

A

December 28, 1944.

Mr. Sam Davis,
Sports Editor,
NEA Service, Inc.,
461 Eighth Ave.,
New York 1, N.Y.

Dear Sam:

I am sorry that I was out of town and out of time to do anything for you when you asked for the one hundred words on what I thought was the most exciting time I ever saw on a court floor.

I couldn't tell you now the most exciting thing I ever saw, but the most exciting thing I ever heard of would be, in my opinion, when Ned Irish employed his one hundred policemen, to keep the "in the middle boys" from gambling in the Garden.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Mr. Sam Davis,
Sports Editor,
NEA Service, Inc.,
461 Eighth Ave.,
New York 1, N.Y.

Dear Mr. Davis:

Dr. Allen has received your letter asking for "the most exciting thing you ever saw on a court floor", and regrets that he did not have time to answer your request before he left town. He will be away most of this week.

Inasmuch as Dr. Allen has been called upon to write a number of article, as well as head up war drives for the University, he will doubtless be unable to respond to your request for a few days. If you later desire a similar article from him, I am sure he will be happy to write it for you.

Sincerely yours,

Secretary to Dr. Forrest C. Allen.

New York, N.Y.

Dear Jack:

I am very happy that your mind is made up for the University of Kansas. I am enclosing another Jayhawk Rebounds for you since I have just finished dictating it today. We are putting you on our permanent mailing list.

Yes, I knew both Knute Rockne and Dr. Meanwell very well. I had a great number of coaching schools with Knute, and Dr. Meanwell was at the University of Missouri two years while I was at Kansas. And of course since I organized the National Association of Basketball Coaches I had many contacts with Dr. Meanwell on the rules committee and the coaches association.

We will be very happy to use you in the capacity that you feel you are best fitted for. If there is anything else that you feel you need in the meantime, please command us.

With all good wishes, I am

Very sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.

June 14, 1945.

Dr. Forrest C. Allen,
Director of Physical Education,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

Your letter of June 4th received with abundant enthusiasm. My mind is made up; it is K.U. for me! I am familiar with Lawrence, for I was stationed at the Topeka Army Air Base in 1942 and visited K.U. on several occasions.

The copy of JAYHAWK REBOUNDS which you so thoughtfully enclosed is excellent. It is newsy and contains the things which the boys like to read. It includes just enough of the "memory angle" to make everyone reflect--and enough factual items to let the readers know what is happening to their buddies in other parts of the world. I especially enjoyed your revival of the Bill Johnson incident--it was classic!

I like what you term, "Inspirational Coaching." Too many coaches are automatons, no life--no fever--no inspirational psychology. I know of only two coaches who used any psychology. The late Knute Rockne, and, Doc Meanwell. I used to sit in on Meanwell's practise sessions when I was a youngster in Madison, Wisconsin. He really went all out in his efforts. I can still see him as he crawled (on hands and knees) from one end of the floor to the other, searching for irregularities. Were you acquainted with him in those days?

However, your time is valuable--while I just sit here dawdling. I just wanted to thank you for deciding me in favor of K.U. My original intention was to enroll in a small college where I might obtain a non-paying coaching job (Frosh or "B" team etc.) while attending school--just for the sake of experience. But, I feel certain that what K.U. and Dr. Allen have to offer will have much more "experience" value than I could possibly have hoped for in the former setup.

I am reasonably certain that I will be permitted to return to the states on a short leave sometime in the fall of the year. I am looking forward to paying you a visit at that time. Thanking you again Dr. Allen, I remain,

Sincerely yours,

Jack Nagle
Jack Nagle.

P.S. would it be possible to place me on the permanent mailing list for "Jayhawk Rebounds"? I would greatly appreciate receiving it.

June 4, 1945.

Captain Joel F. Nagle, A.C.,
Site #10, Base Air Depot #2,
APO 635, c/o P.M.,
New York, N.Y.

Dear Joe:

It was good to get your letter of May 21st. I assure you that you will receive personal supervision from me and it will be a pleasure to work with you. Any boy that has done the job that you have done deserves it. I mean from your rank and from the fellows that you have fought with, - that is good enough for me.

