Dear Don:

I was very happy to know that you are in the Army Specialized Training Program, and that you are enjoying your new experiences.

We are expecting 700 Army students under this same set-up on August 9th. Of course they all have to take physical conditioning, so we are adding four new men to our staff.

We had our first basketball practice yesterday afternoon, meeting the V-12 boys who are free at 4:30 for this practice. Henry Shank is having summer football practice at 4:30 on Monday, Wednesday and Friday, and we have basketball practice on Tuesday and Thursday.

Hoyt Baker wrote me from Camp Edwards, Mass., where he has been sent recently. I am glad also to have Bill Brill's new address. We will include all of these in our next Jayhawk Rebounds letter.

Lots of good luck to you, Don.

Cordially yours,
