Mr. Forrest Allen
Director of Physical Education and Recreation
Varsity Basketball Coach
Department of Physical Education
University of Kansas
Lawrence, Kansas

My dear Mr. Allen:

We have your letter of March 26, recommending Mr. Eugene Billups of the University of Kansas for a graduate teaching fellowship, for which he has applied, at the University of California at Los Angeles. We wish to thank you for your kindness in sending us this frank statement of your opinion of him as a prospective graduate student.

Students who are applying for a teaching fellowship at the University of California at Los Angeles must not only have the recommendation of the department, but must have maintained in their undergraduate years a fairly high scholastic standing. At the University of California at Los Angeles these fellowships are given usually to those students whose scholarship shows an average of better than B. Fellowships are also granted only to students desirous of obtaining the Master's degree, and are not considered if their sole purpose is that of getting the General Secondary Credential for the State of California.

I assure you that we shall give this recommendation our very careful consideration.

Yours very truly,

John F. Bovard, Chairman
Department of Physical Education
