

Twelfth Annual

# Kansas Relays

University of Kansas

April 21, 1934

A National Event

## IMPORTANT!

---

The management desires to know as soon as possible whether your institution will have entries in the Kansas Relays, April 21, 1934. Please fill out and mail the inclosed preliminary entry report postal card at once. Official entry blanks will be mailed to you late in March. For information, address:

DR. F. C. ALLEN,  
*Director of Athletics,*  
UNIVERSITY OF KANSAS,  
Lawrence, Kansas.

## THE KANSAS RELAYS

---

THE University of Kansas is pleased to announce the twelfth Kansas Relays, April 21, 1934. This event which has grown through the years into a national institution affords opportunity for high class competition to the picked track and field stars of universities, colleges and junior colleges throughout the United States.

The splendid response in all the years of its existence to the Kansas Relays by coaches and athletes in widely scattered states has convinced the Kansas management that there is a definite place and real need for this event. The program of events is practically the same as in the past and with the exception of the decatlon will be on Saturday, April 21.

For the most part the ideal climatic conditions which have prevailed during the Kansas Relays of the past eleven years has been almost ideal. April is really mid-spring in Kansas, and there is every chance that pleasant weather conditions will prevail on April 21 in Memorial Stadium of the University of Kansas at Lawrence.

# Program of Events

(Including Meet Records)

---

NOTE—Preliminaries in the 100 yard dash and 120 yard high hurdles will be held at 10 a.m., Saturday, April 21. Finals will be held in the afternoon, starting at 2 p.m.

---

## University Class Relays

Event  
Number

1. ONE-QUARTER MILE. Each man to run 110 yards. (41 seconds, University of Illinois, 1930).
2. ONE-HALF MILE. Each man to run 220 yards. (1:26.5, University of Kansas, 1931).
3. ONE MILE.. (3:17.2, University of Indiana, 1933).
4. TWO MILES. (7:52.5, University of Chicago, 1931).
5. FOUR MILES. (17:37.8, Iowa State College, 1933).
6. DISTANCE MEDLEY (440, 880, 1320, mile). (10:27.4, Kansas State College, 1933).
7. 480 YARD HURDLE SHUTTLE RELAY. (1:02.3, University of Minnesota, 1933).

## College Class Relays

8. ONE-HALF MILE. Each man to run 220 yards. (1:27, Oklahoma Baptist University, 1930).
9. ONE MILE. (3:17.3, Kansas State Teachers College, Pittsburg, 1933.)
10. TWO MILES. (7:50.5, Kansas State Teachers College, Emporia, 1933).
11. DISTANCE MEDLEY (440, 880, 1320, mile). (10:24.1, Wichita University, 1931.)

## Junior College Class Relay

12. ONE MILE. (3:27.4, Cameron Junior College, Lawton, Oklahoma, 1933.)

# Program of Events

(Continued)

## Special Events

(Open to University and College Men)

13. 100 YARDS DASH, (9.4 seconds, Leland, Texas Christian University, 1930).
14. 120 YARDS HIGH HURDLES... (14.6 seconds, Sentman, University of Illinois, 1930 and 1931; Saling, University of Iowa, 1932).
15. 1,500 METERS RUN. (3:53.3, Cunningham, University of Kansas, 1933.)
16. 16-POUND SHOT PUT. (49 feet 10 $\frac{1}{8}$  inches, Schwarze, University of Wisconsin, 1925).
17. JAVELIN THROW. (206 feet 6 $\frac{1}{4}$  inches, Kuck, Kansas State Teachers College, Emporia, 1926).
18. DISCUS THROW... (153 feet 7 $\frac{1}{4}$  inches, Thornhill, University of Kansas, 1930).
19. RUNNING HIGH JUMP. (6 feet, 6 3-16 inches, Shaw, University of Wisconsin, 1930).
20. RUNNING BROAD JUMP. (25 feet 4 $\frac{3}{8}$  inches, Gordon, University of Iowa, 1931).
21. POLE VAULT. (13 feet 9 $\frac{3}{4}$  inches, Warne, Northwestern University, 1930).

---

## Special A. A. U. Decathlon

The Missouri Valley A. A. U. will hold a decathlon event in connection with the Twelfth Annual Kansas Relays. It will be open to any university or college athlete in good standing with his conference, or to any athlete in good standing with the A. A. U. Five events of the decathlon will be held Friday afternoon, April 20, and the remaining five events will be held Saturday morning, April 21. The Friday afternoon events of the decathlon are: 100 meters run, running broad jump, 16-pound shot put, running high jump, and 400 meters run. The Saturday morning events of the decathlon are: 110 meters high hurdles, discus throw, pole vault, javelin throw, and 1,500 meters run. The decathlon was won last year by Charles Childress, Missouri State Teachers Collegs, War-

rensburg, Mo., with 7454.04 points. The decathlon record of 8022.4025 points made in 1932 is held by James Bausch, Kansas City Athletic Club.

