Mr. Andy Nurski,
Raytown High School,
Raytown, Missouri.

Dear Andy:

I am glad to receive your letter of the 16th instant, and am pleased beyond measure that you are viewing your boy's interests from a long range benefit.

What does the young man desire to study? Why don't you have a conference with him, and as he expresses his ideas as to his future course after the war, endeavor to guide and direct him in his course? A young boy always has the athletic side over-evaluated, and unless some coach or someone the boy has confidence in gives him some advice, the boy is apt to be misguided.

If I can be of any service to you and to him in this guidance, it will be a pleasure.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
