

Lawrence, Kansas
August 9, 1940

Mr. Phil C. Brooks,
Director of Athletics,
Fishburne Military School,
Haynesboro, Virginia.

Dear Mr. Brooks:

Your letter of August 6th addressed to Dr. F. C. Allen has come to the office during his absence. Dr. Allen is at the University of Texas for a short basketball coaching clinic and will not return to the University of Kansas for several days.

In order that you may have the information that you desire I am taking the liberty of forwarding your letter on to Mr. H. V. Porter, of Chicago, who is secretary of the Basketball Rules Committee. I am sure that he can advise you in the matter of backboards.

Sincerely yours,

Secretary to Dr. F. C. Allen.

August 23, 1940

Dr. Dana X. Bible
Director of Athletics
University of Texas
Austin, Texas

Dear Dr. D.X.:

To say that we enjoyed your magnificent hospitality would be mildly putting it. You are a great host, D.X. and Mrs. Allen said she never enjoyed herself any more at any time than she did in your lovely home.

Bill and Sonny had a fine time swimming. We regret that we did not get to see Mrs. Bible and the daughter, but I am sure that their trip to the coast was a most satisfying one. Please give the Allens' greetings to Mrs. Bible when you write.

Again thanking you for your extreme thoughtfulness and hospitality, and with kindest regards and best wishes for a great year, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach

OFFICE OF ASSISTANT DEAN

June 14, 1940

Mr. Charles Bradford Black
Box 148
Overland Park, Kansas

Dear Mr. Black:

I am sorry to have to inform you that your record (see below) for the period just closed is unsatisfactory. Based upon the facts which the Executive Committee now has, it appears that you should be advised to withdraw.

You should see or write your adviser at once and if there are extenuating circumstances which caused the poor grades, the Committee wishes to have them in hand when your case is recommended for final action. If you feel that this action is unfair I would be glad to have a statement from you and your adviser, Professor James before June 22, 1940.

If the final action of the Committee differs from that indicated above, I shall notify you.

<u>Subjects</u>	<u>Credits Carried</u>	<u>Standings</u>	<u>Grade Points</u>
Agronomy 1	3	B	6
Chemistry 1b	5	D	-

I. L. Baldwin
I. L. Baldwin
Assistant Dean

(over)

June 14, 1940

Mr. Charles Bradford Black

Box 148

Overland Park, Kansas

Dear Mr. Black:

The grade point system is used at the University of Wisconsin as a means of determining the quality of the student's work. "Passing" grades of "D" are not enough to keep a student in college. The lowest degree of satisfactory work is an average of "C". When the standings are above "C", the grade points increase proportionately, and with sufficient increase may bring the student honors or high honors. Points are awarded on the following basis:

- For grade of A (93-100) 3 grade points per credit.
- For grade of B (85-93) 2 grade points per credit.
- For grade of C (77-85) 1 grade point per credit.
- For grade of D (70-77) credit but no grade points.

In the Agricultural Course 26 credits and 26 grade points are required to become a sophomore. In the Home Economics Course 25 credits and 25 grade points are required to become a sophomore. Sixty credits and points (58 in home economics) are required to become a junior and 95 (88 in home economics) are required to become a senior.

The following actions may be taken by the Faculty according to the seriousness of the case:

(a) *Warning*: A student is warned that his record is unsatisfactory if it contains incompletes or grades of D, E (condition), or F (fail) such that grade points are slightly less than credits and below those of the average student schedule. Students may also be warned whose records are lower than the previous semester's record.

(b) *Probation*: A record lower than (a) indicates that the student is not working or possibly lacks the ability to do satisfactory college work, and he may be placed on probation, continued on probation, advised to withdraw, or dropped according to the degree of deficiency. A student placed on probation forfeits certain privileges and must improve his scholastic work during the next semester if he is to avoid a more severe action.

(c) *Continued Probation*: A continuance of conditions described under (b) but not justifying advising the student to withdraw or dropping him.

(d) *Advised to Withdraw*: The student is "advised to withdraw" when his record is such that in the opinion of the faculty his withdrawal is to the best interests of both the student and the University. If credits and grade points be carefully considered it will be seen that a disproportionately long time would be needed to enable the student to complete a course at the present rate of progress. If the student, after consultation with parent or guardian, desires to continue work in the University on strict probation, he may do so, but the faculty earnestly requests the parent, or guardian, to consider the whole situation very carefully before deciding to return the student to the University.

