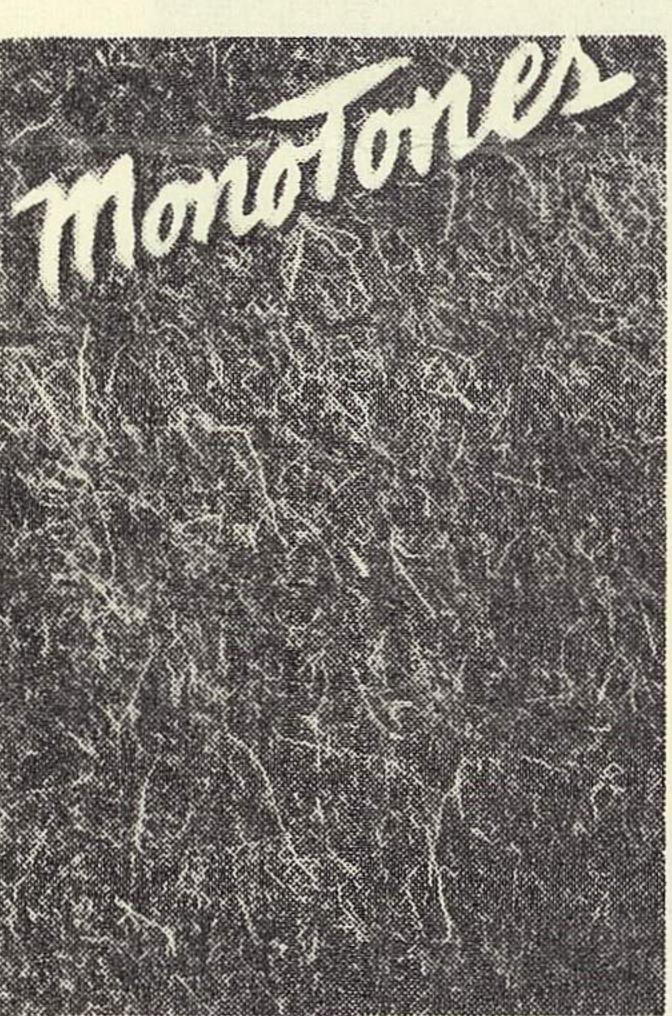

Not for years—perhaps never again in your life time, will \$35 buy "so much" coat. We retailed scores of GALAMAK Raglans this winter in Los Angeles at

On February 7, Mr. S. R. Pickens, 2600 Hawthorne Ave., Richmond, Virginia, wrote by air mail:

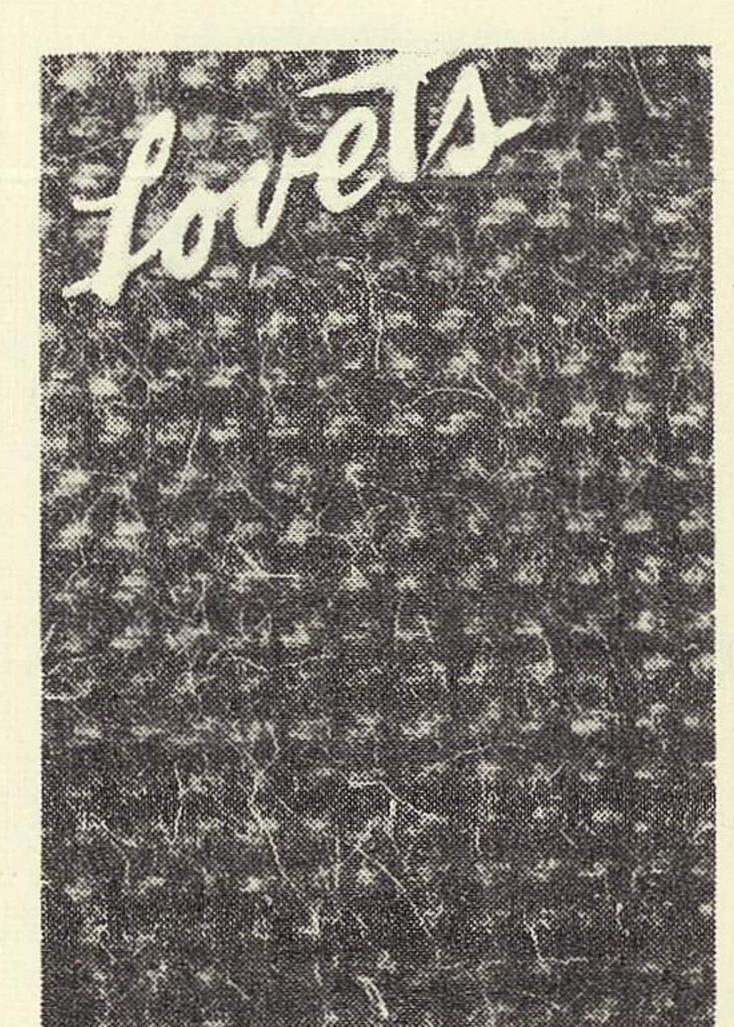

"I am not persuaded that I can buy a coat with any satisfaction by mail. At the same time, I have a sneaking idea that you have something good. If you want to send me one of your coats C.O.D. and give me privilege of examination, I assure you that I will accept it — if it is satisfactory at all."

On Feb. 10, we shipped TWO coats to Mr. Pickens to give him a better selection. On Feb. 21, one coat was returned, along with Mr. Pickens' C.O.D. remittance from the Railway Express Agency.

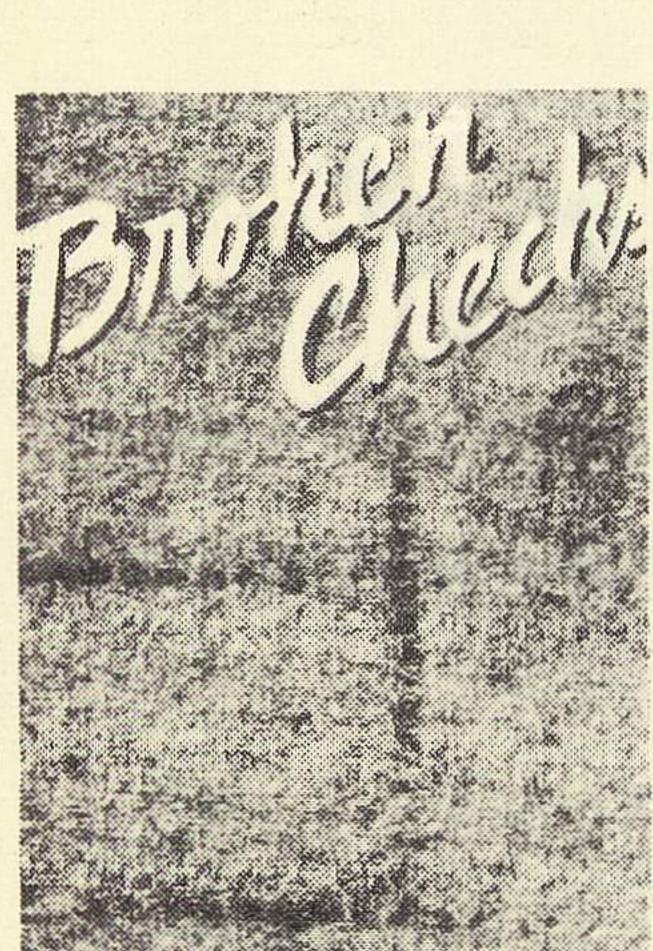

Mr. Pickens is a manufacturer's agent — a keen judge of merchandise. Besides his GALAMAK RAGLAN, he bought a dozen GALAMAK Pure Wool