---

## A ONE DAY MEET

But a single day is required for the regular program of events of the Kansas Relays, a feature which permits competition with minimum absence from school.

Transportation facilities to and from Lawrence are abundant. Main lines of the Union Pacific, Santa Fe and Rock Island railroads bring many passenger trains daily. There is also hourly service by bus.

## ALUMNI REUNIONS

Kansas City, with 500,000 population, is only forty-five miles from Lawrence and affords ample opportunity for track teams to stop over for meetings with alumni. In the past many teams have taken advantage of this opportunity.

## ACCOMMODATIONS

The Eldridge Hotel at Lawrence provides quarters for many visiting teams. Kansas City, only an hour's ride by train or two hours by bus, also affords a score of fine hotels and the comfortable quarters of the Kansas City Athletic Club which makes special rates to athletic teams. Topeka, the capitol of Kansas, is but twenty-seven miles to the west of Lawrence, connected by two paved highways, and there, too, several high class hotels afford room for visiting athletes.

## DRESSING ROOMS AND LOCKERS

Memorial Stadium contains dressing rooms, lockers and showers ample to accommodate all visiting athletes.

## ELIGIBILITY

The eligibility rules of the American Relays Association will apply to all contestants and teams.

To be eligible to compete in the University Class relays and the Special Events the institution must observe the one-year-residence rule, the three-year rule, and the amateur rules. This means no freshmen may enter events in these classes and that no institution may enter men who have previously had three years competition.

To be eligible to compete in the College Class relays the institution must be in good standing with the members of its state or other major college conference in its territory.

To be eligible to compete in the Junior College Class relay the institution must be in good standing with its state association.

## RULES OF COMPETITION

The rules of the National Collegiate Athletic Association shall govern in each event.

## AWARDS

The only awards given at the Twelfth Kansas Relays will be challenge cups awarded to the winning team in each relay race.

## REDUCED FARES

Reduced rates of a fare and a third for the round trip have been granted by railroads for participants in the Twelfth Annual Kansas Relays. Special announcement concerning reduced rates will be sent prospective contestants later.

# RESULTS OF 1933 KANSAS RELAYS

## Special Events

- 100 yard dash—1st heat—Hall (Kansas) first; Meyer (Texas) second. Time: 10.3 seconds.
- 100 yard dash—2nd heat—Glass (Oklahoma A. & M.) first; Lambertus (Nebraska) second. Time 10.4 seconds.
- 100 yard dash—3rd heat—Colletti (Loyola, of Chicago) first; Smith (Drake) second. Time: 10.2 seconds.
- 100 yard dash—Finals—Hall (Kansas) first; Glass (Oklahoma A. & M.) second.; Lambertus (Nebraska) third; Meyer (Texas) fourth. Time: 10.00 seconds.
- 120 yard hurdles—1st heat—Haring (Kansas State Teachers College, Emporia, Kansas) first; Breen (Kansas State) second; Flick (Kansas) third. Time: 15.0 seconds.
- 120 yard high hurdles—2nd heat—Scheifler (Minnesota) first; Dohrmann (Nebraska) second; Schmutz (Kansas State) third. Time: 15.0 seconds.
- 120 yard high hurdles—Finals—Scheifley (Minnesota) first; Haring (Kansas State Teachers College, Emporia, Kansas) second; Flick (Kansas) third. Time: 15.0 seconds.
- 1500 meter run—Cunningham (Kansas) first; Dawson (Tulsa, Oklahoma Athletic Club) second; Peden (Central State Teachers College, Edmond, Okla.) third; Hutton (Illinois State Normal, Normal, Ill.) fourth. Time: 3:53.3 seconds. **NEW RELAY RECORD.**
- Shot Put—Kamm (Illinois) first; Dees (Kansas) second; Gilles (Oklahoma) third; Baxter (Kirksville State Teachers College, Kirksville, Mo.) fourth. Distance: 47 ft.  $\frac{1}{8}$ -inch.
- Javelin Throw—Rigney (Oklahoma A. & M.) first; Marks (Oklahoma) second; King (Drake) third; Brown (Southern Illinois Normal University, Carbondale, Ill.) fourth. Distance: 184 ft.  $2\frac{3}{4}$  inches.
- Discus Throw—White (Kansas State Teachers College, Pittsburg, Kan.) first; Busbee (Indiana) second; Kimble (Kansas State Teachers College, Emporia, Kans.) third; Baxter (Kirksville State Teachers College, Kirksville, Mo.) fourth. Distance: 143 ft.  $1\frac{1}{2}$  inches.
- High Jump—Newblock (Oklahoma) first; Stambach (Kansas State Teachers College, Pittsburg, Kan.) second; Dumm (Kansas) and Barham (Oklahoma) tied for third. Height: 6 ft.  $3\frac{3}{8}$  inches.