(e) *Dropped from University*: If student's record is such that this action is taken, the student cannot continue in the University unless the action be changed by the Executive Committee on the petition of the student.

I. J. Baldwin
Assistant Dean

Dept. 25, 1940

Dr. Allen:

Mrs. Black called and gave the following grades
for the courses Charles has taken in Wisconsin.

Agronomy	3 hrs.	B
Chemistry	5 hrs.	D
English	3 hrs.	C
Mathematics	4 hrs.	D
Phy. Ed.		Incomplete (sinus infection and did not pass swimming test)

lg

Sept. 30, 1940

Dr. Allen:

Miss Teeter called to leave this message:

Charles Black's transcript is in. The transcript is not very good, and Charles will have to be admitted on probation. He was advised to withdraw from school in Wisconsin, but was given an honorable withdrawal. Dean Lawson said Charles could be admitted here on probation. Because of a great amount of typing necessary, the Advanced Standing office cannot be ready for Charles' registration by 3:00 this afternoon; but, if Charles will come up at 3:00 he will be given a permit to register this afternoon.

lg

July 29, 1940.

Mr. H. Roe Bartle,
National Boy Scouts of America,
Land Bank Building,
Kansas City, Mo.

Dear Mr. Bartle:

I learn with a great deal of pleasure that you will speak before the Educational banquet at the University of Kansas next Wednesday, July 31.

I have already procured tickets for Mrs. Allen and myself. It will be a pleasure to see you and hear you again.

With all good wishes, I am

Very cordially yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

FCA:AH

July 30, 1940.

Miss Ruth Baker,
N.Y.U. Camp,
Sloatsburg, New York.

Dear Ruth:

I am very happy to fill out the recommendation blank and send it in. It is always a pleasure to do anything I can for you.

Your summer work sounds very interesting, and I know you are getting a lot out of it.

Our Summer Session has been very enjoyable. We have a fine group of students, and our playground project in the evenings has been most successful. I expect to leave next week immediately at the close of the Summer Session for the University of Texas where I am to conduct a short basketball coaching course. Then the following week I am to be in Topeka for the Kansas High School Coaching School. After that Mrs. Allen and I will probably drive to Louisville for a visit with Mary and her family.

With best wishes to you, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

Sloatsburg, New York
July 22, 1940

Dr. F.C. Allen
Lawrence, Kansas

Dear Dr. Allen,

Again I call upon you for help. I am placing my name on file at the N Y U Appointment Bureau and need a few references. I shall appreciate any statement you might wish to make on the enclosed blank.

Half of the summer session is over already. My how time does fly. I have a test in Safety Procedures this afternoon. It seems that all of the teachers think this is the end of the semester and they got together and decided to give final exams on this first semester's work. However I don't let it bother me. I've learned that worry over tests is a bad thing. Alice is now concentrating on a test in Principles. That is the main course here and everyone worries over the tests in it.

Most of the past week has been perfect camping weather. I was ~~in~~ the city Saturday, spent the day at the fair and was it ever hot. Perhaps I noticed it more because I was dressed up rather than in my shorts as I'm used to wearing here.

Next Saturday is Columbia University day here in camp. About 35 Columbia students are coming out to spend the day playing tennis, badminton, swimming, baseball, etc. then stay for the camp dance Sat. night. It's always a big day especially for those of us who are on the committee and are responsible for seeing that everyone has fun.

I must close this and get to work. I hope this doesn't cause you too much trouble. Thanking you for any help you may give me, I remain

yours truly,

Ruth Baker,
N.Y.U. Camp,
Sloatsburg, N.Y.

