Gentlemen:

"Dutch" Grover has asked that we submit a program at the earliest convenience for the annual convention in Kansas City.

I have just written you about the speaker for the banquet. Now, I want your ideas regarding the program. He is merely asking me for this, and I presume that I am to send it on to him as he will handle the program.

I would like to have your ideas on this at your earliest possible convenience.

Very cordially yours,

Chairman, Convention Committee.
