Dear Doc:

May I express to you my thanks and appreciation for helping out Bob Schwanzle. I have been greatly interested in this young fellow, ever since he was a mere kid, and because of that interest I was particularly anxious for him to see you and to receive the good help that you could give him.

I understand that you have turned him over to Dean Nesmith which I know will work out fine. The Dean has so much of your technique that he no doubt will get him fixed up in good time.

This Schwanzle kid is a good boy but does need a lot of good adult advice from people he admires. If you get the chance occasionally to talk with him please do so. If he comes out for basketball, and I think he will, you will have a good chance to get acquainted with him. I know that you can do him a lot of good.

With kindest personal regards, I am

Sincerely,

GEN:OM