H. ROE BARTLE
LAND BANK BUILDING
KANSAS CITY, MISSOURI

Bartle's Ranch
Osceola, Missouri

August 3, 1940

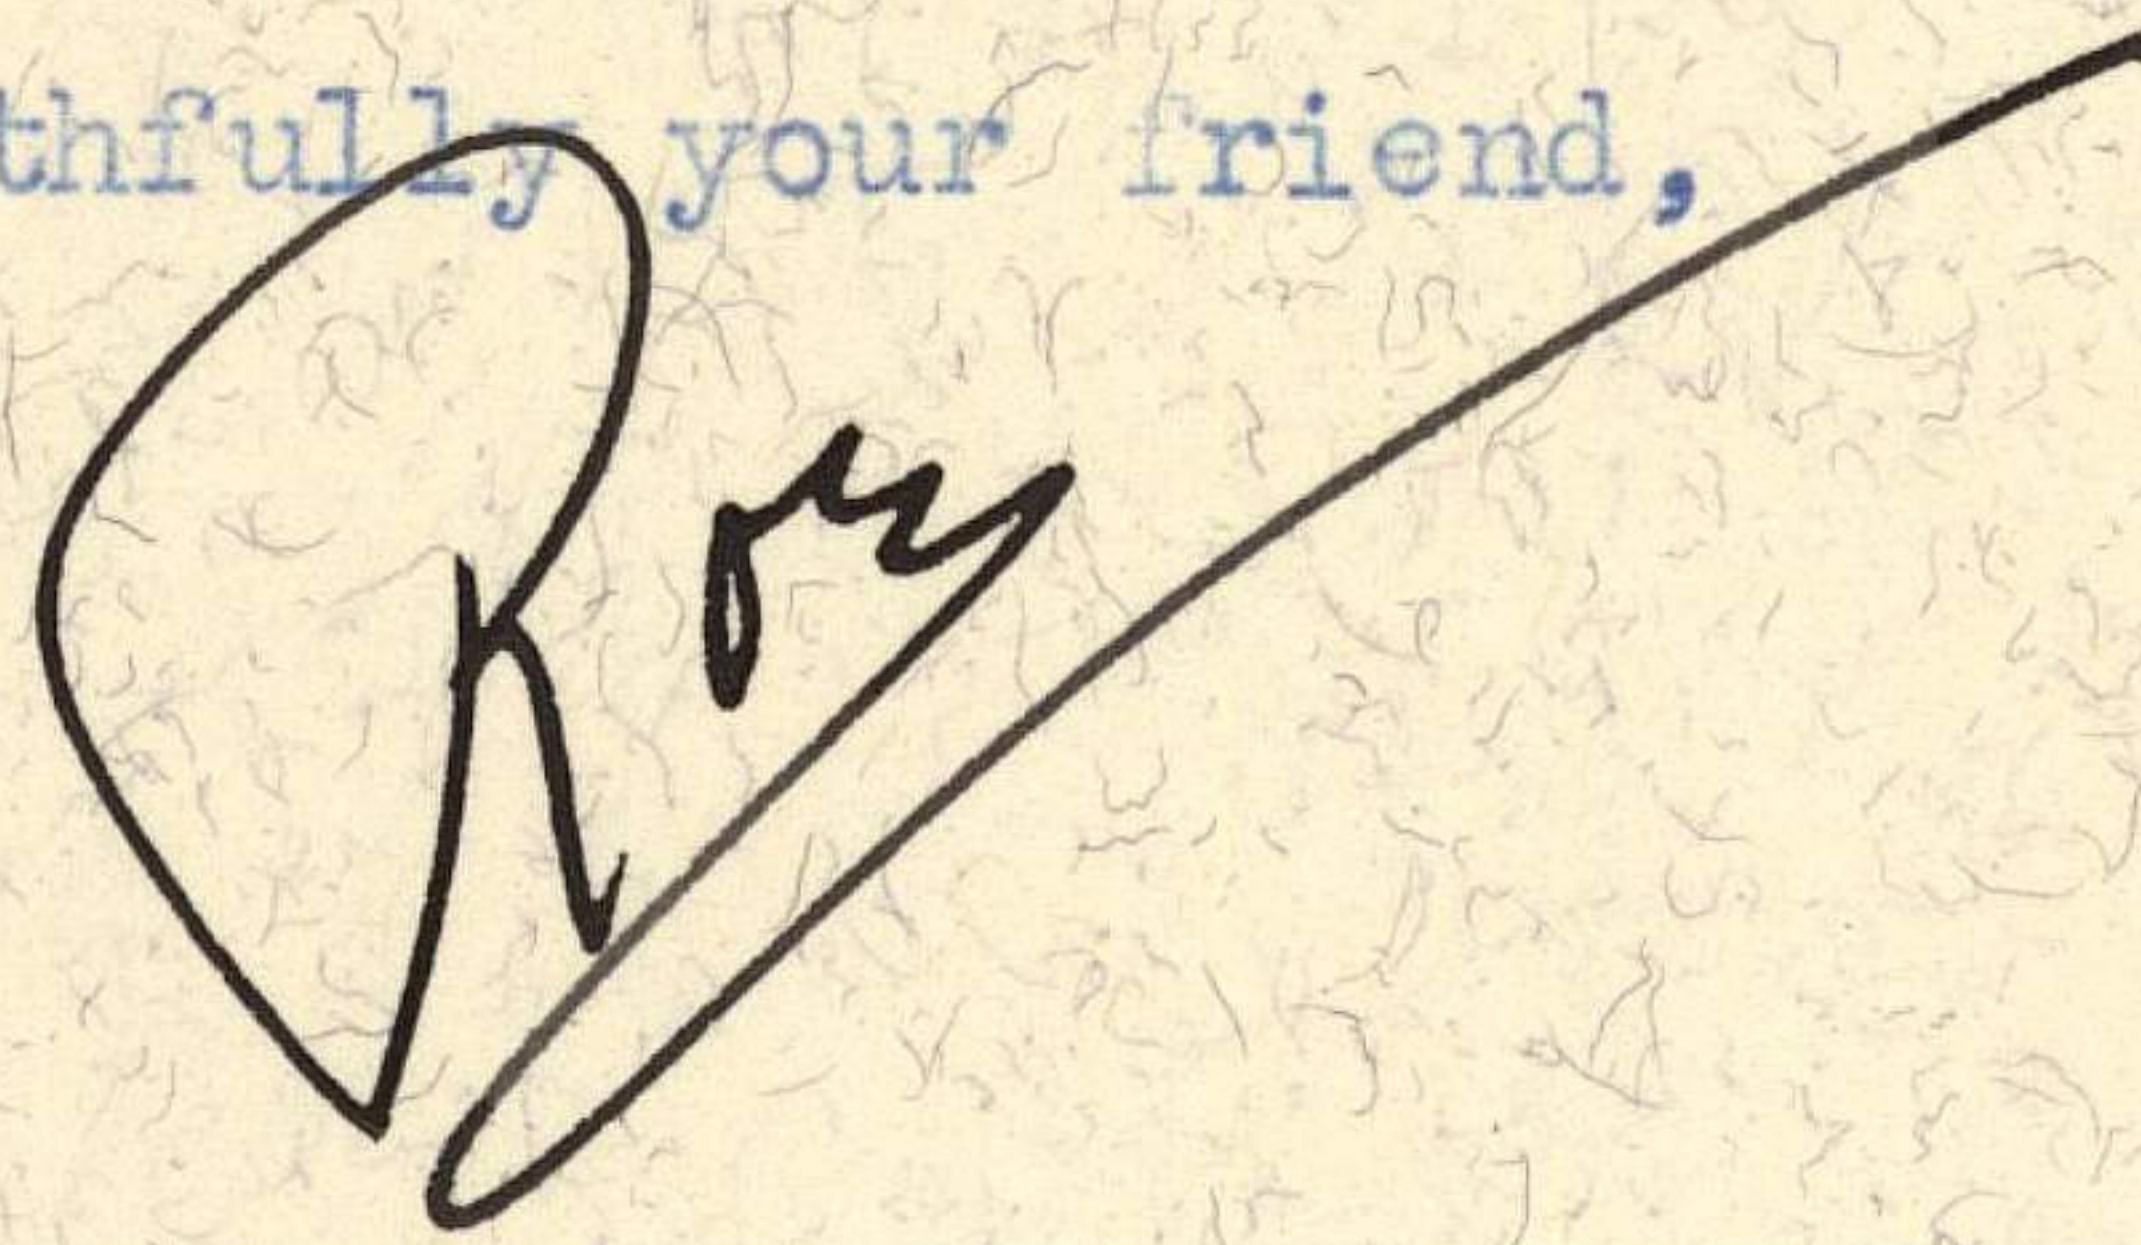

My dear Dr. Allen:

I greatly appreciated your fine cordial note of July 29 - and, even more, your presence at the Educational Banquet in the Union Building last Wednesday evening.

You and Mrs. Allen were both mighty good soldiers to come to a banquet on that beastly hot night and listen to the "windjamming" of your big friend from Kansas City.

With all good wishes and kindest personal regards, know me to be

Faithfully your friend,

A handwritten signature in dark ink, appearing to read "H. Roe Bartle". The signature is stylized and written in a cursive-like font. A long, sweeping horizontal line extends from the end of the signature across the page.

