Dear Schabbie:

I just received a letter from J. E. Martie, Director of Athletics, University of Nevada, saying that he was anxious to receive some of that stationery that we were to have printed for him. How are things coming by now, Schabbie?

I suggest that you have some of this good looking stationery struck off and mailed around so that we can begin collecting the necessary dollars to pay for it.

With best wishes, I am

Very cordially yours,

Director