# RESULTS OF 1933 KANSAS RELAYS

(Continued)

- Broad Jump—Gray (Nebraska) first; Ward (Oklahoma) second; Kepner (University of Wichita, Wichita, Kans.) third; Stafford (Texas) fourth. Distance: 24 ft. 4½ inches.
- Pole Vault—Lennington and Seeley (Illinois) tied for first; Grey (Kansas) third; Taton (Oklahoma A. & M.) fourth. Height: 13 ft. ¼ inch.
- Decathlon—Charles Childress (Central Missouri State Teachers College, Warrensburg, Mo.) first—7454.04 pts.; Wilson Charles (Unattached) second—7432.12 pts.; Donald Eagleman (Haskell) third—6289.53 pts.; Russell Pearson (Central Missouri State Teachers College, Warrensburg, Mo.) fourth—6183.52 pts.; George W. Grammer (Unattached) fifth—6029.17 pts.; William Frazey (Iowa Wesleyan College, Mt. Pleasant, Iowa) sixth—5812.22 pts.; Eric Claassen (Unattached) seventh—3878.55 pts.

## University Class Relays

- 480 Yard Shuttle Hurdle Relay—Minnesota (Kilborn, LaRoque, Knoblauch, Scheifley) first; Kansas State, second; Kansas, third; Time: 1:02.3. **NEW RELAY RECORD.**
- 440 Yard Relay—First Section—Illinois, first (41.5); Oklahoma, second (42.1); Drake, third (42.4); Kansas, fourth (42.9).
- 440 Yard Relay—Second Section—Oklahoma A. & M., first (41.4); Texas, second (42.2); Nebraska, third (42.5); Iowa State, fourth (42.8).
- 440 Yard Relay—Finals—(Based on time comparison)—Oklahoma A. & M. (K. Gallagher, Littlejohn, F. Harrington, Glass) first; Illinois, second; Oklahoma, third; Texas, fourth. Time: 41.4.
- 880 Yard Relay—First Section—Nebraska, first (1:27.9); Iowa State, second (1:29.0); Missouri, third (1:29.1); Indiana, fourth (1:29.2).
- 880 Yard Relay—Section Section—Illinois, first (1:26.7); Oklahoma, second (1:27.4); Oklahoma A. & M., third (1:28); Kansas, fourth (1:30).
- 880 Yard Relay—Finals—(Based on time comparison)—Illinois (Carroll, Christiansen, Kennicott, Hellmich) first; Oklahoma, second; Nebraska, third; Oklahoma A. & M., fourth. Time 1:26.7.
- One Mile Relay—Indiana (Harpold, Bicking, Hornbostel, Fuqua) first; Texas, second; Oklahoma, third; Iowa, fourth. Time 3:17.2. **NEW RELAY RECORD.**

# RESULTS OF 1933 KANSAS RELAYS

(Continued)

- Two Mile Relay—Iowa State (Chisholm, Guse, Chapman, Labertew) first; Kansas State, second; Kansas, third. Time 7:52.5. Ties RELAY RECORD.
- Four Mile Relay—Indiana (Lockridge, Neese, Watson, Hornbostel) first; Illinois, second; Grinnell, third; Oklahoma A. & M., fourth. Time 17:54.6.
- Distance Medley Relay (440, 880, 1320, 1 mile)—Kansas State (Castello, Darnell, McNeal, Landon) first; Nebraska, second; Indiana, third; Butler, fourth. Time: 10:27.4. NEW RELAY RECORD.

## College Class Relays

- 880 Yard Relay—First Section—Kirksville State Teachers College, Kirksville, Mo., first (1:30.6); Missouri School of Mines, Rolla, Mo., second (1:31.6); Haskell, third (1:32.3); Oklahoma Baptist University, Shawnee, Okla., fourth (1:32.5).
- 880 Yard Relay—Second Section—Kansas State Teachers, Pittsburg, Kan., first (1:29.7); Kansas State Teachers, Emporia, Kan., second (1:30.5); Washburn College, Topeka, Kan., third (1:30.6); Simpson College, Indianola, Ia., (1:33) fourth.
- 880 Yard Relay—Finals—(Based on time comparison)—Kansas State Teachers, Pittsburg, Kan. (Swisher, Davis, Kirby, Terwilliger) first; Kansas State Teachers, Emporia, second; Washburn College, Topeka and Kirksville State Teachers, Kirksville, Mo., tied for third. Time: 1:29.7.
- One Mile Relay—First Section—Wichita University, Wichita, Kans., first (3:27.4); Simpson College, Indianola, Ia., second (3:27.5); Ottawa University, Ottawa, Kan., third (3:30.2); Washburn College, Topeka, Kan., fourth (3:32.4).
- One Mile Relay—Second Section—Kansas State Teachers College, Pittsburg, Kan., first (3:17.3); Oklahoma Baptist University, Shawnee, Okla., second (3:17.4) third (3:19.7); Haskell, fourth, (3:30.2).
- One Mile Relay—Finals—Kansas State Teachers College, Pittsburg, Kan., first; Oklahoma Baptist University, Shawnee, Okla., second; Kansas State Teachers College, Emporia, Kan., third; Wichita University, Wichita, Kan., fourth. Time: 3:17.3. NEW RELAY RECORD.
- Two Mile Relay—Kansas State Teachers College, Emporia, Kan., (Knight, Morgan, Bridges, Rhoads) first; Kansas State Teachers College, Pittsburg, Kan., second; Baker University, Baldwin, Kan., third. Time: 7:50.5. NEW RELAY RECORD.