Dr. Forrest C. Allen,
Director of Physical Education
and Recreation,
University of Kansas,
Lawrence, Kansas

July 19, 1940

Miss Ruth Baker
N.Y.U. Camp
Sloatsburg, New York

Dear Ruth:

We were very happy to have your very interesting epistle of the 16th instant. My how time flies! This is the fifth week of summer session here and it seems as if we have only begun. We have had marvelous weather this summer up until yesterday and then it bounced up to 104 and they say it is 105 today. But it doesn't seem like it to me because I refuse to get a heat complex. If a fellow just keeps busy he forgets about the heat and all the things that the human flesh fall heir to.

Congratulations on your Intersession grades. When you can pick an A from a complex prof you are okay. That is not saying that you did not work for it, but even then I know some people who work hard and still they do not get them, so orchids to you.

Tell Alice hello for the P.E. group who are holding the fort here. Dr. Elbel and I are both teaching, and our summer recreation course has bounded to a new high. They say it is the talk of the town and, really, I believe it is bigger and better than ever. Tuesday night we had a street dance, using corn meal with no mush, and the aggregate numbered 650. Next Tuesday we go to the Union Ballroom, which has just been re-finished, and we expect a juvenile mob because it will be mostly jitterbug. We are having a twelve-piece band, and having a special cooling system installed; one that is portable. It is big enough for a pool hall, but of course you do not know what a pool hall is--well, a billiard parlor then. They have sold two of them to billiard parlors around here, so we turned our personality on them, used the necessary sales resistance and got them to loan us one for this frenzied festivity. We can work out something practical--for next year when it is excessively warm we will have the street dance--between the anatomy building and the quadrangle, the short street that runs north and south--and when it is cool we will go to the Union. We will play the weather on a hit and run basis.

Yes, we are quite sure that Catherine has received the favorable nod of the Board of Regents, and her appointment should be announced in the very near future.

We had quite a lengthy letter from Elizabeth MacCurdy and she told me of Dr. Leigh Mac's enrollment in his effort to fight the war on this side of the water. She said that she was a widow but it seemed good to loaf and do the things she desired to do.

Now, the surprise. You state that you are contemplating a change. In what region of the U.S.A. do you expect to give the folks a break? I am hoping that it is better and a more lucrative position than the one you now have. Well, in fact, I know that would be the case, else you would not make a move. I would appreciate your letting me know at the earliest possible moment when and if you decide. We are having quite good success in placing our teachers but you know everyone we place makes everybody that much happier. Won't you write me confidentially? I assure you I will not give away any secrets, but we have one or two people that we are quite anxious to see move up and others to move in.

Your kind invitation to drop in at Sloatsburg before August 9 is a very happy invitation, but unfortunately when our school is out here August 7, I leave immediately for Austin, Texas where I am to teach a so-called Masters Coaching School at the University for one week. You can imagine what I can teach anybody in one week; well, that is their plan. I am merely to augment their regular summer basketball classroom instruction. Then the next week I come back to Topeka, Kansas for a week for their Kansas State High School Coaching set-up there. By that time it will be August 24 and I think I will begin planning on some sort of vacation.

I imagine you will be wending your way back Kansasward if you expect to teach in our commonwealth another year.

Give my kindest regards to Dr. Nash and Dr. Lloyd. I am very happy that the N.Y.U. people have some of our star students. I am sure that they will have a pretty good idea of our material.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

FCA:lg

Sloatsburg, New York
July 16, 1940

Dear Dr. Allen,

Camp is just as interesting if not more so than last year. Two weeks have passed by so quickly, I've hardly gotten started. I'm taking Problems in Phys. Ed. under Dr. Lloyd. It keeps me wondering where I am most of the time. I'm also taking a course in Safety Procedures. It isn't so interesting but is required so I guess I better take it and keep still.

I received my Intersession grades last week and found that all of my efforts weren't wasted after all. The six points of A look all right on my transcript. I'll admit I had to work for it but what do we get this day and age that we don't work for?

Tennis, badminton, ping-pong, swimming, canoeing, sailing, and dancing furnish plenty of exercise for everyone in camp. Occasionally I study. This is just like a vacation after being in New York City for a month slaving on those education courses.

Alice Paden is my room mate here in camp. She's enjoying the six point Principles course under Dr. Nash that I took last summer. Dr. Nash is one grand fellow.

I had a letter from Elizabeth D. MacCurdy today. Leigh is at a camp somewhere this month so Eliz. is a widow. I tried to get her to come out and visit camp but she seems to be too busy. I hope to get in to see her before I go home. Is Catherine going to take the

job at K U ? I'm sure she would be a fine one to have it. I am contemplating a change and in case I do take another job I'll let you know; perhaps you could place another KU graduate in my place.

