would then be a matter of form. With this in mind I am going to suggest that we get definite word from the coaches who are to be district representatives on the Membership Committee and to get the men appointed on the other committees to accept their appointments. This will allow me to get our constitution printed and our letterheading out, which I am sure will help in the membership drive.

I have drawn up a blank for the application for membership. When this is sent to the various coaches, my letter to them should have the names of the various officers, trustees and district representatives on it.

Regarding a form letter to the various appointees of the different committees, I suggest, "Phog", that we simply write these men a short personal note telling them the plan and asking them to accept. I believe a personal note from you, and if you wish I will write to some of them, will get them to accept quicker than a form letter. What do you think?

Regarding the constitution, I am making that slight revision you mention in Article III, Sentence 1.

Regarding the membership drive, I am not worried about that if we get the coaches we have named to act on these committees, and I really believe that is up to you and me. Regarding the coaches to whom I could write, and I am sure get them to accept their appointments, are:

Murray, Cowell, Sam Barry of Iowa, McDermott, Armstrong and Price; Program Committee, I would suggest that you write them; Press Committee, Matthews; Coaching Ethics, Any of the three; Social & Entertainment Committee, Lomberg, McMillan; Basketball Rules Committee, Any of the three, Officials Committee, Black and Beresford. Let me know if you want me to write to any of them to ask them to accept the appointment. Don't you think that would be better than a form letter to them?

Glad to know you are enjoying your coaching schools and hope you have a most pleasant summer. With kindest personal regards, I am

Sincerely yours,

A Rehabingu Director of Athletics