# RESULTS OF 1933 KANSAS RELAYS

(Continued)

Distance Medley Relay—(440, 880, 1320, 1 mile)—Kansas State Teachers College, Pittsburg, Kan., (German, O'Reilly, Brown, Smith) first; Kirksville State Teachers College, Kirksville, Mo., second; Kansas State Teachers College, Emporia, Kan., third; Missouri School of Mines, Rolla, Mo., fourth. Time: 10:33.

## Junior College Class Relay

One Mile Relay—Cameron Junior College, Lawton, Okla., (Neeley, Johnson, Adkins, Wright) first; Kansas City, Kan., Junior College, second; Fort Scott Junior College, Fort Scott, Kan., third; Independence Junior College, Independence, Kan., fourth. Time: 3:27.4. NEW RELAY RECORD.

---

## PUBLICITY MATERIAL

The national importance of the Kansas Relays has resulted in widespread publicity of the event, both in news stories and pictures of athletes competing. In order to insure the proper notice of all athletes coming to the twelfth annual Kansas Relays it is desired that pictures of outstanding performers on track or field, and information on records made this season be forwarded as soon as possible to F. C. Allen, Robinson Gymnasium, University of Kansas, Lawrence, Kansas. Directors of athletics and track coaches will oblige greatly by calling attention of their publicity directors to this request.

Bn. 1859 N 130

TO THE CHARTERED BOARDS OF APPROVED BASKETBALL OFFICIALS:

The Rules Revision Committee begs to submit the following report for your approval:

A communication was sent to every state, district, and local board located in the United States and its possessions, and Canada. Although the response was not as gratifying as the committee had hoped, nevertheless valuable suggestions in the nature of rules changes were made by a number of the boards. In addition, suggestions were received from officials not definitely affiliated with any board.

The changes which were suggested were carefully studied. Some of them have been re-phrased and re-worded. Others were left intact.

One glaring weakness of this report is that it represents the judgment of only one member of the committee. Boards were tardy in sending their reports, in fact, some were received too late to get a report to the other members of the committee. The chairman of the committee realizes, however, that when the suggested changes are brought to the attention of the assembled group, that the members of the committee, as well as others, will have an opportunity to discuss them. It is to be regretted that the other members of the committee did not have a chance to weigh carefully the suggestions which came in. Perhaps another year, due to the education of this year, the newly appointed committee will experience a more generous response from the members of the various boards.

The chairman suggests that next year a communication go out from the president of our association, urging upon each board the importance of filing rules changes with the chairman of the rules revision committee in sufficient time so that each member of the committee may study the suggestions and make recommendations that can be incorporated in the final report.

It is hoped that it will be possible for the members of the committee to read through the suggestions made before they are brought up for discussion before the assembled group.

The chairman wishes to take this opportunity to thank those who did make reports. Without their help, the report would have been rather barren in constructive suggestions.

Respectfully submitted:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
CARL P. SCHOTT, Chairman,  
The Rules Revision Committee.

A number of the Boards have asked for a rule which will govern the playing on floors in which the side walls and end walls represent the side and end lines, respectively. These same Boards also complain of low ceilings. As a result of these conditions, the home club generally seeks an advantage by forming their own ground rules on which the opponents do not always agree. Different floors have different rules. It has been reported that games have been delayed often as long as an hour before an agreement has been reached.

In as much as these conditions exist in a widely distributed area, the committee recommends that the rules committee give consideration to the following recommendations to be known as Item 1, and Item 2, to be included in Section 2 of Rule 1.

Item 1.

On all floors which have one or more walks for boundary lines, the ball shall be considered out of bounds when it or the man in possession of it, touches the wall in any manner.

Item 2

On all floors with low ceilings, the ball shall be awarded to the opponents out of bounds if a thrown ball strikes the ceiling or any object attached to it.

#

One board president reported have been called on two different occasions concerning the marking out of a court. It was alleged that the explanation and the diagram were not clear. The following changes are recommended:

Rule 1,

Section 3 now reads, The center circle shall have a radius ---. Change to, The center circle shall have an inside radius--.

Section 5, Rule 1 now reads, ---. These perpendicular lines shall be terminated and the lanes further marked by arcs of circles having a 6-foot radius---. Change to, These perpendicular lines shall be terminated and the lanes further marked by arcs of circles having a 6-foot inside radius---.

It is also recommended that the following sentence be added to Section 5, Rule 1: All lines which bound the free throw lane shall be at least two inches wide. (See diagram on opposite page).