It's nearly time to go to class so I'll bring this to a close. Give my regards to the people around the gym. In case any of you are traveling in the east before Aug. 9, be sure to stop at NYU Camp and enjoy one (or more) of our good meals and experience the congenial atmosphere that prevails here at all times. I really think every Phys. Ed. person should at some time visit this place -- and I get no commission either.

Must go to class.

as ever

Ruth Baker
N. Y. U. Camp
Sloatsburg, N. Y.

July 8, 1940.

Mr. H. Roe Bartle,
Boy Scouts of America,
Land Bank Building,
Kansas City, Missouri.

My dear Roe:

Quite some time ago I cut out a clipping from the Kansas City Times in which you were signally honored as being one of the three distinguished citizens in Kansas City, Missouri. I expected at that time to write you and congratulate you upon this exceptional citation, but like my other procrastinations, I failed. In running through some of these things that I had saved out for special attention I find this clipping.

Congratulations, many times, upon this merit!

I am teaching eight weeks in the Summer Session here, but I still have that promise of buying that dinner or luncheon definitely in mind, and I will surprise you some day this summer or fall, I hope. I have a coaching school down in Texas, and go to Topeka, Kansas, later in the summer for a coaching school, but I have not forgotten the extreme kindness you paid our National Association of Basketball Coaches and with what enthusiasm it was received.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

FCA:AH

P.S. This does not require a reply.

Wednesday, July 9th

Dear "Doc" -

I am so glad that you wrote -
mentioning the fact that the men in
the department also shared in the
presentation of the lovely gift I treasure
as a remembrance of the many happy
hours I have spent in the work of the
department - as well as the many
more - perhaps - I suffered in the
throes of growing pains - trying to grow
into that much too large pair of
shoes I stepped into - I am glad
because somehow I harboured the
impression that you and Joe and Ruth

were the donors - even though the note enclosed plainly said " fellow faculty P.E.?" I have already written to Ruth and Joe - and today I am visiting Herb, Jim, But, and Doc Ebel. I am grateful to you for bringing this illusory impression to my attention. As I do not have But's or Jim's address - I should greatly appreciate your sending the letters on for me.

I heard again yesterday that the job at Washburn College here in Topeka is still open for some lucky girl. Has anyone in the department made a play for it? It seems too good a chance to

pass up altogether. Julia was
toying with it — but of course she's
no longer interested

I hope you are looking forward
to a pleasant vacation and a much
needed rest — no doubt. After a year's
tireless effort and gracious response
to the many demands made upon your
time — you are most certainly deserving
of the happy and restful vacation that I
hope will be yours to enjoy.

Thank you again — and please
extend my very best regards to Mrs. Hulteen.

Sincerely yours —

Jan

July 12, 1940.

Mr. George M. Bush,
B & L Concessions,
301-A Wirthman Building,
31st & Troost,
Kansas City, Missouri.

Dear Mr. Bush:

Thank you for your kindness in writing me as of July 10th.

Bowles told me nothing at all about your collecting the Longine Watch Company bill. He gave me the Longine name along with the others but he did not tell me whom we were to contact to collect the money or anything of the kind. It was only when I paid him 25% in cash of all the advertising he solicited that he told me about Longine.

Will you kindly write me again at once and tell me whom we should see at Converse, or whom we should contact? This also applies to Beacon Falls and Lashbilt. I imagine you contacted Schabinger, but we have no information on that and we desire to take it up with these people at once.

I must run in to Kansas City in the next few days and see Bowles regarding these Kansas City accounts that it is alleged he sold. I have checked on some of them and he has not collected from them, so I still think we have an opportunity to get out even.

We have not, at this date, received the copies of the programs that you were mailing under separate cover.

We may call on you again to help us collect some of these accounts but if you will be kind enough to send us the information we have asked for we will appreciate it, and if we fail we will call on you again.

I am not sure that I will have connections with the next program. Suppose we talk about this a little later.

Very cordially yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

FCA:AH

July 6, 1940.

Mr. Ralph A. Beegle,
Director of Sales,
Cerophyl Laboratories,
2458 Broadway,
Kansas City, Mo.

