

March 14, 1940.

Mr. C. E. McBride,
Sports Editor,
Kansas City Star,
Kansas City, Mo.

Dear Mac:

I have received glosses and publicity material for the N.C.A.A. tournament from Rice Institute, University of Southern California, and University of Colorado. Colorado, however, sent mats, and I have requested that they send glosses.

The publicity men at Colorado and University of Southern California inform me that they have also sent you copies of their material on the basketball teams.

Is there anything further that we can do to help out? I am sending Horace Mason, our publicity man, down to Kansas City to be on hand to write up some of this stuff as it comes in.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