The fact that you are a varsity man under Bill Chandler would add further prestige to your position. I have always been very fond of Bill Chandler. He is a grand sportsman and a fine coach.

I am sending you a copy of our Jayhawk Rebounds, a publication that I get out once a month for our boys in the service. Of course, you get the implications. The boys rebound from the backboard, and we have been pulling for them all to rebound from the Japanazis. You boys have done a swell job of rebounding over there, and now there is just one more rebound to make, and that is from the little slit-eyed boys across the other pond.

We are also mailing you our four-year brochure on physical education with the courses outlined. Look it over and drop me another line at your convenience and we will be planning on the time when you are coming back to be with us. We will help you in every possible way. I am not sure whether you are advised of it or not, but E. C. "Ernie" Quigley, the national league umpire and supervisor of umpires in the national league and major sports official, is our director of athletics. Doubtless Ernie worked some of your games while you were playing with Marquette.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

May 21, 1945.

Dr. Forrest C. Allen,
Director of Physical Education,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

Your personal reply to my letter arrived today and I assure you that it gave me a great deal of pleasure. I have proudly displayed your signature to all my fellow officers and have casually (but loudly) dropped the remark, "Received a letter from 'Phog' Allen today...." Thanks again! Your name has always been news to me, and although I have never seen a Jayhawker team in action I know that you are the foremost basketball authority in the nation.

To come to the point, basketball has been my primary concern since grammar school days. I have followed the game very closely both as participant and coach and it is my wish to continue in the field of Physical Education with a basketball mentorship as the ultimate goal.

There are many colleges throughout the country which offer the type of training I desire, but there is only one Phog Allen. Therefore, if I were certain that I would receive personal supervision from "the Dean of them all", I would not hesitate to enroll at K.U.

I hold a Ph. B. degree, College of Journalism, Marquette University, 1940 and played three years of varsity basketball under your friend Bill Chandler. I believe that I could complete the needed requirements in a short period of time.

I anxiously await your reply and any professional advice that you may care to volunteer. I assure you that you would find me an apt and enraptured student.

Very cordially yours,

Joel F. Nagle
Joel F. Nagle,
Captain, Air Corps.

THE UNIVERSITY OF KANSAS
LAWRENCE

OFFICE OF
THE CHANCELLOR

January 9, 1945

Memorandum to Dr. Allen:

In accordance with your request I am glad to send the schedule for basketball practice in Hoch Auditorium, as worked out in conference in this office by Mr. Quigley, Mr. Swarthout, and myself, before the start of the season.

I am sorry that you have not had a copy of this schedule. It was my understanding at the time of the conference that Mr. Quigley was to give you a report, but if I misunderstood the agreement and was expected to send such a report to the parties concerned I am sorry for the error.

This is the schedule:

Monday	3:30 - 6:00
Wednesday	4:30 - 6:00
Thursday	3:30 - 6:00
* Friday	3:30 - 6:00

Sincerely yours,

Ray Nichols

6-6-45

Dear Doctor:

I received the rebounder and know what the boys mean when they say it is a shot in the arm. Doc, you can't possible realize how much good that you are doing. It is similar to the Red cross, you can not measure its value in dollars and cents.

We close shop here June 22 and hope to be home soon after. It can't be to soon for me. I have certainly missed my family.

This place, that we are located, is a beautiful place. old Mussolini didn't spare the poor people's money when he built it. Ethan Allen is taking motion pictures of our travels and I am getting a copy. It will show the destruction and the people as they are now. Also some of our activities.

The sun is very hot but it cools off at nite. We have to sleep under cover.

A hello to the gang and I'll be seeing you all soon. I hope

as ever

Dear

August 3, 1945

Mr. George Nettels
Pittsburg Midway Coal & Mining Co.
Pittsburg, Kansas

Dear George:

Bob Schwanzle had a failure in physical training on account of his utter failure to attend classes. Schaake stated that he did not show up at all. He wrote to the Registrar's Office from Great Lakes wanting the failure removed from his Navy record. I would help him if I could, but he did little to help himself. I just wanted you to be informed as to the program, of Bob's own failure to do well by himself. He just talked by everybody, but his record finally caught up with him. I think Bob is a good boy, but from what the hospital authorities tell me he is a very good talker, especially when his interests are involved.