Dear Mr. Beegle:

It will be a pleasure to see you when you are in Lawrence next week. If you could conveniently tell me about the time of the week, I will make it a point to see you. I am teaching two classes each day, beginning at 9:30 in the morning and ending at 11:30. So I would like to arrange my day in order that I may have the pleasure of visiting with you.

Some of my afternoons are occupied in handling our softball league on Monday and Wednesday at 4:15, and then I have some other hours in the afternoons that require my full time. That sometimes starts at 1:30 and finishes about 3:30. I believe some of the fellows call this arduous task golf.

So I want to plan to see you.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

FCA:AH

July 3, 1940

Dr. Forrest C. Allen
Director of Physical Education
Basketball Coach
Kansas University
Lawrence, Kansas

Dear "Phog",

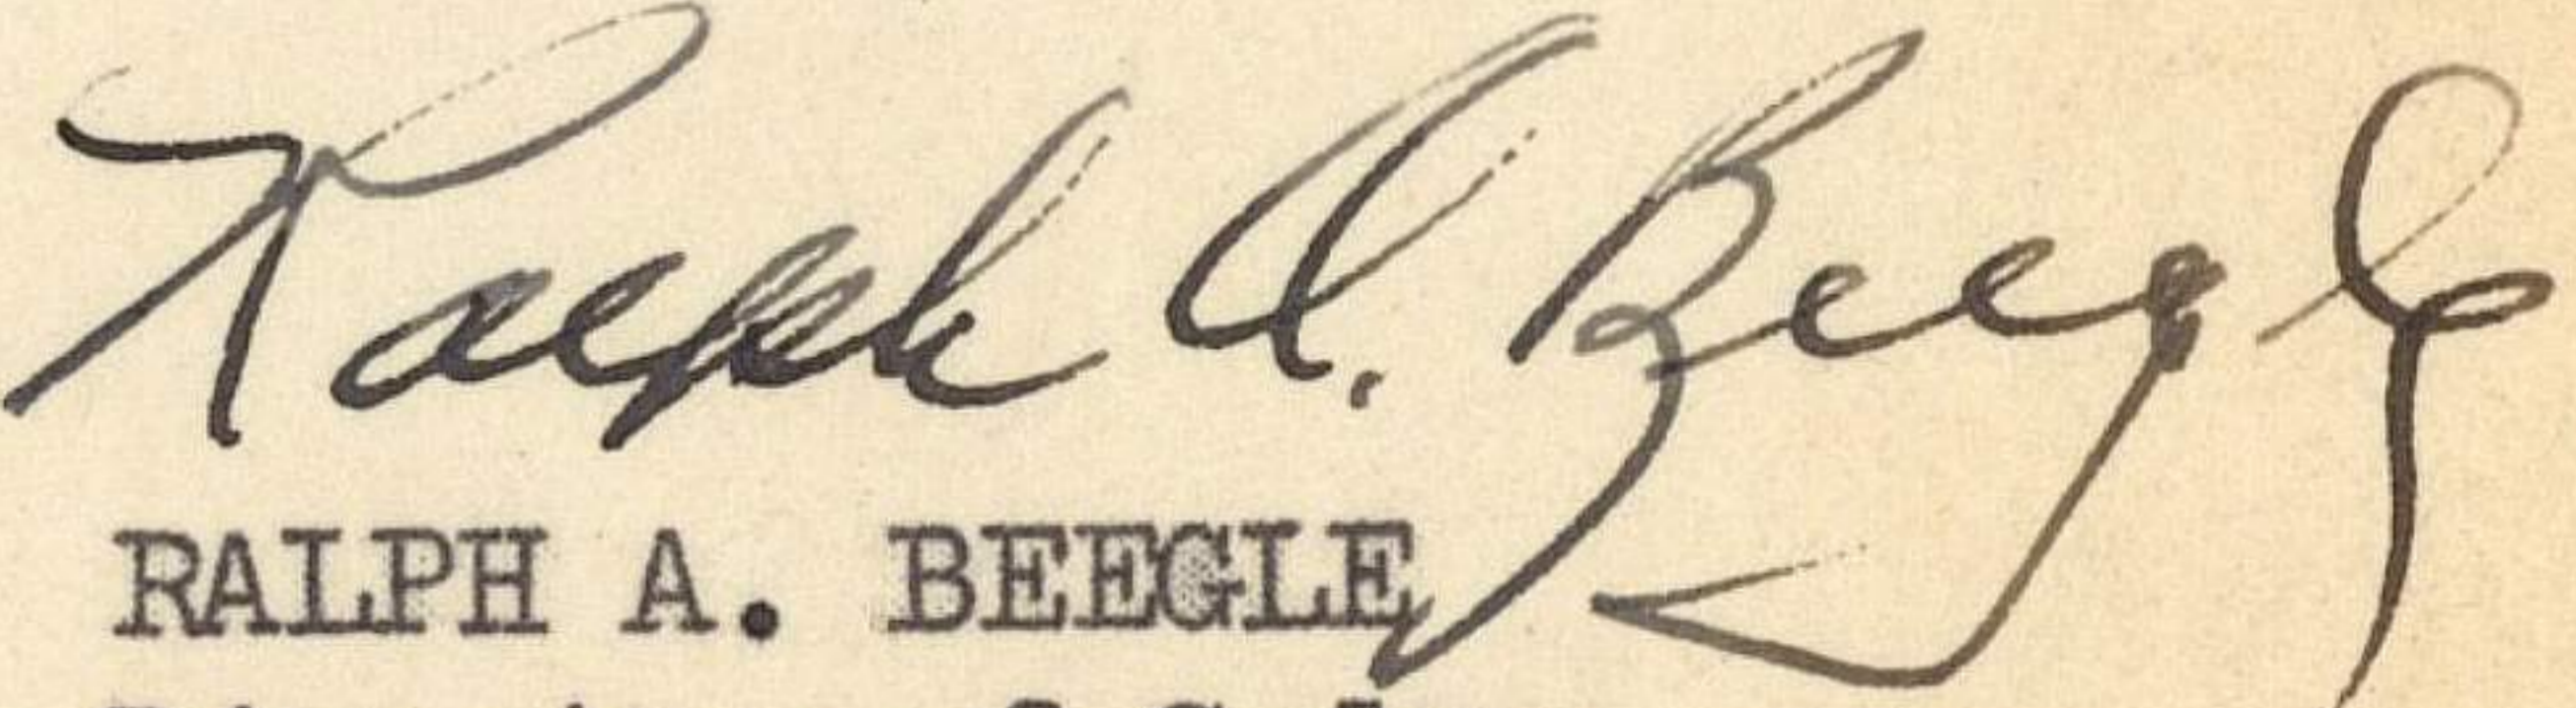

I hope you will excuse the familiarity but it seems only natural to call you Phog, and since having had the privilege, sat on your right hand when you were our speaker at the sales conference, I am taking the liberty to do this.

I know that you are interested in the physical condition of your athletes and want to keep it up to the highest peak throughout the year. To do this, you, as do many other athletic directors, probably use some kind of a vitamin product as a supplement to their diet. Furthermore, you have probably found most of these concentrated vitamins to be rather expensive. With these thoughts in mind, I believe you will be interested in the new scientific discovery that has received so much publicity in "Time, News Week, Readers Digest" and other national newspapers, to say nothing of the thousands of newspapers throughout the country.