Section 6, Rule 1, last sentence, reads, It shall be one inch in width, and extend parallel to, and at a distance of 17 feet from, the inner edge of the end line. Change to read, It shall be 1 inch in width, and extend parallel to, and at a distance of 17 feet from its back edge to the inner edge of the end line.

Member Boards have reported that the provisions in Rule 5, Sect 5, have been grossly violated and abused. Some coaches have the aversion to giving in their line up. They like to see the opposing line up handed in a few seconds before the game is scheduled to start, and then take their team off the floor for several minutes, give them their "assignments" and by the use of "psychology" of delay interfere with the spirit and morale of the other team. One Board reported a game in which team delayed the beginning, after the other team was ready to go, more than ten minutes. Obviously, such tactics do not help either the game or the interests of the spectators in it. If something isn't done about it there will be developed a condition simulating the "stalling" tactics of a few years ago. Perhaps legislation is not the best way to deal with these offenders. We recommend that consideration be given to the following:

The second sentence of Rule 5, Section 1 to read, He shall, give to the scorers, at least two minutes before the time for the game to begin, the lineup of the players of each team together with their numbers and respective positions. If either team is not on the floor ready to play at the specified time a technical foul shall be awarded the offended team for each half minute (or fraction thereof) of delay after the first minute

#

Many officials in different sections have reported that games have been won and lost because of the failure on their part to hear the timers signal. In some instances only horns were provided. In others gongs, and in still others pistols. In some instances the pistols have failed to function. Goal was made. This decided the game. Disputes arose. The only thing the official could do according to the rule was to allow the goal. Some officials followed the practice of requiring the timers to sound both the whistle and pistol at the same time. Even this is not fool proof. It is recommended that the second clause in the first sentence of Section 13, Rule five, read, and shall indicate with a pistol and whistle the expiration of the actual playing time in each half or quarter.

#

Some players intentionally or accidentally shuffle both feet when they have possession of the ball. This gives them little or no advantage. Some officials are very strict in calling this violation-and rightly so, if they follow the interpretation of the rules. This often puts them in bad. Some sections report that often three steps are allowed. Perhaps the addition of a note to cover Sections 8 and 9, Rule 7, might help. The following is recommended:

Note: The moving or shuffling of both feet by the man in possession of the ball, after coming to a full stop, does not necessarily constitute a violation unless actual progress is made or an advantage is gained, such as dodging a guard, or acquiring a balance for a shot.

In order to make for greater clarity it is recommended that the following sentence, bracketted in parenthesis, be added to Section 13, Rule 5:

(See note of explanation on page 30).

#

In order that there may not be any misunderstanding as to the exact starting of the game, it is recommended that a fourth paragraph be added to Section 1, Rule 8, reading as follows:

When both teams are on the court they shall be notified five minutes before the exact time for the game to start. (Such time should preferably have previously been agreed upon).

#

Officials report that teams have been tardy in coming on the floor at the beginning of the second half. Rule 8, Section 2, deals with this point. It has been suggested that a time out be charged for each minute's tardiness. The same might apply when time is taken out for any reason.

#

A rather general feeling exists that a question-answer be added to Section 5, Rule 8,

Question.-If a center steps on or across the center line into the other half of the circle should a foul be called?

Answer.- The center should stand in his half of the center circle without encroaching on the center line or the other half of the circle. If personal contact occurs on such encroachment, it is a personal foul; if not, it is a violation and the ball goes to the opposing team out of bounds. These rulings apply before and after the ball has been tapped. Good basketball is fostered by having centers keep to their own portions of the circle.

The same should apply to a jump ball in any other part of the court.

Some officials have suggested that we return to the a former practice of requiring a hand behind the back on jump ball. Failure to do so is to be regarded as a penalty violation unless personal foul occurs.

The committee was no so keen about the latter suggestion; but, the proposal must have merrit, in as much as it was mentioned by a number.

The rule liberalizing substitution makes the game less of a grind than it formerly proved to be. If a player is tired and fatigued, he can be replaced by a man who has been resting. It seems, therefore, that the time has come to apply some of the principles which operate in football. When a goal or a touchdown has been scored, time is out until play is resumed at the kickoff. Why not now stop the watch after a goal, either from the foul line or from the field, has been scored? Time would be resumed when the ball is tossed at center. It is the opinion of a substantial percentage of officials, coaches, and fans that too much time is wasted or lost after ~~goals~~ (foul and field) have been scored. Why not blow the whistle after goals are scored and resume time at the toss up?

It is recommended that the following paragraph be added to Section 1, Rule 11:

Time shall be taken out whenever a goal (foul or field) has been scored, and, resumed, when the ball is tossed at center

#

When a ball is put in play from out of bounds after a time-out, when does the watch start? This question has occasioned much discussion. Some officials take the position that time is in when the ball leaves the player's hands; others take the position that time is resumed at the signal of the referee. In order to clarify this point it is suggested that a question-answer be listed under Section 3, Rule 11. The following is recommended:

Question.:

When does the time keeper start the watch after a time out, when play is again resumed with the ball in possession of a player who is out of bounds?

