Mr. Frank L. Myers,
Asst. to Director of Athletics,
Kansas State College,
Manhattan, Kansas.

Dear Frank:

Confirming my wire of this morning, I will take care of all the details mentioned in your letter.

Our game starts promptly at 7:30 and usually is over by a quarter of nine. We have a demonstration between halves, but this will not run over to delay the game. So I am sure that you can get away in time to make your train. We will call the station between halves to check up on the train schedule and inform you whether or not it will be late.

We are calling the Hunsinger Taxi Company asking them to have cabs to meet you and to take you to the train after the game, and we are also checking with the cafeteria for your meal.

We have the darnedest band you ever saw - thirteen greenhorns and ten tinhorns! But I just want to know one thing - can Lieutenant Cochrane click his heels? If he can't it will not be necessary because his team is certainly clicking for him.

We will be glad to see you.

Cordially yours,

Director of Physical Education,
Varsity Basketball Coach.
