The Past 16 Years

This season brought to a close 16 consecutive years in which the Purdue teams have won 130 Conference games and lost 53, a winning percentage of over 71 per cent. During these years Purdue has won or shared the title seven times, been runner-up for titular honors four times, and with the exception of one year has always been in the first division. Certainly a great record, against perhaps the strongest competition in the country. During Lambert's coaching at Purdue over twenty Boilermakers have been named on first all-Conference teams and two have been named as all-Americans — Johnny Wooden, perhaps the greatest of the great, won all-American honors for three consecutive years, in addition to leading the Conference in scoring. His senior year he won the Conference alltime individual scoring record with 154 points, later exceeded by Reiff, of Northwestern. Murphy, one of the greatest centers in the history of the game, won all-American honors for two consecutive years, and also led the Conference with high individual points. Other all-Conference stars coached by Lambert were: White, Miller, Kemmer, Eversman, Masters, Harmeson, Gullion, Parmenter, Keller, Cummins, Spradling and many others of almost equal abilities.

Purdues all-time Conference record registers 202 victories and 129 defeats. For all games, 348 victories and 158 defeats.