I haven't heard any more about Mimi but we are anxiously awaiting the best reports. With all good wishes to you and yours, I am

Sincerely,

Forrest C. Allen
Director, Physical Education
Varsity Basketball Coach

Pittsburg, Kansas

GEO. E. NETTELS,
VICE PRESIDENT

August 3, 1945.

Dr. Forrest C. Allen,
801 Louisiana,
Lawrence, Kansas.

Dear Doc:

I have intended writing you much sooner, but for one reason or another it has escaped my attention.

Yesterday while looking through Mimi's mail, I came across your letter to her which reminded me forcefully that I had intended writing you. She was greatly pleased with your note and the thoughts that prompted it, although she won't be able to write you a letter or an acknowledgment for some little time, I fancy.

She is, as you probably know by now, laid up with polio which hit her pretty hard on the right side. She has been in the hospital now four weeks tomorrow and I am happy to say, making some progress.

They are giving her most of the Kenny treatment and I think her response is good. She does have quite a long way to go, from what little I know and have seen. As it always does, it came without warning, but caught her at a time when she was badly run down. She is pretty well paralyzed in both the right arm and leg and is somewhat effected in the left leg. As you know, it hits the back and stiffens it unbelievably. I presume that much of the Kenny treatment is closely related to osteopathy and presume many elements of this treatment were taken directly from osteopathy.