Answer.:

When the referee signals for time to start. This signal would be similar to the one he now uses when a player is in the act of tossing a ball from the free throw line.

#

The philosophy of basketball makes it inadvisable to have much personal contact among the players. However, personal contact is unavoidable. It is necessary, then, to define what type of personal contact shall constitute a foul. Theoretically, any personal contact is a foul. Practically, and for the sake of the best interest of the game, only rough personal contact and contact that actually interferes with the rights of the opponents and the success of the play which the opponent is making, should constitute a foul. Often an official calls a foul on the guard, who, in attempting to strike the ball from the hands of a dribbler, misses the ball and strikes the dribbler's arm. There has been no roughness. The dribbler continues on

down the floor and makes a basket or a pass, which ultimately results in a basket. In such a case the penalty has really been on the dribbler. A similar situation arises when a guard, in playing the ball, inadvertently makes contact with the player shooting for the basket or about to shoot for the basket which is made, the penalty may be against the shooter, in reality.

Why not introduce into basketball the refusal of penalties just as exists in football? Unless something is done to make it possible to play the game without calling fouls for acts which have not interfered with the play, and which are not rough, the committee feels that the game will suffer in popularity.

The officials recognize that such changes, if adopted, will make it more difficult for officials. It necessarily follows that measures are going to have to be taken which will protect them from interference from the coaches. Hence, it seems desirable to include rules that will give officials the same control over coaches that the rules now give them over players.

Before taking up the changes covering the aforementioned points dealing with personal fouls, the committee recommends a regrouping of the fouls and penalties which are listed under Rule 15.

A. Technical Foul

To include sections 1 to 6, inclusive.

B. Coaching

To include Sections 7 and 8.

C. Personal Foul (Old B. Personal Foul) Chan

To include 9 and 10.

No changes are recommended in "A. Technical Foul" other than those which deal with previous subject matter already discussed.

The following changes under B. Coaching are recommended for both Sections 7 and 8.

Section 7, Rule 15 changed to read as follows:

A coach shall not coach or address remarks to the players in a game.

Section 8, Rule 15 changed to read, A coach shall not address remarks to an official during the progress of a game.

Interpretation: Anyone on the player's bench, or officially connected with a team shall be considered a coach under Sections 7 and 8.

Penalty: It shall be obligatory for an official to call a technical foul charged against the captain of the offending team for violation of Sections 7 and 8.

If the offense is repeated the official

shall order the offender from the vicinity of the court, and if the removal is not immediately brought about the official may forfeit the game to the opponents.

C. Personal Foul ( This is the Old B. Personal Foul)  
Sections 9 and 10 to be changed as follows:

Rule 15, C. Section 9 to be changed to read:

A player shall not trip, charge, or push an opponent whether or not either player has possession of the ball. If a dribbler charges into an opponent or makes personal contact with an opponent without any apparent effort to avoid such contact a personal foul shall be called on the dribbler. If despite the dribbler's efforts to avoid contact, personal contact ensues, either player or both may be guilty, but the greater responsibility is on the dribbler if he tries to dribble by an opponent who is in his path.

Rule 15, C. Section 10 to be changed to read:

IF A PLAYER NOT IN POSSESSION OF THE BALL MAKES PERSONAL CONTACT WITH AN OPPONENT WHO IS IN POSSESSION OF THE BALL, A PERSONAL FOUL SHALL BE CALLED, BUT, IF SUCH PERSONAL CONTACT DOES NOT CONSTITUTE ROUGHNESS, OR DOES NOT INTERFERE WITH THE SUCCESSFUL COMPLETION OF THE PLAY, A PERSONAL FOUL SHALL NOT BE CALLED.

Question- answer to be added to Section 10,  
Rule 15.

Question.:

Shall a foul be called on a guard, when in making an honest effort in attempting to play the ball in possession of another player, he makes personal contact without roughness (old Hacking) that does not interfere with the success of the play, but the dribbler continues and the basket is made or the pass completed?

Answer: No, only such personal contact involving roughness or actual interference with the play is a foul.

Question:

Shall a personal foul be called on a guard who is guilty of rough personal contact which does not interfere with the success of the play?

Answer: Yes, roughness shall always be penalized.

It has been recommended that Section 1e, Rule 15, be deleted and added to Rule 14 as a section to read as follows:

Leave the center circle or any jump ball until it has been tapped.

It is recommended that the following be added in parenthesis to Rule 15, Section 11:  
(See note of explanation on Page 30)

Officials and coaches have set forth the proposition to protect a player who has eluded a guard and is subsequently run into from behind by the same guard. This offense is as serious as clipping in football. It is therefore, recommended that the following sentence be added to Rule 15, Section 14, Penalty (a):

If a player, with a clear path ~~was~~ to the basket, is fouled by an opponent running into him from behind, he shall be allowed two free throws.

The committee received the following suggestions from the official's organization in Honolulu, Hawaii.

