Mr. Forrest C. Allen

Dear Mr. Allen:

Now that the basketball season is half over, I believe it is time for each of us on the Rules Committee to evaluate the advantages or faults of the new rules. We should also study the possibility of changes or additions that might improve our game for the 1940-41 season.

As chairman of your committee, I am decidedly in favor of following the policy suggested by Mr. Clair Bee, our chairman last year. That is, to let the rules alone and try to develop and standardize the equipment and facilities of our great game.

You have probably noticed that the members of the Rules Committee were selected with the intention of having each section or conference of our entire group well represented. It is with this in mind that I am writing to you, asking that you take it upon yourself to ask questions and collect information that pertains to your particular group or section. You have only five more weeks to secure this information, so get busy.

Please forward to me all data collected so I might have it ready to present to our committee as a whole at our annual meeting in Kansas City.

In the last Basketball Bulletin, a number of suggestions were printed that are of grave importance. Please note them and get the reaction from your section.

With kindest personal regards and best wishes for your continued success, I am

Sincerely yours,

Don White