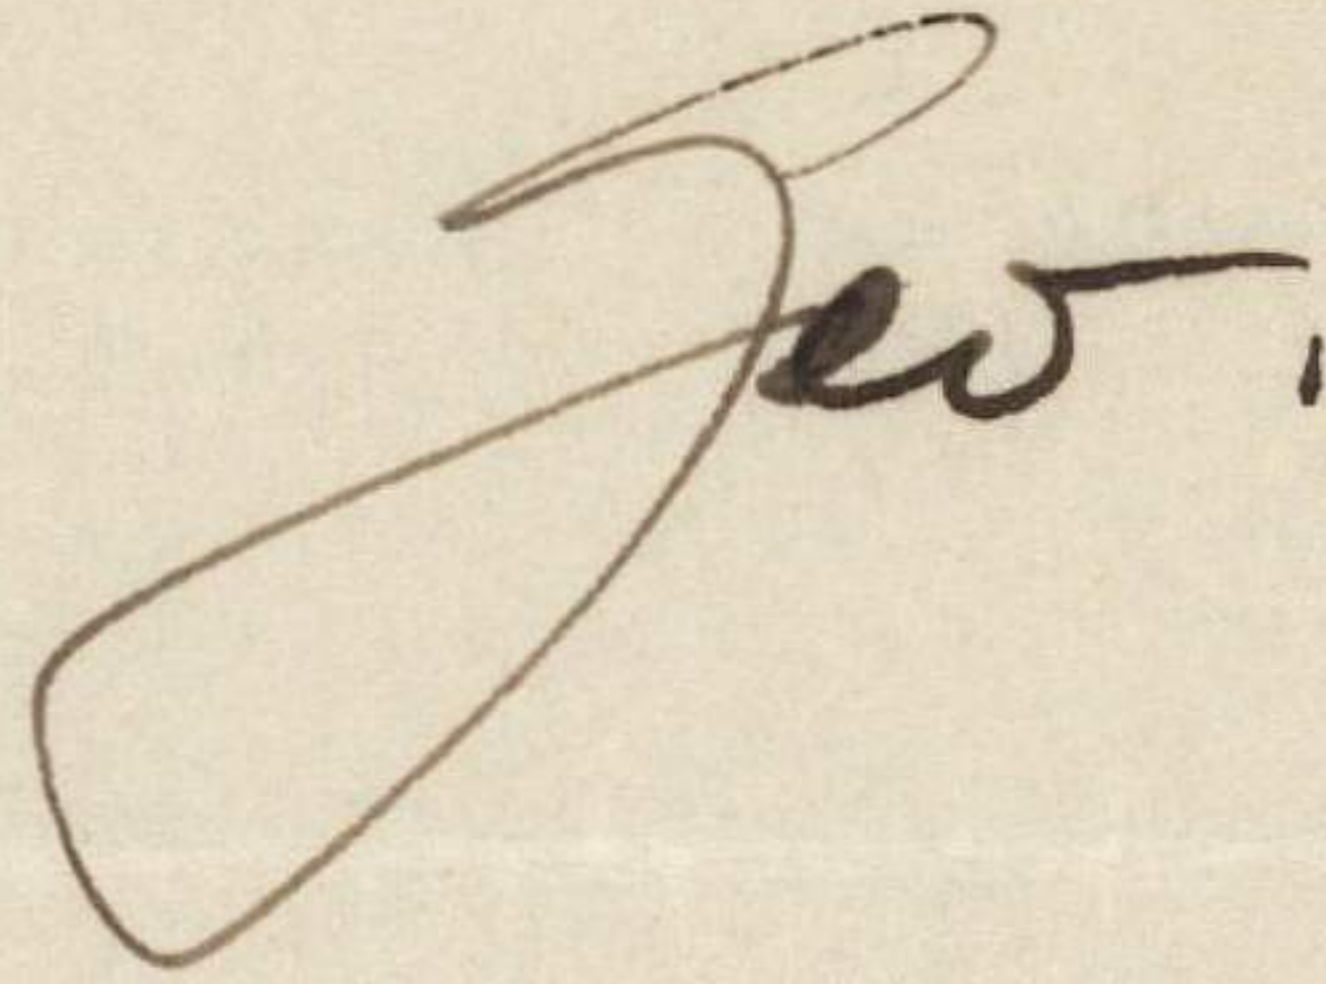

They advise us she is making satisfactory progress which, I presume, is about all we can hope for at this stage of the game. She is in pretty fair spirits and, of course, has a consuming desire to get on with the treatment. If you ever happen to be near the Bell, drop and see her, she would love to talk to you. She can have company any hour of the day or evening, her room is 4-C-6.

Hope this finds you and all of your family in the best of health.

By the way, I enjoyed reading your last news bulletin to the boys immensely. It certainly had a lot of interesting stuff.

With kindest personal regards, I am

Sincerely,

A handwritten signature in dark ink, appearing to be 'Jew', written in a cursive style.

July 24, 1945

Mr. Leo Novak
Track Coach, H.S.C.C.
West Point, New York

Dear Leo:

I was talking to Ogden Jones, Sr. a member of our faculty here at the University of Kansas and also serving with me on our Douglas County Selective Service Board. He is Chairman and I am Secretary of the board. He was telling me that his son, Ogden S. Jones, Jr. Co. 7, PI-1, U.S.C.C., West Point had reported for your call for track men very recently.

I have known young Jones all his life and observed him doing a fine job during his Lawrence High School days. That was before he entered into the service. Young Jones did a short hitch in track with the A.S.T.P. outfit at Cincinnati University before his move to the Western front. He saw a lot of bitter service in Germany up until the very last. This was before he was recalled for his cadet training at West Point.

I have great confidence in this young man and you will find him a sterling competitor and hard working young fellow. His father competed as a hurdler, pole vaulter, and I think broad jumper here at the University back in 1910-11-12, so Jones comes from a family that has strong track competitive background to stimulate him. I thought you might be interested in knowing about this young man as I would if I were in a similar situation.

I hear from cadets concerning you quite often. They still think old man Novak has something on the ball. I find myself readily agreeing with them. It is a great lot of fun for me to sit down and look forward to the time when I can chew the athletic fat with you as we did in days of yore.