Two changes in the rules are suggested. First is that the center jump be eliminated entirely and that the ball be put in play at the start of the game by the visiting team out of bounds under the basket in its back court. At the start of the second half the home team starts the ball in play in a similar manner.

After each basket, the team scored on immediately puts the ball in play by having one of its men step outside the court under its basket and start the play by throwing the ball in, similar to a regular "out-of-bounds" play.

It can be readily seen that this would speed up the game as it does away with those many small delays now occurring while the ball is being brought from under the basket to the center of the floor preparatory to the tip off. Team play is now very uncertain as it is never known who will get the "tip-off" and even after the tip off is secured there is no assurance who will get the ball.

With the new proposed style of starting play, each team will know that a set offense and defense can be started depending on whether they start the ball in play. Basketball will more nearly possess some of the merits of football as individual players will be lost sight of in the more important function of team play. Speed and ability will be more sought after in players than mere height.

The second change suggested in the rules is the drastic one of totally doing away with the "foul throw". This present method of penalizing a team for fouls take up a lot of time and is the cause of more fouls as the players gather along the foul throw lane awaiting the throw.

The change suggested is: When a foul has been committed the referee blows his whistle and orders the offender off the floor for a period of 30 seconds, the team being forced to play with only four men during this period. The ball is then put into play by a member of the team who has been fouled by a throw-in from out-of-bounds at a spot nearest the foul.

At the end of the 30 seconds the timer assigned for that purpose permits the players on the die lines to re-enter the game. Should a player commit a foul that now calls for two shots his time on the side lines will be 45 seconds rather than the 30 seconds.

It is thought that teams playing short handed will be more careful of committing some of the fouls so common to the game.

A game under these changed rules was played and all who witnessed it were well pleased with the results as it speeded up the game to a great extent and eliminated a great many fouls. Some minor changes will have to be made as time and experience dictate.

Annual Conference of Representatives of Chartered  
Basketball Boards, Hotel McAlpin  
New York, N. Y., April 13, 1934

John Brown, Jr., M.D., Chairman

A G E N D A

Morning

- 10:00 a.m. Roll Call and filing of credentials  
10:15 a.m. Summary of reports of chartered boards - by representatives  
11:00 a.m. Report of Chairman of Executive Committee, including  
Audited Annual Financial Statement.
- 11:15 a.m. Report of sub-Committees;  
1. Visualization -- Valentine Lentz.  
2. Standard Officials' Uniform Study -- Wm. M. Forbes.  
3. Banquet Committee -- Leonard R. Nixon.  
4. Standard Officials' Rating Blanks -- Clement M. Eyler.
- Appointment of Nominating Committee-of-Five.
- 12:30 p.m. Recess for Luncheon.

Afternoon -

- 2:00 p.m. Report of the Nominating Committee.
- 2:15 to 2:30 Discussion of matters relating to the organization and Function  
of Chartered Boards.
- 2:30 to 3:00 Discussion of Advisability of appointing a sub-committee-of-five  
to draft a proposed plan for the re-organization of the Chartered  
Boards of Approved Officials upon a National Basis with a Consti-  
tution and By-Laws.
- 3:00 to 3:30 Miscellaneous New Business.
- 3:30 to 4:45 Discussion of proposed Rules Revisions -- Dr. Carl P. Schott, Chr.
- 5:30 to 7:45 BANQUET

---

8:30 A.M. Breakfast Meeting of Executive Committee - - - April 13th.

8:00 to 9:00 A.M. Breakfast Meeting of New Executive Committee - April 14th.

ANNUAL REPORT OF CHARTERED BOARDS  
OF APPROVED BASKETBALL OFFICIALS

For the season of 1933-1934, there were eighty-one Boards operating, seven of which were new. These seven are:

Chautauqua County, N.Y., Local, organized	
Suburban Philadelphia Local	"
West Virginia State Board	"
Balboa, Canal Zone	"
Atlantic Side, Canal Zone	"
Dade County, Florida, Local	"
Shanghai, China (in process of formation.)	

There were 134 renewal members registered through the National office, and 29 new men.

There were 2549 renewal members registered through the Chartered Boards, and 443 new men.

Increase of 122 approved officials over last year; the increase in 1933 was 143 men over 1932.

Seven men failed to pass the written examination which they took through the National office.

The National office conducted a voluminous correspondence this past season regarding registration of men, matters of territory, policy and procedure.

The London and District Board, Ontario, Canada, is the only Board which failed to renew its affiliation.

Summary of the financial statement follows:

Balance in bank, April 1, 1933	\$1,238.72
Total receipts for 1933-1934 season	3,811.84
Total disbursements for season	3,364.04
Amount transferred to Mr. Metzdorf, Treas.	238.72
Bank Balance, April 1, 1934.	\$1,447.80

JOHN BROWN, JR., M.D., Chairman.

## JOINT BASKETBALL COMMITTEE

OSWALD TOWER, *Editor*

ANDOVER, MASSACHUSETTS

January 8, 1934.