This product is approved by the American Medical Association and is truly a natural food product containing every vitamin except D. There is nothing synthetic about it and it is probably the most economical vitamin on the market. It is called Cerophyl, a natural food product made from young cereal grasses.

I am planning to be in Lawrence the middle of next week and will call you with the hope of telling you more about vitamins in grass.

Very sincerely yours,

RALPH A. BEEGLE
Director of Sales

Dear Dr. Allen:

Pursuant to our conversation, we herewith submit the list of advertising sold by us in the Program for your Tournament of Champions, held at the Municipal Auditorium, March 22nd, 23rd and 30th;

Longine Watch Company, \$85.00, which we collected and retained as our commission earned on the basis of 25%, and for cost of phone calls incurred in obtaining our contracts, due to the short time in which we had to sell. Same was OK'd by Mr. Bowles.

Converse Rubber Company, Malden, Mass., \$50.00.

Beacon Falls Rubber Company, Beacon Falls, Conn., \$50.00, and

Last Bilt Basketball, \$100.00, these three were to have been paid to Mr. Bowles, and no doubt he received payment for same.

The accounts sold by Mr. Bowles, are as follows; Smith-Grieves Company, Kansas City Power & Light Company, Hotel Continental and WHB Radio Station.

Per your request we are forwarding under separate cover a dozen copies of the Program.

If we can assist you in anyway on the collections, you have but to call on us and we will be only to pleased to do so.

Also, since plans have already been made for the Tournament to be held in Kansas City, next year, we would like to handle the Program in its entirety and we will be
