

October 20, 1942.

Miss Mildred Beecher,
301 Harrison,
Newton, Kansas.

Dear Miss Beecher:

Most of the questions in the final examination are practical problems, covering the work that we went over during the summer. The questions cover the course pretty comprehensively. They are all common sense questions that a woman of your ability can work out because you were one of the better students.

I will be happy to send the questions to Mrs. Blaylock whenever you are ready for them.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
