Dear H. V.:

We have made reservations for the Coaches Association, the Rules Committee and the coaches of the teams who will participate in the tournament in Kansas City in March, at the Hotel Continental. The rates are \$2.00 for a single, and \$1.50 for a double room.

The Hotel Continental is close to the Municipal Auditorium, has a beautiful foyer, and has a marvelous atmosphere. I know that you are going to enjoy it.

I don't want to presume on your authority, but I knew the hotel so well that I felt sure this hotel could offer us the best accommodations possible. If you would like to write to Mr. Robin McGeorge, the manager, to make arrangements, I will be glad to have you do it.

With best wishes for a happy and prosperous New Year, I am

Dear Mr. Allen:

It occurs to me that the National Collegiate tournament may result in crowded hotels at Kansas City during the last week in March. For that reason, we should probably begin to make arrangements for the meeting of the National Basketball Committee. You are probably familiar with the hotel accommodations in that city. What do you suggest in connection with a meeting place and accommodations for the committee?

Yours truly,

Secretary

To Members,  
National Basketball Committee:

You will recall that the committee voted at the last annual meeting to hold the 1940 meeting in Kansas City, Missouri, on Saturday and Sunday, March 30th and 31st. The finals of the National Collegiate Tournament are to be held on Saturday night, March 30th, and provision will be made for the committee to attend that session.

This is to inform you that arrangements have been made to have the meeting at the Hotel Continental. Special rates of \$2.00 for a single room and \$1.50 for each person in a double room have been made. Since the National Coaches Association will be meeting during the same weekend, it will be best for you to make reservation at an early date. I suggest that you do this and mark your letter for the attention of Robin McGeorge of the Hotel Continental, Kansas City, Missouri.

Unless circumstances necessitate a change, the first session of the Basketball Committee will be on Saturday morning.

Material for Questionnaire

It has been the custom to make up the basketball questionnaire at a date early enough so that it will be possible to circulate these at some of the late season games or tournaments. Each member is urged to send suggestions for the questionnaire. Some time within the next week or ten days, you will receive a sheet which will outline some of the things which in the opinion of the chairman of the Questionnaire Committee should be included. You will have the opportunity of commenting on these and of making additions before the matter is definitely presented to the Questionnaire Committee for final action as to what is to be included. In the meantime, you should be giving this matter some thought.

Yours truly,

Mr. J. W. St. Clair,  
Director of Physical Education,  
Southern Methodist University,  
Dallas, Texas.

Dear Saint:

I have just received the personnel of the new 1940 Basketball Committee of the N.C.A.A., and I hasten to congratulate you upon being appointed to the chairmanship of that body.

Your appointment is in keeping with the thought that the chairman should be a sane and well-qualified individual who has had a large background of coaching experience, and yet is far enough removed from the actual competitive coaching to give him the necessary administrative balance. For that and many other good reasons I think the powers that be have acted very wisely indeed in selecting you as chairman.

May I also reiterate my high admiration of you as an able and efficient administrator and a man who gets along splendidly with people. These are the prime requisites of your position. It is not necessary for me to add that you may count on my loyalty and cooperation in all your endeavors.

With kindest personal regards, I am

Very sincerely yours,

Director of Physical Education and Recreation,

October 25, 1940.

From: John L. Griffith, Secretary of the National Collegiate Athletic Assn.

To: The Athletic Directors in the N.C.A.A. Colleges and Universities.

Subject: Athletics in the N.C.A.A. Colleges and Universities  
and National Defense.

Last summer President W. B. Owens asked Mr. H. W. Clark to go to Washington, D.C. and to ascertain, if possible, what was contemplated or being planned by the Government or the War Department along the lines of developing a physical and athletic training program.

On October 21st a committee of three, representing the N.C.A.A., met in Washington and the members of this committee conferred with individuals representing various governmental and other organizations regarding the part that the colleges might play in the efforts that are being made to defend America.

While no one probably knows at this time just what will be expected of the educational institutions, it seems clear that if the athletic, physical education and health education departments in the colleges and universities that compose the National Collegiate Athletic Association are conducting a satisfactory program, there would then be no need for the Government or the War Department to improve the work that was already being done.

It occurred to me that if a report of what the majority of the member institutions were doing or were planning to do by way of assisting in the defense program were made available to the proper officials in Washington that these officials would be glad to have such a comprehensive statement. Therefore, I, representing President Owens and as Secretary of the N.C.A.A., am attaching blank with the request that you fill it out and return the same at your earliest convenience.

On September 18th copies of a resolution adopted by the N.C.A.A. Executive Committee on September 6th & 7th were sent to all of the Presidents and Athletic Directors in the member colleges. Some of the university and college presidents have since then advised that they have decided to make physical education compulsory for the four undergraduate.

years as a means of training their young men not only for peace but also, if necessary, for war. Others have reported that their departments are cooperating in research studies dealing with fatigue and diets, and yet others have reported plans to enlarge the programs of athletics, laying out of additional play space, etc.

If you wish to cooperate in these matters, kindly fill out the blank and return at once.

John L. Griffith.