Dr. F. C. Allen,  
University of Kansas,  
Lawrence.

Dear Phog:

Thank you for sending a copy of your fine letter to Craig Ruby. I had already written to Major Griffith and have received permission from him to use any or all of the pictures in the Guide. As you know, we have found it difficult to get pictures which it is safe to use; that is, most of our pictures open the way to more controversy than they settle. Ruby's pictures strike me as being remarkably free from such objections.

It seems to me that it would be well for the special committee of which you are chairman to submit these as part of your report to the National Committee.

Sincerely yours,

Oswald Tower.

Dear Doc:

It will soon be time for the annual meeting of our National Association of Basketball Coaches. As a member of our Research Committee, I would appreciate it very much if you would send to me immediately the report of your work during the past year.

President Mundorff has requested that our report be placed in his hands in written form prior to the meeting. I shall therefore appreciate your cooperation in giving me the results of your investigation during the past year.

Very cordially yours,

  
John W. Bunn, Chairman  
Research Committee

DR. JAMES A. NAISMITH, University of Kansas

## Fellow Member:

The attached bulletin is from our President. He cannot make his words carry one tenth of his enthusiasm for this meeting. He is sure the meeting is going to be ten times greater than he describes. Later advices say that - DeKalb Teachers nosed out Illinois Wesleyan as champions of the Little Nineteen, and will make the trip. University of Kentucky, South Carolina, and Pitt will probably complete the foursome for basketball demonstrations.

A number of people are going to drive and your auto club can give you the dope on the good roads. Someone has written in about Azelia Festivals and peach blossoms that enhance the roadways. We want 100 railroad tickets for the certificate plan. Buy your ticket to Atlanta for full fare one way and get a certificate! Any ticket that costs at least seventy five cents counts! We get 100 certificates and you pay one third of the fare home. Return tickets are good for thirty (30) days in addition to going dates as listed with their territories below:

Illinois, Iowa, Kansas, Minnesota, Missouri, Michigan, Dakotas, and Wisconsin, March 26 - 31. Colorado and Wyoming, March 25 - 30. New Mexico, Oregon, Utah and Washington, March 23 - 30. Return tickets will be validated at the meeting.

Enjoy an Easter Vacation. If you want to pay your dues ahead of the meeting, it will be O.K. If you want to put them off it will be O.K., but you might enjoy all of that free entertainment better if you are up to date.

Any questions you may have in mind will be gladly answered by Roy Mundorf. Plan to make this trip. Make a lot of new acquaintances and renew the old ones. On to Atlanta.

Cordially,

H. C. Carlson, Ph.D.  
Sec'y - Treasurer

P. S.:—WILL SEE YOU AT THE NATIONAL CONVENTION, ATLANTA, GEORGIA

To the Members of the  
NATIONAL BASKETBALL COMMITTEE

Gentlemen:-

Regarding the Basketball Meetings on  
April 14th and 15th, the McAlpin Hotel has  
authorized special rates to members of the  
Committee, namely on all \$4.00 and \$6.00  
rooms 50% discount.

When you pay your bill simply give your  
name and state "Basketball Committee" and  
this courtesy rate will be granted you.

If you have any difficulty, get in  
touch with Mr. Robinson, Assistant Manager  
of the Hotel and he will adjust any difficulties.

Yours very truly,

*Geo. T. Hepbron*  
GEO. T. HEPBRON.

GTH/KK

March 24  
1934

Mr. H.V. Porter,  
Asst. Mgr. Ill. High Sch. A.A.,  
11 South LaSalle St.,  
Chicago, Ill.

Dear Mr. Porter:

My letter to you regarding the Research and Visual Investigation work of our committee has been sent you. I wrote the same general letter to all of our committee members.

However, I feel that you and I are going to have to carry a great deal of the load on pictures and other rules matters. I remember that we did not have a very enthusiastic reception of our research work last year and for that reason I am very anxious to see that we get across a lot better this year than we did last.

I am wondering if it would be possible to get your projector and your reel and put on a program before the Rules body that would be really worth while. If you could get to New York a day early, if you are not at Atlanta, we could get together on some very definite work. The pictures that we took at Havana I have never had the opportunity of seeing yet and I would appreciate a very close and friendly discussion with you concerning the necessary pictures to present.

The pictures that Craig Ruby took, that appeared in the Athletic Journal, I have been very pleased with and it is with the idea of suggesting to the Rules Committee that certain pictures such as those be incorporated into the Rules book as a guide toward clearing up moot points.

John Bunn of Stanford is the Research Committee chairman of the Coaches Association and after our meeting at Atlanta, I expect to get the digest of that meeting and collaborate with you and others of our committee, especially Rowe, Tower and Meanwell, in presenting some worth while material to our Rules body.

#2 Mr. H.V. Porter  
March 24, 1934

Won't you write me at Atlanta and  
give me your criticisms and suggestions?

Very cordially yours,

Director.