With all good wishes for your continued success, I am

Sincerely yours,

Director of Physical Education
Varsity basketball coach

RECORDED

July 17, 1945

Mr. Arch P. Naramore
Orpheum Bldg
Wichita 2, Kansas

Dear Arch, Sr:

It was generous indeed of you to write me as you did in your letter of the 16th instant.

Being Secretary of the Selective Service Board, Alderman from the 1st ward, President of the Lawrence Civic Action Council, President of the Lawrence Country Club, Chairman of the Lawrence War Nurseries, and Governor of Rotary district 123 together with writing Jayhawk Rebounds and head of the department of Physical Education and Varsity Basketball Coach, I find that my time runs out long before I get my work done. However I do want to let you know that I consider this a genuine compliment from you and if and when I have time I would like to attempt something that might be worthwhile to the boys.

I have a promise now to McGraw-Hill & Company who are publishers in New York to write a book on "The Treatment of Athletic Injuries." I have put that off from time to time due to the war work that I find myself in.

I just returned from Topeka this morning from a trip concerning the rehabilitation program for returning veterans. A lot of committee work of this type makes me seem busier than I have ever been in my life. I don't know whether I am busier or whether I just assume that I am. Anyhow I always find it easy to keep out of mischief as I have no time for it.

Again thanking you for your kind words and the confidence expressed in me, I am

Very cordially yours,

Director of Physical Education
Varsity Basketball Coach

Dear Phog:

I have just finished reading Rebounds No. 17, and have read all others I have received. I marvel at your ability to write and express yourself - and - especially at the broad and interesting experiences you have had.

Which is the occasion for my writing this letter, and the suggestion I have to make.

Why dont you write a book - an auto-biography?

I feel that with the high ideals you have always maintained for the boys, teaching them to win honorably and honestly, incorporated in a book with your experiences, would tend to raise the moral and spiritual standing of our boys. In my opinion, it would be a best sellerr among the boyhood of the nation.

Illustrations of what I mean - The "Dream touchdown" in Rebounds No. 17. Your references to T. P. Hunter. I still recall the speech you made before our Rotary Club a number of years ago, and your reference to your own son. You have the ability of clinching your stories in a manner that they are not forgotten. With all your years of experience, you doubtless have a big fund of anecdotes, not only in basket ball, but along other lines.

I have talked with many a fellow who was coached by you or came in contact with you, and never have I heard one say anything except favorable words. You already have a following that would assure the success of the publication.

You now have an excuse for doing this - a request. I do hope, for the good it will do, that you will give it some thought.

This letter is not for publication, and no reply is necessary, and, I am sending you every good wish for your continued success.

Sincerely,

Arch P. Naramore

ALLEN F. HARRISON, KU 1000

July 13, 1945

Miss Mary Nettles
University of Kansas Hospitals
Kansas City, Kansas

Dear "Mimi":

Last Sunday Mr. Mee phoned me saying that he had heard the rumor of your illness. I called Dr. Andrew Mitchell, and Dr. Spencer Bayles, but neither were on duty Sunday. I then called Dr. Don Carlos Peete at his residence and told him of the rumor, and he promised to write me Monday morning, but to this date I have not heard anything from him.

I asked Mrs. Mee at noon and she stated that Mr. Mee was down at Osage City for the week, consequently she had heard nothing regarding your condition.

In my class in Community Recreation, I have Miss Frances Land from Lee's Summit, Missouri. She was in St. Joseph Sunday, and stated that she had heard of your disposition, but as to definite information she did not know the extent of your illness, so we are still stymied here. Dr. Bobby Allen left the hospital on July 1st as Lt. (jg) in the Navy Medical Corps, therefore I had to rely on information the best way I could get it. I would have called your father and mother but I didn't want to bother them calling for I knew they had enough on their hands in this busy life.

I am sending you a copy of the Jayhawk Rebounds in which you and your father are mentioned in the first paragraph.

I trust that you are well enough to hear at least a part of it from your mom or someone who will read it to you. With kindest personal regards, I sincerely wish for your speedy recovery.

Sincerely yours,

Director of Physical Education
Varsity Basketball Coach
